

S.B.C.C.

October 16, 1952

The Board of Governors at a meeting held last night seemed to feel that since the present administration had functioned smoothly this year they should be nominated along with other members' choices for next year. The Board wants it fully understood that this does not imply a "Russian Election" with one candidate for each office. They wish to encourage additional nominations.

The Fall Meeting will be held on Friday, Nov. 21st at the Brooklawn Hotel in Babylon at 8:30 p.m. The principal business will be the nomination of officers and Board of Governors for 1953. Five members are required for each nomination. Nominations may be sent in by mail (five signatures) to the secretary prior to Nov. 20th. It is hoped that all members will take full advantage of this right to nominate and elect the members of their choice.

A complete ballot will be mailed out and elections will take place in mid December.

After nominations are completed an entertaining evening of yachting color slides is planned. A similar evening last Fall was a great success. Several members have promised to bring slides and we hope others will too. An excellent projector and screen will be available.

Deadline for logs to be filed for the Cruising Award is November 15th. If you cruised at all this year, please write it up.

Have you taken a good photo of your boat yet? We will want them for the Yearbook early next Spring so get one into the Secretary now.

We welcome a new yacht to our Fleet. Bob Lawrence has brought a former Bay boat home from the misery of a life in L.I. Sound. It's the 32 ft. Crosby gaff yawl "Merlin" once owned by Commodore Brewster of Bay Shore, add it to your list as No. 770.

The Fall Rendezvous at Fire Island Pines was a success as far as weather and fun was concerned but the turnout was very disappointing. Strangely enough the members who have complained about too many races and not enough "family type" events were very much absent. The yachts LORRAINE, MORNING STAR, LIVELY LADY, EVERIE, MARY CLYDE, TANG TRADE WINDS AND SOUTHWESTER moored in company with the three "naptha yachts" owned by Fred Collins, Ed Newhouse, and Olly Howell.

YACHTS FOR SALE

Added to last list
