SOUTH BAY CRUISING CLUB

July 1963, No. 5.

RACE RESULTS

Great South Bay's usual ideal racing weather has been nonexistent thus far this season. There's either been too much or too little wind. The Bay Shore and Babylon Yacht Club Invitations were all but blown out; the Ladies and Lightship races suffered from lack of same, with the latter having to be called at the first mark.

It is hoped that the next race, The West Island on Saturday, July 27, will fare better. Details on course and starting time are in the yearbook, and as usual some boats will rendezvous the Friday night before, and some on Saturday night after the race, in Great River.

At present writing, the sea dog contingent is still out cruising. From a brief visit (BY CAR, YET!) to the cruise at Threemile Harbor by your correspondent, things seemed to be going on as normal...and readers will know what that means! We will have to wait for the next issue for the hilarious report from Commodore Beinert and Cruisemaster Peck as soon as they get their anchor lines untangled.

Following are the results of the races as yet unreported:
