From The Masthead

SOUTH BAY CRUISING CLUB

EDITORIAL DEPT.

For some idiotic reason we sailor types consider ourselves secure against all the ills the flesh is heir to, particularly when on a boat. Cousins, it ain't so. Your Corresponding Sec. had, on the Bay Shore Race, the experience of having a member of the crew start a heart episode, I believe that is what the modern jargon calls it. We were unaware of the exact nature of the difficulties but began to suspect that some heart involvement was present. We were fortunate on several counts, we were close to the Y.C. and Doctor Robert Glinick was immediately at hand to direct a course of action. We were unfortunate in that we did not have any supportive medicines to administer and lacked the knowledge of what symptoms to look for. Our crew is, happily, on the mend for which we thank God.

This, then, leads to our editorial.

All of us carry a first aid kit of sorts but in cases like this or of pain sufficiently great, and resulting from an accident so as to render one incapable of mobility, these kits would be as much use as a broken spar. A fair portion of our membership, Uncle John included, are of an age where there is a statistical basis to take all possible precautions and carry with us supportive medicines. I am sure that your family doctor would be happy to fill you in on both literature and needed drugs. Let us not, in the words of Dr. Glinick, be heroes.

"Yachting" is republishing an updated version of Dr. Paul B. Sheldon's "First Aid Afloat". It seems to cover all foreseeable contingencies and recommends procedures. It will be available August 1, 1964 and if you send two bucks to "Yachting" 50 West 44th Street, N.Y., N.Y. you will be taking your first step toward safer racing and cruising.

BAY SHORE RACE

June 20 brought forth cruising auxiliaries to compete in the first invitation race of the season. The weather, before the start, looked like it would suit Lady Lou V just fine but the clouds to the west brought in a spanking, fat breeze that seemed to reach twenty knots or more at times and was a leetle too much for some.

Numbers 176 and 313 did not have handicap information completed.

The SBCC Ladies' Day Race

June 27 saw winds as variable as a lady's mind and temper. However, this is the day when the ladies upset the form and live to crow through the season or be scorned by the skippers until the 1965 race. It has been recommended that a Staff of divorce lawyers be made available at the finish line.

CLASS "A"

SPECIAL EVENTS

The Westhampton Yacht Squadron, and ain't that a pretty name, will hold the Second Annual Old Timer's Race on July 26, 1964. Catboats designated AA, BB, A, B, Gil Smith "P" Sloops, MB Sloops and Shore Birds. No altered Cats permitted.

All over at once and some handicapping system will be used.

Call Dr. Seth R. Jagger, M.O. Westhampton Beach as soon as possible.

Entry Fee = \$5.00

No Bilge Sweepings this month because nobody has anything to sell or give away.

FLASH !!

Phil Saccio with Peter Farrell and Robbie Paterson crewing, representing the SBCC - just won the Western Great South Bay Junior eliminations. Along with the other three top crews in Western Great South Bay he will go on to the Bay Junior Championships.

Wednesday Invitation Races at B Y C

Beginning on Wednesday afternoon, July 8, 1964, The Babylon Yacht Club invites all midget and junior skippers of surrounding Clubs to participate in regularly scheduled Wednesday races to be sailed on the Babylon course.

These races will consist of two series during July and August with appropriate prizes for each.

The "CHALLENGER" Series is scheduled for the following dates: July 8, 15th & 22nd. In addition to series trophies for all classes, specially colored pennants will be awarded for each race. 1st, 2nd & 3rd prizes for classes of 9 boats or over. 1st & 2nd prizes for classes of 5 boats or over and 1st prize for classes of less than 5 boats.

The "DEFENDER" Series will be sailed on August 5th, 12th, 19th and 26th. Series winners will be judged on the best 3 out of 4 races. Trophies for each class in the series. Pennants for each race.

Races start at 2:00 P.M. Consult Race Committee for class starting times and course information.

Good July to you all, Uncle John.

SBCC

JULY 4th RACE RESULTS

The Babylon Y.C. Invitation Regatta saw over three hundred one design and cruising yachts turn up for the most glorious 4th in recent history. 46 cruising types raced; by far the largest turnout ever at Babylon.

Cool, light, nor'westerly breezes prevailed with a short threat of rain and squalls that never came.

Class 'A' order of finish on corrected time.
