From the Helm

William Grauer

Hello Mates,

The nominating committee has prepared a slate of proposed officers for the upcoming two years. This slate can be found on page 16 in this Masthead. The committee consists of;

Rev Richard Parker, Chair
Lee Christiansen
Sally Eilbeck
Joyce Gotard
William Grauer
Frank Peter

And, from the By-Laws;

"At least one month prior to the Annual Meeting of an odd numbered year, the Nominating Committee shall mail to all voting members of the Club a proposed slate to be voted upon. Additional names may be added to this slate if submitted to the Nominating Committee in writing ten days prior to the Annual Meeting by any fifteen voting members of the Club in good standing."

Regrettably, Bob Forman, Rich LaTorre, and Bob Sheppard have decided to step down from their positions as elected Board members. On behalf of the entire club I want to thank them for their many years of

contributions to the Board and to the club. However, they all indicated that they would remain active in the club and would continue to contribute to the board - but not as elected members.

Bob Forman has alerted us to a significant shoaling problem in the Fire Island Inlet. At times the depth has fallen as low as four feet. Since we are not the only boaters affected by this problem, Bob has been in touch with the Captree Boat Owners Association and with the Coast Guard. Everyone spoken to agrees that this is a serious problem and that this needs to be addressed quickly. The problem is - as always - "Show me the money". At our last board meeting Bob introduced the head of the Captree Boat Owners Association, Mr. Paul Risi. Paul gave us further details as to the location and extent of the problem and he suggested that we, as individuals, and as a club, write letters and make phone calls to the appropriate government officials. With enough support we hope that the officials will find the money to fix this problem now. Bob will pass on the details via this publication and also via emails. Please support this effort so that we do not find ourselves like fish in a land-locked pond.

From the Fleet Captain

Della Bucher

The 2009 rendezvous schedule is drawing to a close. We've had a not so great season weather wise with 15 weekends of rain, 2 of which included high winds and a wild bay. Not only that, but how about a cool -- cold June & July!!! All was not lost though, because our intrepid sailors came out to support the rendezvous hosts. To those of you who braved cold, wind, rain, and whatever else weather threw at us -- You are all **GREAT**.

There are a few more rendezvous left in this season, so please check the schedule. The last rendezvous place, hosted by the Eilbeck's has been changed to Atlantique. Please mark that change on your yearbook calendar.

For any of our sailors heading south for the winter have a safe and pleasant trip. Send a postcard along the way.

And so my fellow sailors, come on out and enjoy these last few weekends before we have to put our boats to rest for the winter.

Wow - time does fly..

SBCC 2009 Photos Needed!

The 2010 Yearbook Committee is asking all SBCC members who have photos of 2009 SBCC activities, that they wish to contribute to the 2010 Yearbook, to please email them to: Mike Duffy at mtduffy51@msn.com - if they are between 5 and 10 megabytes.

If over 10 megabytes, please mail a CD to Mike. Mail CD to:

- >
- > Mike Duffy

- > Thank You

From the Regatta Captain

John Holst

The Twilight races are all wrapped up. The End of Season After party at Mary Carroll's was well attended, by over 50 racers. The hot buffet was delicious. All the trays were devoured, so I guess everyone enjoyed the selection. Thanks to Conor for his hospitality. Also thanks to Mike Goodman and crew for acting as race committee. Unfortunately, there was some miscommunication with the scorer and some database entries which took until the next day to correct, so the results were not meaningful that night. Congratulations to Paul Rendich (Spin) and Steve Penny (Non-Spin) for winning Wrap up 4.

During the season 12 boats competed in the Babylon Spin class and 26 in the Non-spin class. In Bayshore a total of 16 boats competed. Great turn out thanks everyone for participating!

The Smith Distance race attendance was very light, 3 spin boats and 2 non-spin. Hooch won the day covering the 17 mile course in 3 hours and 15 minutes. Using corrected time, the next closest boat was 12 minutes behind. Way to go Hooch!!!

October has some fun races on the schedule; Discoverers on Saturday the 17th, Last Chance Sunday October 25, and the First Fall Series/Halloween Race on the 31st. All start at noon.

Following the Halloween Race we will gather at the BYC. We plan to collect \$5 per person for pizza and drinks. We will have a costume contest with 3 categories; Best Individual Costume, Best Costumed Crew, and Best Decorated boats. I need 3 volunteers to judge the event, please call or email me if you're interested. Thanks!!!

Thank you to all the race committees and scorers for a great job. We all really appreciate your efforts, hard work, and the timeliness of the results.

See you on the bay!

John

NOAA's Experimental BookletChart™
(<http://ocsddata.ncd.noaa.gov/BookletChart>)

NOAA is offering an interesting service: standard nautical charts that are available in booklet form in pdf files

The experimental BookletChart is made to help recreational boaters locate themselves on the water. It has been reduced in scale and divided into pages for convenience, but otherwise contains all the information of the full scale nautical chart. Bar scales have also been reduced in scale, and are accurate when used to measure distances in a BookletChart. Print as many copies as you like. Use them at home and on-board.

Fire Island Inlet Notification

Save Fire Island Inlet - Your help is needed

Yes FI Inlet is shoaling up and in danger of becoming completely useless. Our Gateway to the outside world is in danger of being closed. Right now there are spots between Buoy 6 and Buoy 4 that are less than 4 ½' feet at low tide. The Inlet which is supposed to be dredged every two years has not been dredged since 2007. This combined with significant winter storms and the erosion of the beaches along Fire Island has resulted in severe shoaling of the Inlet. I have been using FI Inlet for the past 35 years and this is by far the worst that I have seen it. I and several other members of the Club have hit bottom while transiting the Inlet. If the Inlet is not dredged it will become completely impassible. With the shoaling of Moriches Bay blocking us on the east the only other option we would have would be Jones Inlet.

Your help is needed to help solve this critical problem. Approximately \$10 million in government funds are required to finance the dredging of the inlet. The plan that was adopted by the Board is to support the efforts of the Captree Boat Owners Association, which has gotten the attention of our senators, representatives and local representatives. You may have seen the articles in the Newsday about their efforts. At this point the issue is clear and understood, but the money is not forthcoming

What is needed is for each of us to write to our federal, state and local representatives. For example for me that would be: Schumer and Gillibrand, Israel, Owen Johnson, Phil Boyle. Everyone should write to Sallie Fields, even if she is not your representative as she is a strong driver and supporter of this effort.

Your letters should be either handwritten or typed. It is necessary to stress the importance of the Inlet to you, the cruising Club and the Community as a whole. Try to include points that may not be mentioned by others, especially for each individual representative after writing the letter, FAX it to them, and then drop it in the mail. After a few days, call their local office and ask if they have read it you may not get the representative but should get to speak to one of their aides, and discuss it briefly to insure they did, and make sure they understand the issue. Provide them with contact information the letter and on the phone call, so that they may follow up with any questions or potential solutions. Keep the contact open every week or ten days, if it is convenient.

The websites to identify your representative and their address and contact information are:

Continued from page 1

There are some changes to dates and/or locations for our events. These are:

The last rendezvous for this season will be held on October 17, 18 at Atlantique instead of at Hemlock.

The Fall Boatyard Party will be held on November 7 at "Cook's Boatyard" in Bay Shore. There will also be a General Meeting and election of officers at that time. Invitations will be mailed shortly.

The Holiday Party will be held on Saturday, December 12 at the Sayville Yacht Club.

I've often heard some of our members talk about the friendly and helpful people they meet on a cruise. I will share my own pleasant experience. I had an opportunity to go on a short cruise to Newport a few weeks ago, aboard my P-26. I left from the Shinnecock marina north of the locks. The first day I sailed (Oh, excuse me - motor-sailed) through Peconic Bay to Three-mile harbor. The next day I went to Fisher's Island in the morning, fueled up, and then took advantage of a favorable current to flush me all the way to Newport. I was comfortably at anchor off the Ida Lewis YC by 1830. After a few days in Newport I went back to Fisher's Island, with a short lay-over in Stonington. I picked Three-mile harbor and Stonington as destinations because I had never been there before. However, I chose to spend the night at Fisher's Island because I wanted to explore some of the Island by renting a bike. When I got to the Island, in mid afternoon, I went back to the fuel dock - this time, just for ice. I wanted to get either a mooring or a dock space from the FIYC (as I did last year with the 2-week cruise). However, I found no one at home at the YC. So, I asked the proprietor of the adjacent fuel dock, Ed Riley, where I could pick up a mooring and where I could rent a bike. Ed was extremely helpful. He told me the lady who rents the

 30 - SBCC Board Meeting, 1930, East Islip Library

December

12 - SBCC Holiday Party, Sayville Yacht Club

Continued from page 6

bikes is closed for the season but he would call her and see if she could make an exception and open for me. This nice lady said, "Just go to my home and pick out the bike you want and leave the money in an envelope under the door". Ed Riley drove me up to the house and made sure that the bikes were in good condition before he left. Also, he allowed me to tie up to his floating dock - gratis - as long as I vacated it by 0800 the next day. Ed gave me some other helpful tips about what's on the Island. I believe Ed knows every full-time resident of the island. So, next time you're on Fisher's Island, stop by the Mobile gas dock and say hello to Ed.

Unhappily, I am sorry to report that Harriet Rosenberg died last month. She died peacefully after a long bout with kidney failure. Harriet was the wife of Bud Rosenberg, the SBCC Commodore in 1976 - 1977.

Additionally, Adrienne Tesoro's Dad, Ed Farrell, has died last month. Ed was very active with SBCC and with the BYC and was involved with the Fleet 33 Blue Jays, building at least two; one each for his son and daughter.

Please remember the Rosenberg and Tesoro families in your thoughts and prayers.

Bill

From the Rigging Locker

For Sale: C&C 25 *Sunshine*

Launched in 1974, Spinnaker gear, Dacron sails, 4 Cycle 8 HP engine, GPS

Price: \$8,000

Contact: Marty Kind at 631-661-4070 or vkind 504 @aol.com

For Sale: 1988 27' Island Packet *Lady Barbara*.

Cutter rigged, full keel, centerboard, many extras. Original Owner

Price: Mid 40's.

Contact: Jack Levitsky at 724-5855

For Sale: Standard Horizon, submersible multi-band marine portable radio. Send/receive on marine VHF and FRS. Listen to NOAA weather channels, standard AM, standard FM, aircraft (AM VHF) and MURS (multiple-use radio service) bands. In brand-new condition. Comes with radio, 110VAC power adapter, 12VDC power adapter, and recharging base that also enables connection to external GPS device for DSC emergency calling.

Price: Make an offer, sells for \$220 on eBay. **Contact:** Rich Troy at 516-935-5367
