SOUTH BAY CRUISING CLUB

March 2020

FROM THE HELM

Charlie Margeson

Fellow SBCC Members & Associates,

I don't know about you but this is always a tough time of year for me and February is certainly the low point. I usually head into the winter season with all good intentions: haul and winterize *Shadow*, put the cover on and head home for the Holidays. I look forward to catching up on my reading (yes, that pile of mags and manuals that always seems to build up in the fall).

But by early February it begins. I start pulling out pictures and videos from last year. The late afternoon sail with Janie on the lee rail with her feet in the water, the one or two memorable races, some great Pirates RV photos (thanks Steph!), the Discoverer's Race after-party at Atlantique, the video of a quiet spinnaker run home from the bridge—well, you get the picture.

I know I'm not alone here, by mid-February talk with friends seem to go to highlights from last year and plans for upcoming summer cruises, vacation schedules and boat projects needed. I noticed that a few of the smart SBCC members take a February break and head to Florida to visit with our fellow SBCC South members. Good call. I need to remember this for next year!

But I have to admit to enjoying the SBCC planning and activity here also—the Yearbook Committee meetings to review all the photos and help pick the best for the upcoming issue, discussions with Hospitality on planning parties and meetings for the season, RV and new race schedules being made up, and so on. The upcoming Programs, Seminars and Awards Parties (please see the latest schedule) will all help us get through the winter doldrums. And the Spring Party is always a highlight, seeing friends and fellow members for the first time after the long winter to catch up on all the news (and gossip).

I'm really looking forward to the upcoming events and hope to see some of you there (if you are not one of the lucky ones still in Florida!).

Upcoming Events

- **2/28—Racing Awards at the Seagull, 7 pm**
- **2/29—Bob Forman's seminar about his trip last summer to Nova Scotia, 2 pm, West Islip Library**
- **3/19—Cruising Awards Dinner, Tres Palms in Babylon, 6:30pm**
- **3/28—Eric Forsyth's seminar on Long Distance Cruising, 2 pm, West Islip Library**
- **3/30—Board meeting, 7:30 pm, West Islip Library**

Also, as you read through the Masthead, note that we are planning more racer/cruiser combination events this year (races with Corinthian classes and races finishing at RV's). This was much more common in the past and we are hoping to bring this back going forward.

And as you start thinking about plans for the upcoming year, also give some thought to a Committee you may want to join to help out. It's such a great way to meet other members, develop friendships and help our club be even more successful than last year.

Now I better get back to my reading, I still have plenty of magazines to get through and spring is (hopefully) right around the corner!

Fair Winds,

Charlie Margeson

2019 Racing Awards, Friday Feb. 28th

Please join us on Friday, February 28th at Seagull Bar (301 Bergen Ave. West Babylon) at 7 p.m. for our SBCC 2019 Racing Awards.

Upcoming calendar:

- There will be a skippers meeting on Tuesday May 5th at 1900 at the West Islip Library.
- Our first port-to-port race will be the Spring Invitational to Atlantique on May 16th.
- The Creepstakes single-handed Race will be May 25th with the addition of a double-handed class once again this year.
- The Tuesday Night (BSIR) Bay Shore Invitational Races begin on June 2nd at 1900. The Babylon Twilight Series begins on Thursday June 4th at 1930.
- The Commodore's Cup will be sailed in both Babylon and Bay Shore. The first race is Tuesday June 23 in Bay Shore and the second race is Thursday July 16 in Babylon. Our hope is that the top racers will compete in both venues to determine an overall best sailor.
- We are encouraging our racing boats to rendezvous and our cruising boats to race by offering a Corinthian class in many of our venues. We are offering our first Great River Pursuit Race on August 15th that will bring our racers and cruisers together.

- The West Island Race will have Spin, Non-Spin, and Multi-hull classes again this year on August 8th.

Photos by Eric Winberry, who writes: Been sailing a lot again this winter especially since it's been so mild. I also invested in a new camera and a wide angle lens. The extra wide angle really captures so much of the boat and rigging in the frame. With such a limited area of where to shoot pics on the boat, the wide angle has been really fun.

FROM THE PROGRAM CHAIR

Todd McCarthy

Hello SBCC Members,

Hoping everyone's winter is going well and you're thinking warm thoughts while planning the next boating season. In the meantime, I am proud to announce a US Coast Guard Auxiliary Boater Safety Course to members and friends.

The course will be given Saturday, March 14 from 9 a.m. to 5 p.m. at the West Islip Library. It is an 8-hour course that is very informative and will satisfy the NYS Safe Boating law requirement that is mandatory for all boaters by the year 2025. A certificate will be given upon completion.

There is a charge of \$40 for course materials. If a second person in your family is taking the course it's an additional \$20 per person.

Please respond to **Rich Tesoro** at naiad34@verizon.net to sign up and order course materials, and please indicate you're an SBCC member or friend. We have room for 60 persons. There will be a lunch break and coffee and tea, water, and light snacks will be provided. If you want to bring something in addition, please feel free.

FROM THE WELCOMING CHAIR

Michele Jaeger

It is a pleasure to welcome our newest member approved by the board on January 27. Martha Jean Sidebottom sails a 27-foot Pearson named *Espirit de Mer*, which is berthed in Bay Shore. Jean is just getting into the exciting sport of sailing and is very enthusiastic.

I know our seasoned club members will assist in her new endeavor and she will learn a great deal from them. Jean will find that our members love to share their expertise and have a wealth of valuable information to disseminate. We look forward to seeing her at many of our functions, and we encourage our members to introduce themselves and say "Hello" to Jean.

FROM THE FLEET CAPTAIN

Mara Liesegang

The two-week cruise is heading to Narragansett Bay area, and hopefully attending the Providence Fire Water show on July 18th. Another meeting will be coming up shortly. Watch your emails for time and date.

I am still looking for:

- Cruise Leader(s) for the Two-Week Cruise
- Cruise Leader(s) for the One-Week Bay Cruise
- Rendezvous Host for July 18-19, which will be during the period of the two-week cruise.

Please step up to the buoy! (Plate)

NEWS YOU CAN USE: Reciprocity

Charlie Margeson

What is “reciprocity”? According to the Yachting Club of America, it is the state of being reciprocal; mutual dependence, co-operation, exchange of courtesies or return in kind, etc. one side in consideration of same by the other, from one yacht club to the members of another yacht club.

I’ve noticed recently that more SBCC members have upgraded to larger cruising boats and/or are retired with plans for extended cruising. I wanted to make sure our SBCC members are aware of a great option available as Club members.

The South Bay Cruising Club is a member of the Yachting Club of America, and as such, SBCC members are also members of the YCA, which was formed in 1963 as a national register of member yacht clubs to “serve the advancement of yachting.” Their directory lists member yacht clubs throughout the U.S., Hawaii, Virgin Islands and Alaska.

Note that the YCA website, and our username and password are listed on the first page of the SBCC yearbook.

Many of the YCA member clubs do provide reciprocity to other club members. I have spoken to SBCC members who have taken advantage of other club reciprocity privileges over the years. I have done so myself. It’s a nice opportunity to enjoy local yacht club hospitality when cruising new areas.

Here are some observations and suggestions I have gathered for those wanting to take advantage of this in the future.

Requirements for Reciprocity:

Note that there are varying levels depending on the club size, membership, location and status.

1. Some are very casual and presenting SBCC membership cards to the steward is all that is required.
2. Others will check the YCA Registry for SBCC membership and may require advanced reservations (especially for a slip or mooring).
3. Some are more formal and request Letters of Introduction from an Officer of the visiting Club and sometimes even from a member of club being visited. Contact the SBCC Commodore or a Flag Officer if needed.
4. There are a few exclusive clubs with no reciprocity provided. (Obvious ones are NYYC, Nantucket YC, San Diego YC).

By my rough estimate, approximately 90% of yacht clubs our members have visited seem to fall into the first two categories, 1 and 2.

Services offered:

Some offer clubhouse privileges for showers and ice, some also include dining room and bar access, and many have transient slips or moorings and launch service available on a first come/first serve basis.

Suggestions:

- Always carry and present your SBCC membership card.
- It’s best to call and make reservations, especially for slips and moorings and especially during the high season. Some clubs will require this (a two-day notice requested) and this is a courtesy you should extend.
- Many will accept visiting yachts on the day of notice, just call ahead by phone or radio when you arrive.
- Be respectful of club policies. These will vary by club and location. Ask about dock rules, slip/mooring time limits and dining room/bar requirements. Some clubs will require jackets, collared shirts, long pants and dresses for the dining room. Whether you agree or not, it’s their rules.
- Tip the launch service, compliment the steward, offer a drink to the officer in charge if possible.
- For the SBCC, the Snapper Inn has always allowed us to name their facilities as our clubhouse for reciprocity purposes (a good reason for SBCC members to frequent their restaurant).

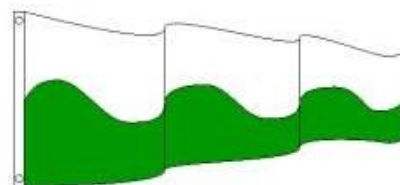

Finally, remember that you are a representative of the SBCC, so please make it a positive experience for all. It will set the stage for future SBCC members also. This is a great way to occasionally expand your cruising experience when off-bay and please share your experiences with us through the Masthead.

Thanks and please let me know if you have any questions.

SEASONAL RECIPES

by **Flori Grottoli**

All Things Green on St. Patrick's Day

One of the most celebrated days of the year has to be St. Patrick's Day, dedicated to the patron saint of Ireland. And anyone who's ever been part of the celebration knows that green is the official color of the day.

So for this recipe, I wanted to make something green and yummy, something that can be made at home and taken to a party, something that would go well with green beer!

Spinach Balls Appetizer

Two 10 oz. packages of frozen chopped spinach, thawed
Two cups Ricotta cheese, strained of its water
Two tablespoons grated Parmigiano Reggiano
Four eggs
One pat of butter
Olive oil
Plain bread crumbs
Flour
1/2 small yellow onion, finely chopped
One clove garlic
Salt, Pepper, Nutmeg to taste
Cooking spray

Place butter, olive oil, garlic and onions in a nonstick pan over medium-low heat. Allow onions to soften, but not brown. Add spinach and lower heat.

Salt and pepper to taste, allowing spinach to cook thoroughly, approximately 10-12 minutes. As it wilts, the spinach will produce some liquid. Turn up the heat for a few minutes and allow the liquid to evaporate. Once the spinach is cooked, remove from heat and place in a colander to strain all remaining liquid. Squeeze spinach with a fork to force out all its liquid. Cool thoroughly.

ach with a fork to force out all its liquid. Cool thoroughly.

In a glass or SS bowl, place ricotta cheese previously strained, two eggs, 2 tablespoons of grated Parmigiano cheese, the strained and cooled spinach, 1/4 teaspoon of Nutmeg and 1/4 cup bread crumbs. Using a hand mixer, mix well all ingredients until it becomes creamy and dense. The consistency should be like mashed potatoes. If your filling is too loose, add equal amounts of grated cheese and bread crumbs until desired consistency is obtained.

Prepare three bowls; one with flour, the next with two whisked eggs, the last with bread crumbs. Also prepare an oven pan, covered with parchment paper and thoroughly oiled with cooking spray.

Using an ice cream scoop, form a ball from the spinach mixture and place it into the flour. Flour thoroughly and pass through

egg mixture and finally in bread crumbs. Place the ball in pan and move to the next.

*I also used some of the spinach mixture to make a loaf. At the bottom of the oven pan, place a sheet of parchment paper and oil thoroughly with cooking spray. Cover the parchment paper completely with bread crumbs. Place mixture over the bread crumbs. Top spinach mixture with another layer of bread crumbs.

Place into a preheated oven at 350 degrees. The appetizers are ready when the breading has browned.

This appetizer can be prepared ahead and warmed in the oven before serving. It's best hot, but it will keep in the fridge for a couple of days, wrapped well with plastic wrap.

Also, I baked these spinach balls but they can most certainly be fried. To make them even more yummy, add a small piece of string mozzarella in the center of the balls.

*May your joys be as deep as the oceans
Your troubles as light as its foam
And may you find peace of mind
Wherever you may roam.*

RIGGING LOCKER

Serious docking solutions! \$1,000 or best offer

Tired of fiberglass repair? Tired of spending money on fenders? Here's your alternative:

A pair of mooring arms that swing up, down, forward and aft, yet still position your boat a safe distance from the dock. These arms have worked for an 18,000-pound displacement boat that has survived many gales and hurricanes, including Sandy when the boat NEVER hit the dock!

These spars apply continuous variable pressure. Spring lines keep the boat from moving too far out of position. Base pulls the spars up and out of the way when not in use. Each spar incorporates a bow and stern line to cleat to your dock for easy retrieval for boarding.

Key Features

- Mooring arms are 7 ½ feet long, crafted from high quality heavy-duty aluminum
- Fixed bases made of stainless steel, bolts included
- Designed for fresh or saltwater use, low wake areas and non-tidal regions
- Ideal for any side-tie or other docking situation involving wake or surge action which would otherwise push your boat against the dock
- Provide reliable protection against costly dockside and seawall damage
- All you need are shackles and lines and lag
