FROM THE HELM

Stephanie Pizer commodore@sbccsail.org

On April 26, I hosted a third Commodore/New Members lunch. It was great to get to know new members, some of whom I have never met. It's also a good way for them to get to know each other so when they attend a race, rendezvous or party, they will already know some members. Attendees were from left to right: Carrie Vasiluth, Jose Martinez, Berenice Gomez, Greg Schneller, Joe Nador, Eileen Mayor, Jim Mayor, Welcoming Committee Co-Chairs Sandy Carlberg and Michele Jaeger and me. Jay took the picture. Sandy & Michele arrived early, bearing a salad and pie. They helped get everything ready. Jay, Sandy and Michele were a **huge** help and I am grateful to them. We all had a great afternoon talking and getting to know each other over sandwiches, Caesar salad, broccoli salad and a homemade blueberry apple spice pie Michele made.

Now that rendezvous season is here, I will be out on the boat every weekend possible and will host another new member lunch after the season is over.

bring together the owners of cruising boats on the Great South Bay. On June 11, 1951 (almost exactly 75 years ago), those three friends gathered twelve additional skippers together at Babylon Yacht Club. They came up with the basis of SBCC. They decided there was no need to consider a fixed base for the club because the early members already belonged to local yacht clubs where their friends and guests would be welcome for social gatherings. At that first meeting they established dues and voting structure and the first Commodore was chosen – William P. Carl, Jr.

The entire article is an interesting read and I suggest you take a look. A more recent article on the website is under Table of Contents/Presentations. Scott and Wendy Gesele have posted charts and aerial photos of each rendezvous destination on the bay – well worth a look.

I look forward to see you at the next rendezvous. Let's have a gorgeous, safe summer on the bay.

Have you ever noticed on the Club website under Table of Contents at the top, the article In the Beginning... The Early Years of the SBCC? This was written years ago by Gene Reardon. It's worth a read. I found it very interesting. Long story short, three friends in Babylon came up with the idea of forming an organization to

FROM THE HOSPITALITY COMMITTEE**Farley Nachemin**

We launched the season with our Spring Party on Sunday May 12. It was great to see so many new members join us and get to mingle with the the "old salts" of the club! This is always a terrific way for members to mix and meet each other! A special shout out to new members Diane and Chuck Ulrich who hosted this party and did an outstanding job!

The Spring Party is also the time when we distribute the new 2026 Year Book. This is the best "party favor" one could ask for. It is a great reference book with all of the important club and membership information. Thanks to Jay Pizer for all the hard work to get the Year Book ready in time for the Spring Party.

It was a beautiful, if not a bit cool day at the Bay Shore Yacht Club and we were pleased to welcome BSYC Commodore Brian Campbell who also joined us, as a guest of SBCC Commodore Stephanie Pizer. We are very fortunate to have a great partnership with BSYC and we always appreciate their hospitality.

Congratulations to the lucky winners of our Raffles and 50/50! These are always fun to participate in and help us fund the parties.

The next big event is COMMISSIONING DAY - the "official start of sailing season". The Commissioning Day party is Sunday May 31 at 1200 hours at Bay Shore Yacht Club. This is our annual SBCC Bar BQ with all the "fixings".

We will also hold our Annual Commissioning Ceremonies and General Membership Meeting.

PLEASE JOIN US!

FROM THE YEARBOOK COMMITTEE**Jay Pizer**

The 2026 SBCC Yearbooks should be arriving soon, if you have not received your copies yet. I hope to have them all delivered well in advance of Commissioning Day.

In honor of our seventy-fifth-year edition, we have created two different covers. So, members will get one of each. I wanted to avoid any confusion, so no one thinks that they are going senile, having recalled a different cover at home than the copy they see on their boats! The interior of both books are identical.

I hope that everyone enjoys this year's issue. Please be sure to read our collection of recollections from club members, the Liesegang's recounting of the first leg of their exciting journey on the Great Loop, Gary and Ted's BSIR account and the Reichel's Racing on and off the Bay story. I do not know how Jim and Will do it, but their wonderful stories get better every year! This is undoubtedly the best one.

FROM THE WELCOMING COMMITTEE**Michele Jaeger and Sandy Carlberg**

The Welcoming Committee has been helped considerably by Commodore Stephanie Pizer's hosting luncheons for small groups of new members. The intimate atmosphere encourages positive familiarity so that it becomes more inviting to attend SBCC functions. We are always open to questions regarding any protocol. If we can't answer your question, we will put you in touch with someone who can.

FROM THE FLEET CAPTAIN**Eddie Anderson**

The most up-to-date Rendezvous Schedule has been posted on the SBCC website. As the season progresses, it is inevitable that changes will be made. Please refer to the website for the most up to date information.

The first Rendezvous of the season was at Sailors Haven. The RV hosts, Christine & Rob Smith sent the following:

We are proud to report the results of the 2026 opening RV at Sailors' Haven. While only two boats appeared - Scott and Wendy Gisele on Haven and Robert and Christine Smith on SailSmith - the festivities reflected the weekend theme of the Kentucky Derby. The race was live-streamed by iPad along with mint juleps and hot browns - Long Island style! (cold). The weather was ideal until heavy seas took over the midnight hours pounding the boats. Sea conditions were reported as building winds with 25 mph gusts and moderate to rough seas with 3 foot waves. A small craft advisory was issued. FDR is credited with the phrase "smooth seas never made a skilled sailor!" Braving this storm, SailSmith was the only boat in the marina while Haven anchored in the bay. Despite the weather, the photographs show sails and smiles all around.

Regatta Committee Report

Spring is finally here and May kicks off our SBCC race season with a busy schedule.

-Monday, May 11: Don't miss the pre-season Skippers Meeting for racers at 7:30 pm at the West Islip Library. We'll be presenting the schedule and discussing changes to our program for 2026. Spoiler alert: racers, cruisers & crew members are all invited to attend!

-Saturday, May 16: The Spring Race to Atlantique. It's a Bay Shore Pursuit start at 12:00 noon. This is a great excuse for a shakedown/tune up race (are those jib sheet leads correct, mainsail outhaul tight, etc!). Pull into Atlantique for an afternoon post-race beer/lunch and awards party with fellow racers before heading home. You can also stay overnight (pack a cooler and sleeping bag) and join Duncan & Barbara Burns for the SBCC Fall Family Weekend Rendezvous. Great stuff.

-Tuesday, May 26: the 2026 BSIR series commences with their first race of the season- Spring #1.

Of Note: Congratulations to Ted & Gary who celebrate their 10th season this year managing what has become the best PHRF race series on the Bay- the BSIR. Even US Sailing was interested in their approach to adjusting each series to fine-tune the fleet handicaps. Kudos guys!

SBCC Handicap update- please check your handicap status on the racing website.

Our 2026 racing schedule is in the yearbook and on the SBCC & racing websites. Pick a few races, come on out and join our racing fraternity, it's a great group!

See you on the bay (and on the starting line!)

Zucchini all Scapece

Flori Grottoli

A classic of the Neapolitan cuisine, scapece is a cooking technique by which zucchini is fried and then marinated in vinegar. The dish is typically made two days ahead, allowing it to marinate properly and reach its flavor peak. It can be served as a warm side dish to chicken or sausage, as a cold appetizer on crunchy crostini bread, or as a condiment on pizza. But my favorite use of scapece is in a sandwich....a ciabatta roll with a slice of fresh mozzarella and some scapece, or frittata and scapece, or mortadella and scapece, even roast beef and scapece is fabulous!

I always fry my zucchini for scapece because I love to taste the olive oil sauté. However, the zucchini can very well be roasted in the oven and the outcome would be the same. I have listed both methods below. See which one you prefer.

Ingredients:

- ✿ 1 large or 2 small garlic cloves, chopped fine
- ✿ 1/4 cup finely chopped fresh mint or fresh basil
- ✿ 1/2 cup white wine vinegar
- ✿ Olive oil for frying or roasting
- ✿ 6 small-to-medium zucchini
- ✿ 1 teaspoon fine sea salt
- ✿ Extra-virgin olive oil for dressing

Instructions for frying technique: 1. Combine the garlic, mint/basil, a tablespoon of olive oil and vinegar in a bowl. Whisk together and set aside.

2. Trim the ends off the zucchini and slice into rounds about 1/4 inch thick or slightly thicker. I used my mandolin which made the process quick and the slices all the same size. Layer them between sheets of paper towels to absorb the moisture found naturally in zucchini.

3. Prepare a baking sheet lined with paper towels to absorb the frying oil. Pour 1 to 1 1/2 inches of oil into a deep skillet (cont'd)

Zucchini all Scapece

Flori Grottoli

or heavy-bottomed saucepan and heat on medium high flame. Fry the zucchini in small batches until golden brown. I use a wire skimmer or perforated spatula to turn them once or twice as they fry. When nicely browned on both sides, transfer them to the baking sheet to drain. Sprinkle lightly with sea salt.

***If you prefer to roast the zucchini instead of frying them, toss the zucchini rounds with plenty of olive oil and roast at 450 degrees for about 20 minutes until slightly charred on both sides. Salt to taste. Place the zucchini in a shallow bowl and pour the vinegar marinade over them. Toss gently with a spoon to coat well. Taste and adjust salt or add a little more vinegar if you like a strong pickled flavor. Let the zucchini sit at room temperature for 2 hours or cover with plastic wrap and refrigerate overnight.

I made them as a condiment on my pizza. Yummy!

This high-quality inflatable, hard-bottomed tender was purchased in 2017 and hasn't been used since 2020. She's been stored indoors, and is in need of a good yacht-tending assignment! John has also offered to donate 1/2 of the proceed to SBCC—a win-win for any club member in the market for a new tender.

Classic_{260/290/310}

Called the Classic range because these really are the perfect all-round tender that's also built to last.

The high quality finish and luxury look hides the fact that this range of tenders has been designed to work hard. A durable aluminium hull coupled with full length keelguards make these ideal for those beach-hopping days with friends and family.

The large weight savings achieved compared to equivalent GRP tenders means you'll enjoy impressive performance with smaller engines, and with excellent payload capacities the Classic range really does offer a tender for everyone.

FREE to a good home: 30' PEARSON WANDERER

Almost 25 years ago, my brother-in-law undertook the total restoration of his beloved 30' sloop. The boat has been kept in his warehouse/studio while it was meticulously undergoing a total refit with all new and up-to-date materials and equipment.

There is an extensive collection of new materials, including a new mast & boom, custom-made sails, rebuilt Atomic 4 engine, teak decking and electronics. The hull has been prepped for painting, including barrier coating.

His deteriorating health conditions are forcing us to find a new home for this potential gem. **Please call Jim Westpfahl (516-810-0547) for further details** and an opportunity to inspect the boat in West Babylon. Just move the boat and it is yours.
