"Connetquot River"

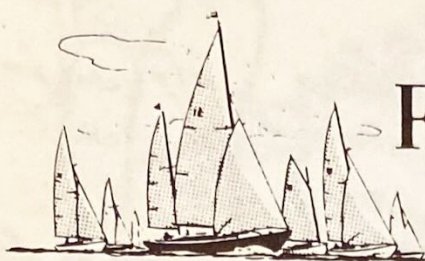

The SBCC Chantey

(To the tune of the "Codfish Shanty" — moderato con brio)
Great South Bay is mighty shoal, heave away, heave away
Our Commodore needs a sounding pole, O Connetquot River

Refrain

Heave away, my bully bully boys, heave away, heave away
Heave away, why don't you make a noise, O Connetquot River
Should the wind die out and engine balk, heave away, heave away
In our olde Bay you can always walk, O Connetquot River
Now South Bay gals have lovely gams, heave away, heave away
They get that way from treadin' clams, O Connetquot River
A sailing ship has right o' way, heave away, heave away
But don't be sure on Great South Bay, O Connetquot River

From The Masthead

SOUTH BAY CRUISING CLUB

Stretching for eighty miles along the south shore of Long Island are a series of bays, coves, rivers and streams. These are bounded on the north by the green mainland dotted with towns and villages and on the south by the great outer duned beaches. It is about mid-way along this stretch that one finds our Bay.

Thirty miles from east to west and only four miles from north to south, this Great South Bay has been the center of the shipping, boat building, clamming, oystering and fishing from time immemorial. The bay has a history of its own and from this, much of its tradition has grown. Today we still see much commercial water traffic using our Bay but the gasoline or diesel engine has replaced oars, steam, and sail.

But it is the skipper of the sailing cruiser who is mainly responsible for the continuance of the salty flavor of the bay. The bay has become an ocean for the cruising cat boats, sloops, cutters, yawls, ketches and yes, a few schooners. The bay can be a calm pond with a warm gentle southerly or grow to mountainous, rough, wind blown, white capped seas when a heavy wind continues blowing from the east. With her lovely little harbors of refuge, the bay affords some of the finest summer cruising for the auxiliary cruiser. The Cruising Guide is a valuable assistant to bay gunk-holing and should be aboard all our little ships.

So—enjoy the lovely cruising that our bay provides and help preserve its salient features and its tradition. Remember—this is your club run for your enlightenment and enjoyment—to promote cruising under sail.

Good Sailing,
Roger G. Ramsdell, Jr.
Commodore

Racing Information

RULES

Racing rules of the NAYRU shall govern except as otherwise specified in these instructions. Burgees and other flags may be flown when racing.

STARTING SCHEDULE

Signals will be made at five minute intervals with each signal lowered 30 seconds before the hoisting of the next. The visual signal governs; the gun merely calls attention to it. Except as noted otherwise in the course instructions below, classes will start as follows:

Time	Shape	Signal
:00	White	Warning
:05	Blue	Preparatory
:10	Red	Start, Class C
:15	White	Start, Class B
:20	Blue	Start, Class A
:25	Red	Start, Class M

RECALL

Recall signal will be one blast of a horn or whistle for each yacht recalled. A yacht failing to hear or heed such signal will be penalized by having one-half hour added to her elapsed time.

SPECIAL SIGNALS

"R" (yellow cross on red field)—Sail the reverse course.

"S" (blue square on white field)—Sail the short course prescribed in the course instructions. When flown after the start (accompanied by two guns) means finish between the nearby mark and the Committee Boat.

"P" (white square on blue field), accompanied by 2 guns—Starts postponed 15 minutes. Warning signal will be made 30 seconds after "P" is lowered.

"O" (red and yellow diagonal), accompanied by 2 guns—Race called off.

TIME LIMIT

Regardless of time of start, the time limit for each class will expire at 1800 for all races except as noted otherwise in the course instructions. If any yacht finishes within the time limit, it is a race for her class. Yachts finishing after the Committee Boat has left its station should take their own time and report it to the Race Committee as soon as possible.

COURSE INSTRUCTIONS

Bay Shore Invitation: Warning Gun—1300. Start established by Committee Boat off Lawrence Creek; to Nun No. 6, east of Captree Bridge, leaving it to port; to Flashing Green No. 1 off Bayberry Point, leaving it to starboard; to Flashing Red No. 4 off Nicoll Point, leaving it to port; return to finish line off Lawrence Creek. Course distance—12.0 nautical miles.

Babylon Invitation: Warning Gun—1300. Start established by Committee Boat off Willett Creek; to Flasher No. 7 off Oak Beach Channel, leaving it to port; through center span of Captree Bridge to Flashing Green No. 1 off Bayberry Point, leaving it to starboard; to Can No. 3 off Heckscher State Park, leaving it to port; to Black and White Flasher in Great Cove, leaving it to port; return through center span of bridge to finish line off Willett Creek. Course distance = 13.5 nautical miles.

If reverse course is signalled, omit Flasher No. 7 on return leg and proceed directly to the finish line from the center span of bridge. Course distance = 12.5 nautical miles.

Ladies' Day Race: Warning Gun—1400. Start established by Committee Boat off Willett Creek; to Flasher No. 7 off Oak Beach Channel; through center span of Captree Bridge to Nun No. 6; return through center span of bridge to finish line off Willett Creek. Leave all marks to port. Course distance = 4.5

nautical miles. Time limit is 1700. Broadships Trophy for first boat with all-girl crew on corrected time in overall fleet.

Narrasketuck Invitation: Warning Gun—1000. Shapes are alternating black and yellow. Classes A, B & C start together on the third signal (black shape) and Class M starts on the fourth signal (yellow shape). Start established by Committee Boat off Amityville Creek; through center span of Captree Bridge to Flasher No. 31 off Blue Point, leaving it to port; return through center span of bridge to finish line off Amityville Creek. Course distance = 36.0 nautical miles. Time limit is 2200.

If short course is signalled, the turning mark is Flashing Green No. 1 off Bayberry Point, leaving it to port, instead of Flasher No. 31. Course Distance = 19.5 nautical miles.

West Island Race: Warning Gun—1300. Start established by Committee Boat in Nicoll Bay; to Flashing Red No. 10 off Bay Shore; to Red and Black Quick Flasher off Saltaire; keeping north of Flashing Red No. 8 off West Fire Island (regardless of which direction course is sailed) to Flashing Green No. 15 off Point O'Woods; return to finish line in Nicoll Bay. Leave all marks to port. Course may be sailed in the opposite direction with all marks left to starboard. Course distance = 15.0 nautical miles. Time limit is 1900. Deale Trophy for first boat on corrected time in overall fleet. Schnur Trophy for last boat to finish.

GSBYRA Race Week: Warning Guns—1300. Courses will be in special Race Week instructions.

Ocean Race: Harbor start from Sore Thumb—0800. Warning Gun—0900. Classes A, B & C start together on the third signal (red shape) and Class M starts on the fourth signal (white shape). Starting line between Committee Boat and Red Whistle Buoy No. 4FI; to Black and White Gong Buoy No. J1 off Jones Inlet and return, leaving No. J1 to port. Course distance = 26.5 nautical miles.

If short course is signalled, course is to Nantucket Sea Lane Lighted Buoy NB and return, leaving Buoy NB to port. Course distance = 22 nautical miles.

Foulke Trophy Race: Warning Gun—1800. Starting line between Committee Boat and Flasher No. 7 off Oak Beach Channel; through Center Span of Captree Bridge; keeping north of Flashing Red No. 32 off Patchogue to Flashing Green No. 1 off Howell Point, leaving it to port; return, keeping north of Flashing Red No. 32, through center span of bridge to the finish line between the Committee Boat and the flagpole at the end of the Babylon Yacht Club pier. Course distance = 34.0 nautical miles. No time limit for this race. Foulke Trophy for first boat on corrected time in overall fleet. Sympatico Cup for last boat to finish.

Smith Trophy Race: Warning Gun—1300. Start established by Committee Boat off Port Of Call Marina, Sayville; to Flashing Red No. 18 off Point O'Woods; to Red and Black Interrupted Quick Flashing Green off Patchogue Channel; return to finish line off Port Of Call Marina. Leave all marks to port. Course distance = 12.5 nautical miles. Smith Trophy for first boat on corrected time in overall fleet.

Commodore's Cup Race: Warning Gun—1300. Start established by Committee Boat in Nicoll Bay; to Flashing Red No. 4 of Nicoll Point, leaving it to port; to finish line established by Committee Boat in the vicinity of Howell Point. Course distance = 12.0 nautical miles.

Babylon Summer and Fall Races: Warning Gun—1300. Classes A, B & C start together on the third signal (red shape) and Class M starts on the fourth signal (white shape). Course same as for Babylon Invitation except that finish line is off the Babylon Yacht Club pier.

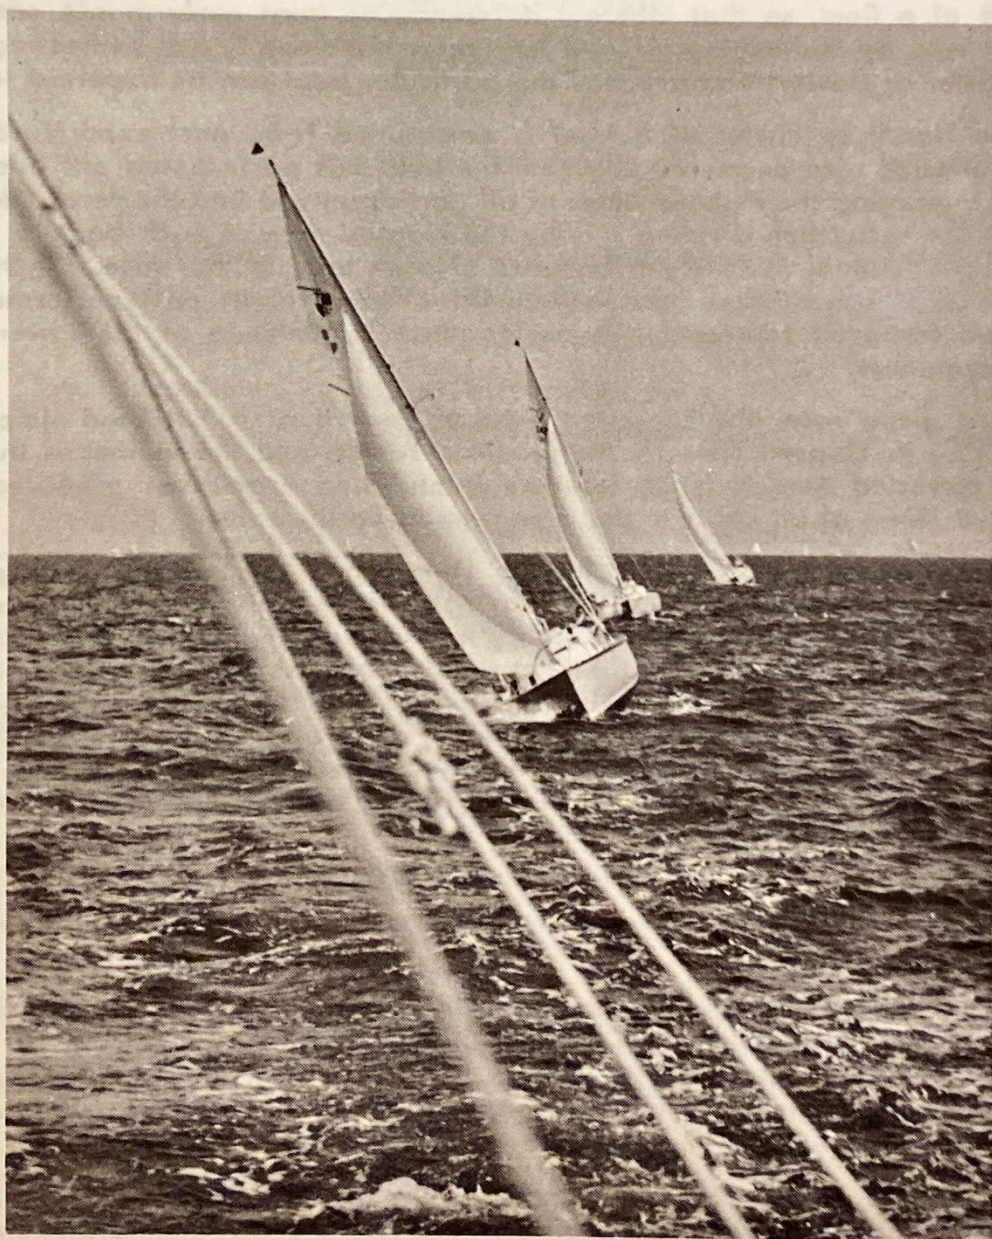

Long Island Summer and Fall Races: Warning Gun—1300. Classes A, B & C start together on the third signal (red shape) and Class M starts on the fourth signal (white shape). Start established by Committee Boat off Carll River; to post with Flashing Green Light off Cedar Beach Channel; through center span of Captree

Bridge to Flashing Green No. 1 off Bayberry Point; to Black and White Flasher in Great Cove; return through center span of bridge to finish line off Carll River. Leave all marks to port. Course distance = 13.0 nautical miles.

If reverse course is signalled, omit post with Flashing Green Light on return leg and proceed directly to the finish line from the center span of bridge. Course distance = 11.0 nautical miles.

Single Handed Creepstakes: Warning Gun—1400. Course same as for Ladies' Day Race. Time limit is 1700.

Discoverer's Race: Warning Gun—1300. Classes A, B & C start together on the third signal (red shape) and Class M starts on the fourth signal (white shape). Starting line between Committee Boat and Flasher No. 7 off Oak Beach Channel; through center span of Captree Bridge to Flashing Green No. 1 off Bayberry Point; to Black and White Flasher in Great Cove; return through center span of bridge to finish line between Committee Boat and Flasher No. 7. Leave all marks to port. Course distance = 9.0 nautical miles. Time limit is 1700.

Handicaps

As in the recent past, to meet the desires of both groups of racing skippers—those wishing to race with past performance considered, which naturally would include those boats of older and more comfortable types obviously not being competitive under a measurement rule, and those racing the more modern, faster racing-cruising types who wish to race under a pure measurement rule—the club has established handicap ratings on the basis of both systems.

Every boat in the fleet, however, for which there are racing results is automatically given a Performance Rating—for the Measurement Rule Skipper to exercise his option to change into the Performance Division in an ensuing year, for the edification of the Handicap Chairman, and due to the fact that all of the Permanent Fleet Trophies are awarded under this system.

Classes A, B, and C

Handicapping by the SBCC Handicap Factors assumes that a particular boat always tends to sail about the same percent faster or slower than the average of a fleet, so that inherent differences in boat performance can best be equalized by multiplying elapsed time by a Handicap Factor expressing how much faster or slower than average the particular boat can be expected to sail.

The Handicap Factor of a boat is determined from past experience. The results of each race on record in which the boat has participated are analysed by first averaging the elapsed times of all participants to find the Mean Elapsed Time of the race, then dividing this by the elapsed time of each boat to determine the individual relative performance of each boat in that race. The Handicap Factor of a particular boat is then the average of its past performances, weighted for good representative performance by deletion of the lower 50% of performances.

In a given race, the Corrected Time of each boat is obtained simply by multiplying its Elapsed Time by its Handicap Factor, and the winner is the one whose corrected time is least. If every boat sailed exactly as predicted, the Corrected Times of all boats in the event would be the same.

The Performance Handicap System fosters and encourages participation by cruising types and makes it as easy as possible by requiring no measurement or prior notice to race, and it is necessary to finish in only three events to obtain a rating. A new boat racing in the fleet simply picks the class in which it seems to belong and races with it, with the understanding that its listing in the results will be marked "NH" (No Handicap) until after three races, when a proper rating and class designation will be provided. Classes A, B, and C are established by listing the boats in order of their ratings and dividing the list arbitrarily into thirds.

CLASS M

Owners who prefer racing under a measurement rule system may elect Class M.

Yachts with valid Midget Ocean Racing Club (MORC) Rating Certificates are qualified to race in Class M. To be eligible for this class, the owner must have a valid MORC Rating obtained on his own initiative from a recognized MORC Measurer. Handicaps in Class M are figured on the basis of an allowance of seconds per mile, from the MORC Rating through the NAYRU Tables.

In addition to the regular racing trophies in Class M, all Class M boats with established performance handicaps are eligible for the permanent trophies in all races.

Cruising Information

Our cruising activities continue to expand—more yachts participating, the season lengthening, more distant anchorages being added to our weekend rendezvous schedule.

Note this year's cruising schedules on the following pages. The first rendezvous, strictly for hardy early-birds, is May 13 at Great River, actually antedating Commissioning Day by two weeks. And instead of closing the official season with the popular Fall Cruise around Columbus Day, we plan a later October cruise-weekend this year, to say nothing of the informal raft-up sure to follow the October 21 Discoverers Race.

For the first time, also, the schedule includes Westhampton and Fire Island Pines for cruise rendezvous. And note the early August cruise to New Jersey with a rendezvous in the Shrewsbury River.

More member yachts than ever before—42—won Annual Cruise Awards (engraved brass plaques for mounting on bulkheads) in 1966 for participating in at least one week of the two-week Annual Cruise. And 34 received Green Water Cruising Awards (engraved cups) for taking part in shorter overnight cruises. The number of such cruises required for this award is established by the Cruising Committee after studying the season's results. Since the Annual Cruise counts only a single point—the same as any scheduled overnight cruise—it is easy for active cruising families to win a Green Water Cruising Award even if they can't make the Annual Cruise.

The 1967 supplement to the Cruising Guide was issued in April and contained an important change in registration procedure: hereafter the captain appointed to represent the Cruising Committee at each scheduled rendezvous will register all the boats participating (only vessels that stay overnight receive credit toward cruising awards). The former system, which required each skipper to register personally, proved too cumbersome.

All new members should feel free to call on the Cruising Committee Boat for any assistance or information they may need.

Some SBCC members cruise extensively but do not participate in the scheduled rendezvous. So that these people may be fairly considered for cruising awards, we ask that they submit to the committee a summary of their season's activity at the end of the season. This should include dates, harbors, and other SBCC boats, if any, at the anchorages.

It is the practice of the Club from time to time to award Blue Water or Special Cruising Awards for especially noteworthy or meritorious cruises, such as Ed Macy's and Jack Young's past cruises to Maine and Stuart Baldwin's cruise to Bermuda the summer before last.

Review of 1966 Activities

The year's first event was the general membership Annual Meeting, highlighted by the election of the new Commodore and officers, the awarding of Life Memberships to Doc Hamlin and Merritt Smith by outgoing Commodore Seidenberg, and the introduction of the new BroadSides Trophy by new Commodore Ramsdell. The Annual Dinner-Dance was a social, financial, and artistic success, made all the more noteworthy in Charlie Collis' bow-out as Entertainment Chairman by the fact that of 193 reservations 193 showed.

At the spring Skippers Meeting a sizable group of measurement rule skippers decided to race under the MORC Handicap Rule, which was demonstrated to have brought past race results closer together. None present indicated interest in the Storm Trysail Rule, and this preference carried through into the racing season, when Class M became our only active Measurement Division Class.

Movies-and-slides night took place at the April general meeting, and the Spring Cocktail Party was held at the Bay Shore Y. C., where the new Cruising Guides made their debut and several boats showed up in spite of the overcast, chilly weather.

Five boats made the May 28 Hemlock Heading rendezvous, the first of a series of events in the stepped-up cruising program this year, with some excitement supplied by a parted bow line during a midnight squall. A gusty, cloudy Commissioning Day at Babylon Y. C. took place the next day, turning into a pleasant, sunny evening for the ten boats rendezvousing later at Great River and a few more at Hemlock. A similar day was the June 11 rendezvous at Hemlock, which ended with a beautiful sunset but a cold enough night to keep the heaters on.

The season's first race was at Narresketuck the next day, which continued in the tradition of being a real blow, this time an easter in the aftermath of Hurricane Alma which caused several boats to suffer broken gear. Nine of eighteen finished, winners being Dick Nehring's "Sandpiper" in Class A and Bill Simonson's "Broadbill" in Class M.

Flukey but pleasant southerly light airs and the dredge and pipe line caused some complications in the B.Y.C.-L.I.Y.C. Series June 18-19, but the fleet survived that plus a floating starting line when the committee boat broke the anchor. Howard Hamstra's "Slim", Al Heckel's "Falcon", and "Broadbill" led in Class M; and Lloyd Dobkin's "Dolce fa Niente" and Charlie Collis' "Melide" in combined A-B-C for the weekend. Good unplanned raft-up afterwards in Great River.

June 25 was another miserable day, this time for the Bay Shore Invitation, with a fine turnout for racing, but strong easterly winds were too discouraging for all but a few to make the rendezvous at Great River afterwards. Class A winners were Mo Goldsmith's "Tambour", Bill Brayshaw's "Starbright", and Henry Tilden's "Sea Witch"; Class B — Bud Rosenberg's "Polymer", and Dick Brown's "Judylin"; Class C — Bob Kimmel's "Calypso", Harry Wilburger's "Steady Eddy", and Ken Kondor's "Little Honey"; and Class M — Bud Hangarter's "Jeanie", "Falcon", Bill Konz's "South Wind II", and Ralph Seidenspinners' "Menehune."

Thirty-five rated yachts plus a few more with handicaps still being developed made the Annual Fourth of July Weekend Invitation at the Babylon Yacht Club on a hot July 2, with "Little Honey", Tom Hanaway's "Sea Rover", and Bob Paterson's "Brandy" leading in Class C; "Judylin", Frank Lyons' "Pride", and "Melide" in B; "Tambour", Ed Farrell's "Valkyrie", and "Sandpiper" in A; and "Falcon", "Menehune", and Bill Cook's "Merry Ann" in M.

It was hotter yet for the next day's Ladies Race, and Nan Hanaway in "Sea Rover" became the first winner of the newly-donated BroadSides Trophy, followed by Maggie Paterson in "Brandy", Ann Cook in "Merry Ann", Grace Beinert in "Lady Lou V", Ruth Brayshaw in "Starbright", and Dottie Sinandel in "Lively Lady." The top class standings: M—"Falcon", "Merry Ann", and Hildegard Stone in "Fibre Tigre"; C—"Dolce fa Niente", "Sea Rover", and Joan Lorence in "Marmanee"; B—Marilyn McGeehan in "Judylin", and "Lady Lou V"; and A—"Tambour" and "Starbright." Big rendezvous afterward at Great River with full moon. Hot night—many slept on deck. Others in the fleet joined the Dunkirk Armada in Great Cove for the Bay Shore fireworks display.

Forty-two boats made the Annual Cruise in one form or another. So many skippers joined the meeting aboard "Skylark" at Cormorant Point that the Fleet Captain's boat almost got pooped at her anchorage. The next morning reports of bad weather changed several skippers' minds about going outside to Block Island but the twelve that braved it had a glorious romp—a broad reach all the way in seas just big enough to make Great Salt Pond a welcome refuge. Munn Myers had a main halyard jam aloft as he entered, with even the stays'l pulling hard, and it took a bit of work to nose her up into the wind for repairs at the dock. From there the fleet broke up, some heading for Cape Cod, others for Nantucket, others Narragansett Bay. Several boats also started the cruise to westward through New York Harbor. A few who stayed at Block Island got stormbound there by a hard southeaster for a couple of days before heading to Mystic. The "inside" boats, using Shinnecock Canal, met a duster off Jessup's Neck, lazed in Shelter Island coves like Coecles for a few days, then joined the rest at Mystic. Big SBCC beach party at Coecles and a birthday party for Cathy Klesick. At Three Mile Harbor a nasty front came through after

the big raft had broken up for the night, and two boats—which shall remain nameless—were carried ashore by squally winds that boxed the compass. One got off by herself, with a lot of bell-ringing, horn-blowing, and cussin! Whitey Thayer swam a line to the other and pulled her off with only some rudder damage that was repaired the next morning. Coming home six of the "outside" boats had a spectacular ride through big smokey combers entering Shinnecock Inlet before a fresh breeze but against the tide—and the littlest cruiser of all, six-month-old Sandy Berdolt aboard "Pilgrim", took that sleighride lashed to the mizzenmast in her jumper seat. The "inside" fleet pulled fourteen masts on eleven boats in six hours and were on their way before dark.

At the time of the Cruise, some local skippers enjoyed racing at Babylon and Long Island Yacht Clubs, with "Broadbill" in M and "Kandy Bar" in A-B-C coming out best.

The West Island Race took place July 23, with the Deale Trophy won by Bill Simonson and the Schnur Trophy by Ray Davis. Class C was headed by Bob Schafer's "Decatur", Roger Ramsdell's "Spindrift", and George Evans' "Ilona"; B — "Melide", Bill Dwyer's "Kandy Bar", and Fred Eggerstedt's "Sumaka III"; A — Boyd Max's "Lively Lady", Fred Becker's "Widgeon", and Jack Rettaliata's "Falcon"; and M — "Falcon", "Broadbill", and "Menehune." The usual big raft—38 boats—at Great River afterwards and an idyllic setting the next day for the Champagne Party — a lovely, warm, sunny morning, and a perfect SE breeze for a gentle sail home — made this weekend one of the best.

Race Week also had mild, sunny weather. "Broadbill" and "Menehune" led in Class M, and "Judylin" in A-B-C, with a total of eleven boats.

An unusual multitude of both protests, later dropped, and groundings for the gentle night of the Foulke Trophy Race bore out ex-Commodore Honest

John Beinert's observation that the road to Bellport is not paved with good intentions but with beer cans. Wes Stone won the Foulke Trophy and for his demonstrated ability to stay alert all night was subsequently elected as the Club Chanteyman. John Berdolt in "Pilgrim" won the Sympatico Trophy, which was fair enough, having the roomiest boat on the course. "Fibre Tigre", "Merry Ann", and Paul Rosensweig's "Watermelon" excelled in Class M; "Spindrift" and "Marmanee" in C; "Kandy Bar", Julien Davies' "Extra Dry", and Ed Wimmerstedt's "Whimsey" in B; and "Lively Lady", Stewart Greene's "Circe" and "Sandpiper" in A.

On August 13 a new and one of the best events of the season took place—the Rendezvous and Summer Dinner-Dance at Capt. Bill's, following the informal cruise-race in a pleasant southeaster off Bay Shore around West Island, where also the Annual Cruise Awards were made.

Wes Stone scored again, winning the Smith Trophy on August 20 as well as the honors in Class M, followed by "Merry Ann", "Falcon", and Jud Worden's "Syren IV"; Bill Milligan's "T'ing Hao" led in C; "Melide" and "Lady Lou V" in B; and Alex Pearson's "Highland Fling" and "Tambour" in A. A good rendezvous followed at Great River and another the next day at Sailor's Haven, with hot, gentle breezes most of the day.

After making only a half mile in the first three hours, the Ocean Race August 27 picked up in the afternoon and 22 yachts made the course, led by "Ilona" in C; "Pride" in B; "Falcon" and "Tambour" in A; and "Broadbill", "Slim", and "Fibre Tigre" in M. A big rendezvous followed at Great River.

Thirteen skippers had a pleasant outing at the Babylon Y. C.'s Commodore's Cup the next day in calm weather in some more local racing aside from our major schedule, led by "Falcon" and "Jeanie" in M and "Melide" and "Lady Lou V" in A-B-C.

The Commodore's Cup Race on September 3 was cancelled due to a blustery easter gusting up to 50, and the fleet waited it out overnight at Great River with mist and hard rain. Undaunted, the redoubtable Hervey Smith voyaged to Smith's Point alone and joined the fleet the next day, which had snuck further upriver to huddle in the wind and rain. Good day for rum. Monday provided a sunny morning and a 20-knot sou'wester for sailing home.

Children's Day Rendezvous near Whirlpool Point had rather unpleasant weather again, overcast with gusty northwesterly winds. Another good rum day, though.

There was a very fine turnout for the Babylon Y. C. Fall Series on September 17 and 18, due in part to the first race being the rerun of our Commodore's Cup. "Falcon", "Broadbill", and "Merry Ann" led in M; "Starbright" and "Lively Lady" in A; "Kandy Bar" and Munn Myers' "Connie" in B; and "Marmanee" and Bruce MacGill's "Aeolus II" in C; for the Series on cumulative time. In the Commodore's Cup portion "Marmanee", "Ilona", and "Little Honey" led in C; "Kandy Bar", "Polymer", and "Connie" in B; "Lively Lady", "Starbright," and "Widgeon" in A; and "Broadbill", "Falcon", and "Jeanie" in M.

Nineteen single-handers went out and raced while the sissies stayed inside the dock to keep warm and get a head start on the party on a puffy, 20-knot September 24. Fred Braddon led in Class C in his floating palace, the "Chico"; "Kandy Bar" won in B; Art Bertapelle's "Windsong" won in A, followed by "Widgeon"; and "Falcon", "Broadbill", and Ed Neale's "Godspeed" led in M. 260 attended the Clambake following, and most of the fleet stayed at the B.Y.C. dock and made an evening of it.

The Long Island Y. C. series on September 25 and October 2 provided a contrast of a gusty WNW the first date and a flukey sou'wester the second. "Connie", "Kandy Bar", and Dolph Iurillo's "Sea Gull" led in A-B-C and "Broadbill", "Falcon", and "Jeanie" in M.

In the first Discoverers Race, which now has become a regular part of our schedule, "Dolce fa Niente" won in C; "Kandy Bar" in B; Glenn Miller's "High Life" in A; and "Falcon" in M, followed by "Godspeed" and "Broadbill."

The weather was excellent for the Fall Cruise at Cedar Beach. About a dozen boats made it over on Friday night, which was cool and clear. Saturday was warmer and Sunday in the 70's, with 42 boats making the weekend and several more day-sailing it.

Both the Cruising and the Racing programs were successful and enjoyable, and the selection of the measurement rule by the skippers and the development of the performance handicap factor system by Win Palmer were demonstrated to be worthwhile by the fact that there were 45 different boats, spread almost evenly among the four classes, winning trophies in 1966.

Three events have taken place in the yachting world in the past couple of years which have borne out the efficacy of some of our club's solutions to yachting and racing problems. First, our traditional pattern in starting races — having the smallest and slowest classes start first so that everyone, committee included, gets the same drinking time after the finish—has been adopted and retained in the last two Annapolis-Newport races as well as in other events since. Second, in last year's Bermuda Race the CCA used a performance factor, a practice initiated in the SBCC three years ago, to handicap all yachts, thus paralleling Win Palmer's performance handicap factor system to, quoting the CCA committee, "give every well sailed yacht a chance to be up there" and

reducing the effect of light or heavy weather in barring a large portion of a fleet from much of a chance for an award. Third, a parallel to our "Suggested Equipment List" in the 1966 Yearbook is the announcement this spring by NAYRU that among the functions of a new Offshore Racing Committee set up to coordinate distance racing procedures is the compilation of "safety and equipment standards to be used as a guide by sponsoring clubs."
