COMMODORE'S MESSAGE 1993

Hi folks!

I'd like to welcome all of you to the 1993 sailing season and to all the activities offered by the South Bay Cruising Club! Whether it's racing you're looking for, or cruising to New England waters, or just that relaxing weekend in your favorite South Bay gunkhole - this wonderful Club of ours offers it all.

I can honestly say as your Commodore that I have the privilege of presiding over the finest group of volunteers on the Bay - a hard-working, fun-loving bunch that really understands the value of a great day's sailing, a well-organized race, or a rousing party. With such a group working behind the scenes for **all** of us, how can the South Bay Cruising Club be anything but successful?

So here's your **formal** invitation - straight from your Commodore - to join your sailing friends out here on the Bay for another great season!

Good Sailing!

Mike Smith

SOUTH BAY CRUISING CLUB

FLEET CAPTAIN'S MESSAGE **Cruising 1993**

The Bay seems to have a magnetism which draws us all to her each season. Her gentle breezes on hot sunny afternoons warm us. Her fog shrouded mornings intrigue us. Her hard winds taunt and tease us. Whatever it may be that has drawn us, we have found a common ground in the SBCC. For many of us this has meant good sailing, rendezvous, cruising and good friends.

Whether you are new to the Bay or a veteran of many seasons, with 3 cruises planned and 25 weekly rendezvous scheduled, I hope to see you all out there enjoying what the Bay and the SBCC has to offer you this year.

Rich LaTorre
Fleet Captain

REGATTA CAPTAIN'S MESSAGE **Racing 1993**

Last year we revived the Ocean Race which was held on a beautiful breezy June day. The attendance was great and this year I hope it will be even better. The participation at Race Week has dropped off the last few years and as a way to help revive it we are making it an open invitational for all Yacht Clubs and auxiliary sailboats on the bay.

Did you go sailing as much as you wanted to last year? If the answer is No, then you probably did not race enough. Too windy, not enough wind, rain, cold too hot. There are plenty of excuses, for not going sailing, but if you plan on racing twilights or weekends we have 50 good reasons for you to get out there and have fun no matter what the conditions are.

Greg Schneller
Regatta Captain

NOTES TO 1993 SCHEDULES
NOTES TO SOCIAL AND CRUISING SCHEDULE

1. Refer to Cruising Guide for directions to Rendezvous location.
2. Details to be published in "From the Masthead" or otherwise furnished at a later date.

AWARDS:

Cruising Award — This award is given for participation in any of the Club's organized cruises. To qualify, a yacht must anchor or tie-up with the fleet for at least 50% of the time designated for a cruise by the Fleet Captain. The Cruise Captain will submit a list of yachts eligible, based on Cruise attendance records.

The Rendezvous Awards are made, at the Fleet Captain's discretion, to boats that attend a minimum number of rendezvous.

Green Water Award for a cruise of greater distance and duration than the official cruises.

Blue Water Award is made only as recognition for an extended cruise off soundings. A select committee, along with the Fleet Captain, will review candidates and make this award only when they deem the cruise to be an outstanding achievement.

Blue Water Awards:

1952 — Jack Young (Doc Hamlin special award)	1973 — Bill Milligan
1953 — R.W. Bennett	1979 — Bob Wissman
1964 — Art Flynn	1980 — Edgar Sabbeth
1965 — Stuart Baldwin (Ed Macy special award)	1987 — Russ Colombo
1966 — Ed Macy	1990 — Bob Forman
1967 — Ed Forsyth	1991 — Rich Czach
1968 — Jack Young (Don Streit & Ed Ricketts special awards)	1992 — Eric Forsyth
1969 — Chet Phipps	
1972 — Arthur Sternberg, M.D.	

Eric Forsyth, recipient of the 1992 Blue Water Award deserves special note for his unprecedented cruise through the Panama Canal to the Society Islands, Tahiti Pitcairn Island, and across the stormy South Pacific Ocean to Cape Horn, then around Cape Horn, through the Beagle Channel to the Falkland Islands, up the coast of South America to Uruguay and Brazil, across the South Atlantic Ocean to the Cape Verde Islands, then across the Atlantic again to Bermuda and finally home. Eric has been an SBCC member for many years and this cruise probably represents the most noteworthy cruise for which The Prestigious Blue Water Award has ever been presented.

Green Water Awards:

1987 — Harry Wilburger
1989 — Roger Goodwin
1992 — Mitch & Shirley Silbert

THE SBCC RENDEZVOUS

All hands are invited — members and their children, their guests and their pets. You don't have to participate in a club race to join the rendezvous raft-up that usually follows. Notifying anyone in advance is not necessary, nor must you arrive at any particular time. Each rendezvous has a designated "Rendezvous Captain" who has been appointed by the Fleet Captain to act as host boat and will be known by the very large Club Burgee. Check in to get credit for attendance and to be included in any special entertainment that may be planned.

RAFT-UP PROCEDURE

It has always been a tradition that no invitation is necessary to join a raft-up at any SBCC rendezvous. All you have to do is ask politely "May I come along side?"

Generally speaking, you should expect to use fenders and put down your own anchor when rafting, so that boats on either side of you can withdraw with a minimum of fuss. When you wish to cross somebody's deck to reach another boat, it's polite to ask permission and to cross via the foredeck, if possible. If you are joining a group aboard another boat, it's customary in the SBCC to bring your own drinks and to contribute to the snacks.

Do any boats remain rafted all night? Sure, but as a rule, only close friends and long time cruisemates. Usually it is better, if in doubt, to withdraw quietly and go anchor nearby.

CRUISES

Early in the Spring, the Fleet Captain and the Cruise Committee scout among the membership for opinions and work out tentative cruise itineraries. A shorter "Close-in" cruise is often suggested, such as Peconic Bay-Shelter Island area, as well as a more extensive cruise to New England or Chesapeake Bay. Lately, a local around-the-Bay Cruise has been scheduled.

The Fleet Captain appoints Cruise Captains — usually skippers who have had experience in going to the ports outlined — to work out a rough-draft itinerary which is published in the Masthead and then presented to the membership at the March Meeting. Debate ensues, adjustments are made based on an attained consensus. All is duly noted by the Cruise Captains, who prepare a final, more detailed itinerary. Additional meetings are held to review the itinerary and share concerns.

During the Cruise, the itinerary may be adjusted to suit weather conditions or the whims of sailors and their families. Sometimes an anchorage is just too delightful to leave. Cruise Captains usually try to get the entire fleet together at least once or twice during the cruise.

SBCC RACING PROGRAM AND INSTRUCTIONS

I. QUALIFYING TO RACE

All properly equipped sailboats owned or chartered by SBCC members in good standing are eligible and encouraged to participate in Club races provided they have requested and received a SBCC handicap and otherwise comply with the standards set forth below.

A. INTENT OF PROGRAM

It is the intent of the SBCC that all sailboats racing in club sponsored events shall contain cruising accommodations with an enclosed cabin. It is recognized that these accommodations will vary according to the type and size of the boat. However, all sailboats are assumed to comply with the manufacturers' standard hull and accommodation plans. It is the responsibility of the owner of any vessel which has been modified or is of unique design to inform the handicap committee of the irregularity prior to racing. Such vessel will then be reviewed by the handicap committee and rated accordingly.

The SBCC handicap system assumes that a sailboat is equipped to race. It does not attempt to rate a partially equipped boat or a boat which differs from others in its class, in that it is unusually light or heavy, out of balance or has unusual windage (as from a dinghy on davits).

B. EQUIPMENT

As a minimum all cruising sailboats participating in a SBCC sanctioned club race *must* have the following equipment on board and in operable condition:

- a. All equipment required for the participating vessel to comply with Federal, State, and Local requirements.
- b. The following additional items:
 1. Bunks, securely installed.
 2. Toilet, securely installed or fitted bucket.
 3. Galley facilities.
 4. At least 2 gallons of potable water.
 5. Current copy of an approved SBCC handicap rating form.
 6. All spars including spinnaker and whisker poles marked in accordance with the rating form.
 7. Headsails of 130% LP or greater shall be measured and marked.
 8. An engine or auxiliary motor with fuel unless handicapped without same.
- c. It is strongly recommended that all sailboats participating in a SBCC sanctioned race on the Great South Bay comply with USYRU category 4 equipment requirements.
- d. Ocean Races and Races after sunset.
 1. It is strongly advised that additional safety equipment for these races include USYRU category 3 equipment requirements.
 2. It is strongly recommended that all sailboats participating in these events should be equipped with the following additional equipment:
 - a. VHF radio.
 - b. Auxiliary motor with adequate fuel.
 - c. Man overboard pole with strobe light.

SBCC RACING PROGRAM AND INSTRUCTIONS

C. INSPECTION POLICY AND PROCEDURES

As a condition precedent to racing in a SBCC sponsored or sanctioned event, all vessels are subject to inspection for compliance with the stated equipment requirements.

The SBCC measurer or designated assistants may conduct random inspections of all SBCC sailboats with current SBCC handicaps. These inspections will be conducted with courtesy and as efficiently as possible with permission of the owner or their representative.

If in the opinion of the measurer or designated assistant, the inspected sailboat does not have on board either the required equipment or comply with the intent of the SBCC racing program, the measurer will file a formal protest with the Protest Committee. Boats found not to be in compliance by the protest committee will be subject to disqualification.

D. HANDICAPS

The SBCC fleet includes many different types of sailboats. In order to make race participation attractive to as many members as possible, SBCC Handicap racing is offered. Under this system, every yacht in the fleet upon request to the Handicap Chairman is given a SBCC Rating based on its maximum speed potential.

The SBCC Handicap System rates each yacht according to its maximum speed potential, thereby encouraging each skipper to get the best performance from his yacht.

Maximum speed potential is established for each yacht through:

- statistical analysis of race data for consistently well-sailed boats of similar design
- comparison with data from other racing fleets'
- speed-trending data from past performances

Under the SBCC Handicap System all yachts of different design will have distinctive maximum speed characteristics from which individual handicaps are derived. Fine tuning factors are applied to yachts of the same design to account for differences in rig, prop type, sail complement, etc.

Each racing skipper is obliged to contact the Handicap Chairman in advance of his first race under the following conditions:

- A particular yacht is to be raced in the SBCC fleet for the first time.
- The skipper has raced another yacht bearing the same sail number during the season.
- The sail complement has been changed.
- The basic design of the yacht is modified in any way which could affect its speed potential.

E. HANDICAP APPEAL

A skipper who believes his yacht's handicap might deserve correction may request a handicap review by submitting a written request to the Handicap Committee stating the reasons he believes a review is in order.

F. SBCC HANDICAP CLASSES

Three classes, Spinnaker, Non-Spinnaker, and Cruising are scored under the SBCC Handicap System.

SBCC RACING PROGRAM AND INSTRUCTIONS

—Skippers electing to race in the Spinnaker class may use their full sail complement, and any sail combination consistent with USYRU racing rules or special race instructions.

—It is the intent of the Non-Spinnaker class to restrict sail inventory use to only those sails that can be correctly flown on all points of sail. In the Non-Spinnaker class, only one headsail (either a jib or genoa of a minimum of 3 ounce cloth) may be flown in the foretriangle at any one time. Yachts handicapped as having permanent double head rigs will be permitted to fly their staysail when racing Non-Spinnaker.

—The Cruising class, a modified Non-Spinnaker class, will be restricted by the rules of Non-Spinnaker and be open to the skippers who believe their boats are in the "cruising state."

—Members may change classes as often as they desire, as long as it is done before the first warning signal.

G. RACING NUMBERS

Racing numbers, either USYRU or SBCC, are required on mainsails, spinnakers and overlapping (LP greater than 130% J) headsails, in accordance with current USYRU rules.

H. MEMBERSHIP RESTRICTION

No boat shall race in a SBCC sponsored event unless commanded by a SBCC member or associate member. Invitationals sponsored by other organizations are exempted.

II. RACING RULES

Racing rules of the United States Yacht Racing Union (USYRU) shall be observed except as otherwise specified in these instructions. Burgees and other flags may be flown when racing. Government navigation buoys not stated as being marks of the course may be disregarded at the discretion of the skipper.

The Inland Rules will replace Part IV of the Racing Rules between the hours of sunset and sunrise. All required lights must be shown.

The 720 rule, Appendix 3.1 of the USYRU racing rules, shall apply to all SBCC races.

III. RACE PROGRAM

A. RACE SCHEDULE

SBCC sponsors numerous races and participates in various invitationals as set forth in the 1993 RACE SCHEDULE.

B. COURSES

Courses used for SBCC races and some invitationals are set forth on the pages following these instructions. They are grouped by starting area as follows:

Babylon	Nicoll Bay	Watch Hill
Bay Shore	Ocean	

For each of these areas, a variety of courses is described below, each bearing a distinguished letter. The choice of course available to the Race Committee on any

SBCC RACING PROGRAM AND INSTRUCTIONS

given day is shown in the Race Schedule. The Course selected will be signaled from the Committee Boat by the appropriate letter code flag. (Letters A through H may be used).

Any course can be reversed by code Flag "R" or shortened by code flag "S" as described in Part VI B.

C. SERIES RACES

Babylon Yacht Club July Invitational Series

This is a three-race series with no throw-out. The courses, starting sequence, and other race instructions will be provided by the Babylon Yacht Club and handed out by the committee boat on station prior to the first race.

Race Week

This is a four-race series. It will be scored on the basis of a yacht's best three races. Racers traditionally join the Race Week raft up after each race. To be scored for the fourth race of the series (Race Week Windup), a yacht must have participated (started or served as committee boat) in at least two of the other races comprising the series. However, all yachts participating in the race Week Windup will be scored for the Saturday day race. A special Cruising class will be added for all four races.

GSBYRA Race Week

This is a four race series and a race fee is required.

Sayville Yacht Club Invitational Series

This is a two race series sailed over two days. See SYC START SEQ. for more information or the SYC Race Committee.

SBCC Class Championship Series

This is an over-all season series based on the scoring of selected races. See Part IV B.

Tune-up Series

This is a two-race series with no throw-outs. To emphasize tuning, no trophies will be awarded.

Western & Babylon Twilight Series

These are a three race series. They will be scored on the basis of a yacht's best two races, except committee boat as noted in Part IV D. These series will alternate between regular start and non-spinnaker. The final Wrap-up series will be non-spinnaker. Races the week of July 4th were switched to Tuesday and Wednesday nights respectively.

D. SPECIAL RACES

BYC/SBCC Challenge: Babylon Yacht Club has challenged the SBCC. Each club will participate with an equal number of boats. This is a VOLUNTEERS ONLY race. We will use a lottery system from the volunteers to determine the six participants from our club.

Ladies' Race — A Non-Spinnaker race. Skipper must be a lady. The Patricia A. Kelly Trophy will be awarded to the yacht with best corrected time with an all girl crew. Yachts eligible for this trophy must compete in the ALL GIRL category.

SBCC RACING PROGRAM AND INSTRUCTIONS

Race Week Wind-Up — This is a separate day race and also serves as the last race in the Great River Week series. This race will be double scored, once for those yachts having participated in at least two of the prior Great River Week series races, and scored again using all of the participating yachts to arrive at the standings for the Race Week Wind-Up and Class Championship points.

Single-Handed Creepstakes — Only skipper is allowed on boat during race. Two classes: 28 feet LOA and over; and under 28 feet LOA. Non-Spinnaker only.

West Island Race — Nicoll Bay course B may be sailed in either direction. Expanded start.

Watch Hill Family Race — A Non-Spinnaker race leaving from Watch Hill Sunday morning. Crews must sleep aboard their yacht Saturday night at Watch Hill.

IV. RACE SCORING AND TROPHIES

A. SCORING METHOD

SBCC races will be scored using the Time on Distance Method. A yacht's time allowance is calculated by multiplying her SBCC handicap by the race course distance. The time allowance is then subtracted from the yacht's elapsed time, yielding corrected time. The yacht with the lowest corrected time is the winner.*

Race results are available to each participating skipper shortly after each race and official results are printed periodically in the "Masthead."

B. CLASS CHAMPIONSHIP SERIES SCORING

Class Championships and trophies will be awarded annually for Spinnaker, Non-Spinnaker, and Cruising Class, to the yachts with the best scores, as determined below, in each class. Scoring will be based on the best six of eight races designated with note 7 in the Race Schedule. Only yachts finishing at least five of these races will be eligible for trophies. Points for these races are computed on the following basis: 1st place yacht receives points equal to the number of starters in the race plus $\frac{1}{4}$ point; 2nd place yacht receives $1\frac{1}{4}$ points less than the 1st place yacht; the 3rd place yacht receives $2\frac{1}{4}$ points less than the 1st place yacht, etc. A yacht that serves as committee boat for one race of any series will receive credit towards series qualifications for that race and points equal to its average percentage points of its other races.

In the event of a tie in the total number of points scored for the championship series at the end of the season, the boats involved in that tie will have a sail-off to decide class champion. The time, location and date of this sail-off will be decided by the Regatta chairman and all skippers will be notified.

C. OTHER SERIES SCORING

Points for each race will be awarded on the basis of $\frac{3}{4}$ -point for first, two points for second, three points for third, etc. DNF and WDR boats will receive one point more than the number of boats in that class that started in the series. DNS and DSQ boats will receive two points more than the number of boats in that class that started in the series.

A starter in any one race of the series will be considered to have started in all the races of the series. Series position will be determined by the total points accumulated by each yacht, in inverse order. When there is a tie on points between two or more yachts, the tie shall be broken in favor of the yacht or yachts with the most first places, and when the tie remains, the most second places and so on, if necessary, for such races as count for total points. If a tie still remains, it will be broken in favor of the boat which beat the other the last time they raced against each other, throwouts included.

* In determining the winner of the Perpetual Trophies (Part IV F), the Race Scorer may apply an 18 second per mile adjustment between the winner of the spinnaker class and non-spinnaker class if it is determined that the spinnaker class carried the spinnaker to advantage for one third of the race.

SBCC RACING PROGRAM AND INSTRUCTION

D. SERIES SCORING FOR COMMITTEE BOATS

A yacht that serves as committee boat for one race of any series will receive credit towards series qualification for that race and points equal to the average of its finish positions in the other races of the series, DNS and DNF races included. This does not apply to the Class Championships.

E. RACE TROPHIES

Trophies for individual SBCC races (when not part of a series) will be awarded to each class, according to the following schedule:

Number of Starters	Trophies for
2 or 3	1st
4 through 6	1st and 2nd
7 through 14	1st, 2nd and 3rd
15 or more	1st, 2nd, 3rd and 4th

In SBCC series, the greatest number of starters in any race will govern the number of trophies awarded for that series. Only first place trophies will be awarded for the Class Championship Series.

F. PERPETUAL TROPHIES

Perpetual trophies are awarded for one year only. They are awarded to the yacht with the best corrected time based on the SBCC Handicap rule.

Each year the club awards seven perpetual trophies, as follows:

Commodore's Cup — Best corrected time in the Commodore's Cup race.

Foulke Trophy — Best corrected time in the Foulke Trophy race (night race).

Smith Trophy — Best corrected time in the Smith Trophy race.

Deale Trophy — Best corrected time in the West Island race.

Governor's Cup — Best total score for the Commodore's Cup, West Island and Foulke Trophy races. High Point Scoring System.

Patricia A. Kelly Trophy — Best corrected time in the Ladies' Race by a yacht with an all-girl crew. Additional trophies will be awarded to yachts with all-girl crews in accordance with the trophy schedules.

Cruising Club Crock — Best corrected time in the Around Long Island Regatta scored with SBCC Handicaps

Keeper cups are given to winners of these trophies and their names are engraved on the perpetual trophy. It is the responsibility of the winner of the perpetual trophy to return it by November 1 to the Trophy Chairman for engraving of the following year's winner.

V. COMMITTEE BOAT ASSIGNMENTS

A. SERVING AS COMMITTEE

The SBCC depends upon the cooperation of all members. Being the Committee Boat for a race is an important responsibility. It is a job not to be taken lightly for it is the heart of a successful racing program. Reliable, timely and accurate performance is essential.

Race Chairmen are assigned by the Regatta Committee, and listed in the Race Schedule. *These assignments are obligatory.*

SBCC RACING PROGRAM AND INSTRUCTIONS

B. CHANGES

A Race Chairman may switch assignments with another Race Chairman provided that the Regatta Chairman is notified at least 24 hours before the race. Arranging such changes is the sole responsibility of the assigned skipper and does not relieve him or her of responsibility.

C. PENALTIES

Any Race Chairman who willfully fails to do his or her assignment shall not be scored in any SBCC race for a period of one year from the date of his or her scheduled committee boat assignment. As an alternative penalty, a Race Chairman who failed to do his or her race assignment for the first time in the racing season will be scored in SBCC races after payment of a \$100.00 fine which shall go to the SBCC General Fund.

VI. STARTING LINE PROCEDURES AND RULES

A. CLASS STREAMERS

Racing yachts are required to fly streamers from their standing backstays or the leach of their mainsail. Streamers should measure 4"x18".

Creepstakes		Ladies Race	
Class	Color	Class	Color
LOA 28 ft and over	Blue	Mixed Crew	Blue
LOA under 28 ft	Yellow	All Girl	Yellow
All Other Races			
Class	Color		
Spinnaker	Blue		
No-Spin	Yellow		
Cruising	White		

Failure to display the appropriate streamer may be considered grounds for disqualification.

There is no race of a given class unless two or more qualified yachts start.

B. CODE SIGNALS

Code flags A through K are used to designate courses (see course instructions). Code flags below apply to all SBCC-conducted races:

- L** — Come within hailing distance for instructions.
- M** — ROUND or pass the object displaying this signal instead of the mark it replaces.
- N** — ABANDONMENT, race called off (accompanied by three guns).
- R** — Sail the designated course in the REVERSE direction, Leave all marks to the opposite hand.
- S** — Sail the SHORT course prescribed in the course instructions. When flown after the start (accompanied by two guns), finish between the committee boat and the nearby mark of the course.
- T** — Sail the designated course TWICE around. The "X" mark is a mark of the course the second time around and is left on the same side as the next mark of the course.

Answering Pennant — POSTPONEMENT signal (accompanied by two guns). Starts postponed fifteen minutes. Warning signal will be made 1 minute after Answering Pennant is lowered.

1st Repeater — GENERAL RECALL signal

SBCC RACING PROGRAM AND INSTRUCTIONS

C. STARTING

Signals will be made at five minute intervals with each signal lowered one minute before the hoisting of the next. The visual signal governs; the gun merely calls attention to it. A red signal will be visible until one minute before the warning signal.

D. STARTING SEQUENCE

Abbreviations:

warn - warning signal
 prep - preparatory signal
 S/ - start signal

Sp - Spinnaker Class
 NS - Non-spinnaker Class
 CRU - Cruising Class

Time	Shape	Regular	No-Spin	SYC	Expanded
:00	White	Warn	Warn	Warn	Warn
:05	Blue	Prep	Prep	Prep	Prep
:10	Red	S/Sp	S/NS	S/Sp	S/Sp
:15	White	Prep		Prep	Prep
:20	Blue	S/NS		S/NS	S/NS
:25	Red			Prep	Prep
:30	White			S/Cat	S/Cru

Time	Shape	Creepstakes	Ladies
:00	White	Warn	Warn
:05	Blue	Prep	Prep
:10	Red	S/28 + LOA	S/Mixed
:15	White	Prep	Prep
:20	Blue	S/Under 30LOA	S/All Girl

When, after a starting signal, all the yachts of the class or classes involved have properly started, the Race Committee will, if practicable, announce "all clear."

E. ANTI-BARGING MARK

The committee boat may use an "anti-barging mark." If this mark is used racers shall not pass through the line formed by the anti-barging mark and the committee boat at any time — even while "starting." The penalty for infringing on this restricted line (at any time) or for touching (while starting) the anti-barging mark, is disqualification. The anti-barging mark does not change the starting line. The starting line is determined by the "X" mark (or buoy) and the white line marker on the committee boat.

F. STARTING LINE ETIQUETTE

Racing skippers are reminded to stay clear of the starting line until the Preparatory Signal for their class. *Classes not starting are to remain clear of all yachts in the division before them.* Failure to do so may result in disqualification.

The Preparatory Signal for each class is given five minutes prior to the starting signal. Yachts starting with the wrong class may be disqualified.

Skipper electing to change class after arriving in the starting area (but before the warning signal) must notify the race committee of that change.

SBCC RACING PROGRAM AND INSTRUCTIONS

G. RECALLS

The Race Committee will attempt to sound one blast of a horn or whistle and announce the sail number of each yacht starting prematurely. Near by yachts are requested to pass the hail. The onus of making a fair start lies on each yacht, and failure to hear or heed a recall will not prevent the premature starter from being penalized. Responsibility for determining compliance with the rules rests with the Race Committee. Yachts making an improper start will be penalized by having one-half hour added to their elapsed time, whether or not they have been notified.

General Recall: If there should be a number of unidentified premature starters, or if an error is made in the starting procedure such as significant inaccuracy in the interval between signals, the Race Committee will make the General Recall signal. The General Recall signal is the First Repeater code flag accompanied by two guns. The starting sequence begins with the recalled classes Preparatory signal.

H. VHF COMMUNICATIONS

VHF radio communications may be maintained during a race utilizing channel 72 for communication. Radio communications may be utilized to relay information on unusual situations during races such as postponements, recalls, withdrawals, etc. However, Race Committees are not required to use radio. Racers should **not** communicate with the Race Committee from the time of the Warning gun to the time of the last class start.

VII. TIME LIMIT

Regardless of time of start, the time limit for a boat in the first class to finish will expire at 1800 except as stated in the notes to the Racing Schedule.

Time limit for all classes starting after the first class will be extended so as to allow all classes to have the same amount of racing time. If any yacht finishes within the time limit for her class, it is a race for her class. Yachts finishing after the committee boat has left its station should take their time and report it to the Race Committee as soon as possible.

VIII. PROTESTS

The SBCC Protest Committee operates under the Racing Rules of the USYRU, supplemented by published decisions of the USYRU Appeals Committee. In addition, it shall hear all protests arising from violation of the Inland Rules which replace Part IV of the USYRU rules between sunset and sunrise.

The Protest Committee will only entertain protests made in conformity to the USYRU rules including:

- Display of protest flag
- Notification of protested yacht
- Notification of Race Committee
- Submission of written protest within 72 hours
- Citation of rule or rules allegedly infringed

Protest must be addressed to the Chairman of the Protest Committee and hand-delivered or postmarked within 72 hours of the conclusion of the race in question.

Written protests for the Ocean Invitational must be submitted immediately after the race.

SBCC RACING PROGRAM AND INSTRUCTIONS

IX. SAFETY

The safety of a vessel and her crew is the sole and inescapable responsibility of the skipper, who must do his best to ensure that the yacht is fully found, thoroughly seaworthy, and manned by an experienced and physically-fit crew. He must be satisfied as to the soundness of hull, spars, rigging, sails and all gear. He must ensure that all safety equipment is properly maintained and stowed, and that the crewmembers know where it is kept and how it is to be used. He must have all safety equipment required by the U.S. Coast Guard and he should have the racing equipment suggested by the United States Yacht Racing Union (USYRU). The South Bay Cruising Club disclaims any liability for the seaworthy condition or operation of a yacht, the safety of its crew, or the absence of suitable safety equipment aboard a yacht, for which the owner has sole responsibility.

It is the exclusive responsibility of each skipper to decide whether or not to start, continue, or drop out of any event. The South Bay Cruising Club does not assume any liability for the decision of any participant. Because of the increased costs of all vessels and the tendency to litigate all accidents, whether liability exists or not, the Board of Governors of the South Bay Cruising Club recommend that all owners and skippers carry liability as well as hull insurance to protect all parties from the financial consequences of an accident.

THE CRUISING YEAR IN REVIEW

ONE WEEK CRUISE 1992 — From the log of *Carefree*.

SUNDAY, AUGUST 16 through FRIDAY, AUGUST 21 — The cruise got off to a rainy start after a gray and rainy "BLAST" at the Suffolk Marine Museum. Three days of rain, unfavorable winds and thunderstorms, culminating in an all-night vigil in the cockpit in Zach's Bay, had us wondering if we were being tested by someone above!

We apparently passed the test because even though conditions were trying at best, we saw only bright eyes, smiles and eagerness in the participants. By the fourth day, as we sailed into Atlantique we were greeted by the sun which warmed and dried us. Best of all, it stayed with us for the remainder of the cruise to Watch Hill and back to Great River on Friday for the Commodore's Dinner.

Some highlights of the cruise included a dinghy race in Zach's Bay which was exciting down to the last oar stroke. In rain and wind, just about everyone on the cruise rowed a "West Island Race" type course. Lots of grunts and groans were heard and even though the temperature was cool, sweat was seen on a few faces. The winners were Joyce Gotard and Rick LaTorre!

Atlantique's layday on Wednesday was the setting for an equally exciting horse shoe match. With twenty some participants, the elimination matches were a lot of fun and laughs for all. The final match between Tim Chambers and Brian Flett was a no nonsense contest with all eyes glued to Atlantique's north court. Throwing some deadly accurate shoes in the final points of the match games, Brian Flett was the 1st place winner.

Thursday saw a relaxed sail eastward to Watch Hill in beautiful clear weather with a light northerly breeze. By early afternoon many of the crews were enjoying surf swimming and sunbathing on the beach. In late afternoon all hands gathered in the picnic area for a cookout topped off by Joyce Gotard's grrreat clam chowder. As the sun dropped lower on the horizon, all were "in the mood" for Mitch and Shirley Silbert's sing-a-long later that evening.

On Friday the fleet departed Watch Hill late in the morning for another magnificent sail west to Great River and the Commodore's Dinner at Snapper Inn that evening. Thus ended another very enjoyable Cruise "in-the-bay".

TWO WEEK CRUISE 1992 — From the log of *Lady Barbara*.

SUNDAY, JULY 5 through SATURDAY, JULY 18 — Approximately one dozen of the nearly 50 SBCC yachts in N.Y. Harbor for the historic OPSAIL festivities sailed north through the East River on Sunday morning on the official start of the Two Week Cruise. The first night's anchorage was in Oyster Bay Harbor off Bayville. An endless cocktail hour was held in the cockpit of LADY BARBARA, with the result that all the crews stayed for dinner. KARIANA saved the day by barbecuing a large steak. The raft was finally broken up about midnight.

The next stop was at Port Jefferson where JUBILATION was cocktail host. The most noteworthy event of that party was the fact that the crew of LADY BARBARA missed the party! Continuing east, the fleet next stopped at Mattituck. In the words of the Cruise Captain, "This is the smallest anchorage I have ever seen." It was pretty much filled with 25 yachts, 10 of them from SBCC. Good hot showers were available, making this a welcome stopover.

Continuing east through Plum Gut, then southwest, the fleet continued in light winds into Coecle's Harbor on Shelter Island. This was a day in which LADY BARBARA

THE CRUISING YEAR IN REVIEW (Cont'd.)

was able to put her cruising spinnaker to good use. It was also a day in which LADY BARBARA'S intrepid navigator misread the loran, resulting in difficulty finding the entrance to the harbor. CHERRY PIE rendezvoused with the other yachts on the cruise. Dinner was at the Ram's Head Inn. Many of the gang got rid of their sea legs by walking the Island. SERENDIPITY, (our brother-in-law) who was the ferry boat for the trip to the restaurant, sailed the entire two week trip with us. Our two cats seemed to be enjoying the trip.

The following day we had excellent winds as we sailed around Gardiner's Island to Three Mile Harbor. The fair winds continued for another day as we sailed northwest to West Neck Harbor. We ran aground momentarily in the entrance, where you must hug the beach to stay in deep water. Tom Gotard said we must see West Neck Bay so off we went, bouncing off the bottom. Our intrepid cruise captain put on his Viking helmet which seemed to help the situation. All hands agreed this was one of the prettiest harbors they had ever seen.

Good winds continued as we sailed part way around Shelter Island to Dering Harbor. We anchored in the harbor with STARDUST, SERENDIPITY, EMERALD SEAS, and BROADBILL. During the evening the winds built up and SERENDIPITY'S dinghy capsized with the motor on. In the morning the motor was started after a little work but the dinghy needed air so Barbara unscrewed the fitting and the dinghy almost sank.

We left Dering Harbor at 1430 as the winds finally calmed down. After a few hours we arrived at Sag Harbor where we anchored close to the jetty. SECOND EDITION joined the group here. The crews of SERENDIPITY, RAKAMAH, and LADY BARBARA went exploring through the very pretty little town and stumbled on a concert at the V.F.W. Hall. The music and the evening were very enjoyable.

The following day it was on to Greenport and the highlight of the cruise, Ferguson's 25th anniversary. STARDUST was tied up at the main dock and Donna was giving out invitations to their party on the yacht at Pipe's Cove. By 1800 the wind had increased to 25 knots. LADY BARBARA had anchored behind the jetty while the rest of the club yachts were in the Marina. A great party was held on STARDUST, MOONRAKER, KARIANA, and LADY BARBARA. The rumor is that each person had his own bottle of champagne. Ronnie of MOONRAKER was the hit of the party blowing bubbles. Donna brought flat face masks and the end result was a four star party.

Now comes time for the Nielsens to dinghy back to their anchored yacht. There was lots of wind, with the rain blowing horizontal and the lightning flashing. Despite invitation to spend the night the thick Dane is determined to go and soon they had run out of fuel in their dinghy. They managed to get back to the other boats where they refueled and once again headed out. Before they successfully reached their yacht they had the most exciting dinghy ride they had ever experienced.

By the next morning the weather was once again favorable and the group sailed with fair winds to Lake Montauk. KARIANA, MOONRAKER, STARDUST, RAKAMAH, WINDCALL and LADY BARBARA anchored in Lake Montauk. EMERALD SEAS and SECOND EDITION stayed at the marina. LADY BARBARA ran aground exiting the lake the following morning as the fleet headed for Montauk Point and Shinnecock Inlet. At day's end, all the yachts anchored behind Cormorant Point. EMERALD SEAS was having stuffing fox problems. STARDUST came through the canal after lowering her mast and was unable to raise it again because the gin pole broke and the mast fell. Two dinghys and six men were required to move the mast forward on the boat so it could be

THE CRUISING YEAR IN REVIEW (Cont'd.)

carried home. Cocktails were served on RAKAMAH where the food and drinks were good but the rain was hard!

The final run home was made inside from Shinnecock Bay to Great South Bay. WIND CALL had transmission troubles. The route was very pretty and well marked but the intrepid viking ran aground for 10 hours in Bellport Reach. He finally got off himself. Is this why the rest of the group don't let him lead?

THREE WEEK CRUISE 1992 — From the log of *Seadream*

SUNDAY, JULY 5 through SATURDAY, JULY 25 — SEADREAM departed from Sheepshead Bay Y.C. and rendezvoused with BBIII, DOXIE, HYDROTHERAPY, JUNIPER, MANANA, REYNARD, and YELLOWBIRD at Sandy Hook. This latter group had traveled down the Harbor from their Liberty Island anchorage in a dense fog. All had previously attended OPSAIL. An uneventful motorsail brought the fleet the Manasquan Inlet by mid afternoon where the weather had improved considerably. The group anchored west of the highway bridge.

Monday morning the group split up with some planning to go inside and others outside. SEA DREAM, BBIII and JUNIPER transited the Point Pleasant Canal against a 2 kt. current and encountered the first of many very cooperative bridge tenders. The trio anchored in Great Bay, Long Beach. Tuesday morning saw the three vessels continuing to motor south to Trump Marina in Atlantic City where they joined up with HYDROTHERAPY and REYNARD who had made the ocean run from Manasquan. Cocktails followed on HYDROTHERAPY after which the group dined and gambled at Trump Castle.

On Wednesday morning the fleet, minus MANANA who had developed engine trouble, departed for Cape May via the ocean. As the day wore on the winds increased from the south and for the last four hours there was a 20 kt. wind right on the nose. Late in the afternoon SEA DREAM anchored adjacent to the Coast Guard Training Center in company with BBIII, HYDROTHERAPY, JUNIPER and REYNARD.

The group departed Cape May Thursday morning headed up Delaware Bay for the C. & D. Canal. They motor sailed to maintain maximum speed for the 64 nautical mile trip. Most of the group anchored in the Army Engineer's basin at Chesapeake City after making good 7.3 knots over the bottom for the last hour, using reefed main. Commodore Mike Smith in YELLOWBIRD entered the basin, motored around to the various club yachts to say hello, after which he and his crew departed from the club cruise for the southern Chesapeake.

Stillpond Creek was the destination on Friday. This was a short but pleasant sail and was followed by a warm pleasant swim. The Cocktail ritual was held on SEA DREAM in the late afternoon. The evening that followed was pleasant but cool with some small chop and some flies. The following day, Saturday, July 11 saw the fleet off to the Maryland Yacht Club, southwest of Baltimore. The weather was great, providing a memorable sail. The group ate at the Club that evening after a warm welcome by the club Commodore, a former Bronxite, who graciously sent a bottle of wine to the table.

Sunday morning saw the fleet off on a short sail to Baltimore Inner Harbor, where they arrived about noon. A pleasant afternoon was spent visiting The World War II submarine U.S.S. Torsk, a Lightship, and the shops in Harbor Place. The high point of every day, the evening cocktail ritual, was held in the cockpit of SEA DREAM. This was

THE CRUISING YEAR IN REVIEW (Cont'd.)

followed by dinner ashore, then after dinner drinks on JUNIPER. HYDROTHERAPY had developed fuel problems at Stillpond and sailed without power to Baltimore. After spending a few days in Baltimore, HYDROTHERAPY would sail for home, leaving the remainder of the group.

Monday, July 13 saw the group underway for Annapolis. Sailing was good as far as the Bay Bridge, then the waves got sloppy and the weather got very hot. The group visited the City for dinner, shopping and walking. Tuesday was so hot it was decided to leave Annapolis and sail to Simple Creek on the South River. This proved to be a quiet and comfortable anchorage. The extreme heat continued into Wednesday when the fleet had a good sail to the Miles River Yacht Club at St. Michaels on the Eastern Shore. Had dinner at the Club with former SBCC sailor Bob Smith and his wife Maurine. Bob is a former Masthead editor and also past commodore of the Miles River Yacht Club. YELLOWBIRD and DOXIE joined up with the group for the first time since Manasquan.

Thursday was a lay day. Bob Smith loaned the group a car for laundry and shopping. Dinner was at the Crab Pot Restaurant. On Friday the group got underway for Rock Hall via the Kent Narrows. Stayed at an excellent marina with a great pool. The price was \$35 including electric. On Saturday it was a motor sail to the Bohemia River. The first order of business was showers, pool, fuel, ice and water, then on to a comfortable anchorage. With the continuing hot weather, anchorages were preferred over sitting in hot marinas.

Sunday, July 19 found the group underway for home with a long run to the Cohancy River, on the eastern shore of Delaware Bay in southern N.J. Had an excellent dinner ashore after the long day underway. On Monday an early start was made for Cape May because of current in the Cohancy. This day started out with the first Chinese fire drill of the trip. One of the yachts had to cut a dock line when current whipped it around as they attempted to leave. The yachts encountered fog for a good part of the trip. However, the Loran worked well and the fog lifted as the group approached the entrance to the Cape May Canal. The fleet anchored at Cape May at 1230.

On Tuesday morning the group got underway for the trip to Atlantic City. REYNARD had a fuel problem and advised she would follow later. Had a pleasant sail to Trump Marina. The following day was a lay day. Had brunch on JUNIPER, dinner at Trump's Broadway Deli and later enjoyed a show. On Thursday morning, headed north on the inside passage. SEA DREAM missed two buoys and went hard aground near Long Beach on a falling tide. After unsuccessfully attempting to get off, a small power boat came alongside, took a halyard and heeled SEA DREAM over on her side far enough to enable her to power off. It turned out the power boater was a fellow former submariner like Bill Dunleavy. Later that day the group ran into torrential rainfall. This was the first rain of the trip but it was so heavy that the group holed up in Forked River.

The following morning saw the group off for Manasquan and the same anchorage above the highway bridge that was used on the trip south. Dined ashore for dinner. Saturday morning, July 25, and the last day of the cruise, saw the group underway with a flexible destination of Fire Island or Jones or East Rockaway Inlet. The direct course to Fire Island Inlet was too uncomfortable so a course change was made for East Rockaway. This proved much better and a speed of 5 kts. was maintained. After entering the inlet, a run was made for the SBCC rendezvous at Hemlock Cove. Upon arrival this officially marked the end of the cruise, with a distance logged of 511 NM.

THE 1992 RACING YEAR IN REVIEW

By Greg Schneller

The 1992 racing season will probably be remembered for its varying conditions. It started off with the Creepstakes (which was longer than usual) and winds gusting up to 20 knots. Everyone was exhausted by the finish some two hours later except for yours truly who withdrew after a minor collision. (Sorry Hale, I didn't see you.) The first Ocean Race in a few years was held on a beautiful, breezy June day. A triangle course, twice around kept everyone plenty busy with several spin sets and jibes. First place went to Windshadow in Spin and Yellowbird in Non Spin. As usual the ALIR had many SBCC members racing their own boats or crewing for others. Gino Bottino's Ravin and Alan James' Outlaw both placed second in their divisions.

The first three days of Race Week were held in ideal conditions, sunny, warm and good winds. Race Week Windup was a different story. The wind was straight east at a steady 25 knots with gusts to 30 and swells almost 3 feet high. The run from the windward mark was dead downwind and wild broaches were unavoidable if you flew a chute. Silver Bullet took a big knockdown, followed by a broach to windward which folded their spinnaker pole in half (they were doing about 14 knots at the time). What Me Worry was the only spin boat that could successfully carry a chute and easily won the spin division.

After at least ten years of good winds and midnight finishes the Foulke Trophy race turned out to be what it was originally intended to be, an overnight marathon. More than twelve hours after starting, Quest finished and won the Foulke Trophy. The fifth and last boat to finish at 0800 was Cherry Pi.

Another unusually light air race was the well attended Turkey Race. The season ending (or beginning) New Year's Day Race was held in survival conditions. Winds were gusting to 40 knots. Five boats started the race. Many others were either smart enough not to come out or were stuck in their slips because the tide was about three feet lower than normal. When the spray settled (or froze) What Me Worry finished in first place, followed closely by Huntress in second and Ailanthus in third.

It certainly was an exciting year.

IN MEMORIAM

Life! I know not what thou art,
But know that thou and I must part;
And when, or how, or where we met,
I own to me's a secret yet.
Life! we've been long together
Through pleasant and through cloudy weather;
'Tis hard to part when friends are dear —
Perhaps 'twill cost a sigh, a tear;

— Then steal away, give little warning,
Choose thine own time;
Say not Good Night, — but in some brighter clime
Bid me Good Morning!

FLAGS AND SHAPES Flag Etiquette

The correct display of flags, signals, and ensigns is one of the more obvious marks of a yachtsman. This code is steeped in the tradition of the sea and promotes uniformity in communication and identification between yachts. The following flag etiquette covers the signals that are used daily on small or medium sized sailing yachts.

THE ENSIGN

The ensign is displayed between morning and evening colors (0800 and sunset) only:

1. At anchor or under power: at the stern staff.
2. Under sail: at the stern staff if not racing and if the boom does not overhang; or at the after-peak of a gaff-rigged sail; or 2/3 of the way up the leach of a after-most genoa-rigged sail.
3. The ensign should not be flown while racing.

THE BURGEE

The club burgee is displayed whenever the ensign is displayed, but may also be displayed separately, between morning and evening colors, or by day and night, while at anchor or under way on:

1. The masthead of single-masted yachts.
2. The forward masthead of 2-masted yachts.
3. The burgee should be replaced with a suitable wind indicator while racing.

FLAG ETIQUETTE (Cont.)

THE PRIVATE SIGNAL

The owner's private signal may be displayed by day and night on:

1. The masthead of single-masted yachts in place of the burgee.
2. At the after masthead of two masted yachts, at anchor or underway.

FLAG OFFICER' FLAGS

A flag officer shall display his flag both day and night in place of his private signal.

RACE COMMITTEE FLAG

The race committee flag shall be displayed at the main truck, in place of the flag otherwise there displayed, only while acting as the committee boat.

SIGNAL FLAGS

The starboard main spreader is to be used only for signal flags and specific flags, such as owner absent flag and guest flag.

DRESSING SHIP

When dressing ship on commissioning day, Independence Day, and on other special occasions, the following order of international code flags is recommended (starting from forward): AB2, UJ1, KE3, GH6, IV5, FL4, DM7, PO 3rd repeater, RN 1st repeater, STzero, CX9, WO8, ZY 2nd repeater. Ensigns, burgee, private signals etc. should not be included.

REQUIRED SHAPE DISPLAYS (Daylight)

1. When anchored in an area other than a designated anchorage, sailing vessels must display a single, black spherical shape. For lesser craft (those under 20 meters) the size of the shape should be "commensurate with their length."
2. When under sail and power (motorsailing), vessels are required to fly a black cone with the apex down.

CRUISE SONG (Tune: Whiffenpoof Song)

*From the sandbars at Moriches
To the Shoals of Tuckernuck
We have pressed our painted
 bottoms and our luck.
We've assembled at Great River
With our burgees raised on high
and our anchors settled safely
 in the muck.*

*Yes we've been to many places
With names we love so well,
Shelter Island, Martha's Vineyard
 and Cape Cad.
We will sing about our cruise
And drink each other's booze
And we'll dream about the good times
 we have had.*

*We're sailing folks who have found our thing
 Blow, winds, blow.
We like to laugh and we like to sing
 Blow, winds, blow.*

*We like the seas when the breeze is right
We like the glow of a harbor light,
Blue skies by day and the stars at night,
 Blow, winds, blow
 Blow, winds blow.*
