

2010
South Bay Cruising Club

CRUISE SONG (Tune: Whiffenpoof Song)

*From the sandbars at Moriches
To the Shoals of Tuckernuck
We have pressed our painted
bottoms and our luck.*

*We've assembled at Great River
With our burgees raised on high
and our anchors settled safely
in the muck.*

*Yes we've been to many places
With names we love so well,
Shelter Island, Martha's Vineyard
and Cape Cad.*

*We will sing about our cruise
And drink each other's booze
And we'll dream about the good times
we have had.*

*We're sailing folks who have found our thing
Blow, winds, blow.*

*We like to laugh and we like to sing
Blow, winds, blow.*

*We like the seas when the breeze is right
We like the glow of a harbor light,
Blue skies by day and the stars at night,
Blow, winds, blow
Blow, winds blow.*

Commodore's Message

I never really understood the “racing vs cruising” debate. For all of my early formative sailing years (a wise person once told me that smart sailors really never stop learning) I knew many of the joys that sailing small simple boats provides. Whether 10 feet off the dock or miles down the bay, the possibilities and adventures are as endless as the grains of sand at Hemlock Cove.

Later, as I fully immersed myself in the “big boat” racing scene I’d find myself yelling as I crossed traffic intersections on Monday mornings (“No room!”). The love-of-sailing infection had obviously spread from my heart, throughout my limbs, and to my brain.

The fantastic thing about our SBCC is that, by its existence, it resoundingly settles the debate. Which type of sailing is better? Why BOTH, of course. Our founders, members of very lovely “brick and mortar” clubs, knew that they were missing something essential while sitting around the pool, and set out to meet that need.

As far as I am concerned the SBCC is not just the pride of the Great South Bay, but rivals any sailing club, anywhere. No other sailing organization, anywhere, does what we do. Adding the fact that the esprit de corps and the spirit of volunteerism we have among our members are in such great measure, I’d say no club even compares.

As for the other part of the debate (which are better sailors?) that has been definitively answered for me many times, such as during a starting sequence when the only thing between the racers is moisture on the coat of wax on the hulls and all are vying for position, or during a blowing-stink gear-breaking green-faced fall series race when a neatly-reefed cruising family sails calmly by, eating bologna sandwiches and waiving to the rail meat.

The examples are endless and couldn’t be more clear about which are the better sailors: Why BOTH, of course! Some may disagree with the conclusion drawn from my 35+ years of experience on the Bay. To those, I say get out on the Bay and prove me wrong.

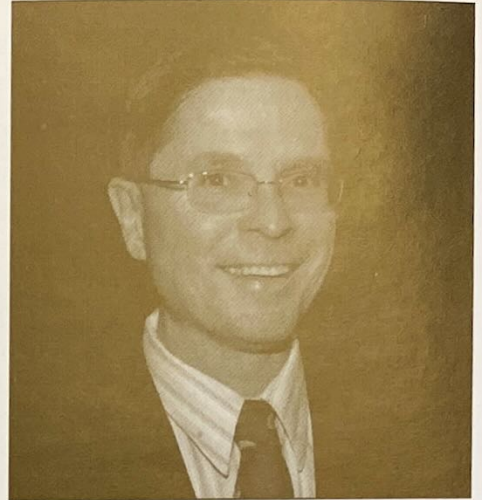

If you strictly cruise, try a race. (Hint: take the bar-b-q off the back, leave the extra heavy anchor and full wine rack at home.) If you strictly race, try a cruise. (Hint: water and fuel are not useless dead weight and cushions are not for losers.)

Go sailing. Be safe. Have fun. Get happy.

Matthew J DeMarco

Fleet Captain's Message

And to think that this all started when I was picking up my sails from their winter cleaning some years ago! I had asked Jim Reichel if he knew someone who would be willing to come on our sailboat and help us learn how to fly our gennaker. Rather than give me a name, Jim gave me a membership application for the SBCC and told me I'd find lots of people there who would be willing to do that. Soon after that, I was accepted into SBCC membership.

I can vividly remember our first Rendezvous with the SBCC. My wife, Sue, and I had heard about what to expect during a Rendezvous, but had never before rafted up with another boat. So our first time took place on a cold, nasty, and rainy day early in the season, and, as is frequently the case, we arrived late in the day at the destination that was the Oak Island Lead. Ed Hopkins was the host, and was already anchored. He graciously gave us a hand in getting rafted up to him. A few minutes later as we were getting ready to join Ed on his boat, Ed came to his cockpit in his rain-soaked raingear and handed us the drink which was the very fitting namesake for that Rendezvous - "Dark and Stormy". In spite of the weather, we had a great time, and we were soon looking forward to our next SBCC Rendezvous.

By the time you read this, Sue and I will have been a member of the SBCC for seven years. In that time, I've attended some Cruises and about 60 SBCC Rendezvous. But much more importantly, Sue and I have had the great pleasure of making many SBCC friends, and my sailing skills have been enhanced by the knowledge generously shared by those SBCC friends.

Before joining the SBCC, I thought sailing in the Caribbean would only be a dream. Thanks to our SBCC friends, we've been able to sail with them in those beautiful blue waters more than a half-dozen times.

So now you've read one person's story about some of the benefits of being actively involved in the SBCC activities. I've heard from other members about how they would never have taken their boat out of the Great South Bay, until they attended their first SBCC Cruise. Some members admit they didn't think their cockpit was large enough to host a Rendezvous, until they rafted up to another SBCC boat or two to make for a larger combined space.

If you've felt the urge to expand your sailing skills or your social circle, this is a great club in which to be a member. And for those of you who have been doing this for years, thanks for making it such a great club, and for mentoring newcomers like Sue and me, along the way!

Looking forward to seeing you on the water,

Rich Troy

P.S. So after 6 years of owning the gennaker, I finally flew it one calm sunny day on my own with Sue at the helm. It was awesome!

Regatta Captain's Message

Dear Members,

It is with great enthusiasm that I formally introduce myself as your Regatta Captain for 2010-2012. My fiancée Krista and I have had the pleasure of enjoying all of the fine events that the SBCC has had to offer us over the last several years. More importantly, we have made new life-long friendships with amazing people.

Over the winter the Regatta Committee has been hard at work to ensure a very successful start to the 2010 racing season. Some of the work that was done includes improvements to the race courses and start locations and addressing some safety concerns. Another major undertaking was to revitalize one of the best races on the bay, The Mayor's Cup. It promises to be a great event this year and I look forward to seeing everyone out there!

I would like to take time to thank the Regatta Committee for their continuing pursuit of excellence. They help to make every year better than the one before. I would be remiss not to thank all of the committees and volunteers for everything they do. We would not have a club without you! Moreover, two individuals that have gone above and beyond for the SBCC are John Holst and Chris Beach. John has taken more time than he probably cares to remember in getting me up to speed. Chris has agreed to stay on as our Scoring Chairman. It is with Chris's help that we promptly get our race results out, so we may enjoy the camaraderie that makes the post-race events so much fun. Lastly, I would like to thank the membership. It is you that has made this such an amazing club!

As always, please do not hesitate to contact me with suggestions or ideas. Remember, I am YOUR Regatta Captain. We can only make things better with your input. I am looking forward to seeing the entire club out on the race course in 2010!

Regards,

Andrew Hemingway

Our New Members

Kevin and Lindsay Brink live in West Islip and sail *Icewater*.

Tom and Marie Burke live in Bay Shore. They are both from Suffolk County and have been living in the Babylon/Bay Shore area for nearly twenty years. Tom is an engineer and Marie is an administrator for a local hospital. Their son, John, is a sophomore at St. John the Baptist High School. Tom sails mostly with his brother John. They sail *Glenbeigh*, a C&C 25, docked in the Brightwaters canal. While Marie is a non-sailor, she encourages Tom to sail as often as possible. He looks forward to participating in club rendezvous and a few races.

Giuseppe Dilibero and Andrea Cappelletti live in New York City and sail *Rowdy*, a J24, berthed in Babylon.

Chase Drossos and Brittany Haas live in Jersey City and Babylon Village. They sail *Emma*, a 24' C&C, out of Babylon Village. Chase was raised sailing with his parents from a young age on their 21' custom built wood centerboard sailboat. They cruised all around the Bay from Cedar Beach to Sailor's Haven. More recently, Chase began racing with his uncle in Bay Shore, and became intrigued with the more technical aspects of sailing. He searched all over Long Island for a suitable boat that best incorporated cruising and racing, and finally found the 24' C&C in East Hampton. He now spends weeknights racing with his dad, uncle, and friends, and relaxes on the weekends, cruising with his girlfriend.

George and Mary Dugoniths live in Coram and sail *Saga*.

Dave and Cathy Egolf live in Sayville and sail *Anjolie* from the Brown's River in Sayville.

Gerard and Nancy Gravina live in Babylon and sail *Compass Rosie*, a Gemini 105 Mc catamaran from Babylon. Their love of sailing began when Jerry took sailing lessons as a boy at Bay Shore Yacht Club, with instructors Kevin Donahue and company, along with other Club members who laid the groundwork for what has become a lifelong pastime. During the past 25 years, Nancy, Jerry's wife, has moved up the ranks from first mate to Admiral. The crew, Molly (16), Genny (14) and Gerard (10), have been onboard, since before each could walk. They look forward to expanding their cruising grounds, as well as their circle of sailing friends.

Michael and Carol Hagstedt live in Sayville and sail their catboat, *Tortuga*, which is berthed in Sayville.

Our New Members

David Hyer lives in West Islip. He joined SBCC early in 2009 and successfully raced his sailboat, a J22 US913, in Babylon Twilights and other Club races. David's dad Dave Hyer has been a member since 1992.

Barry and Donna Schlossberg live in Bayport and dock their 1988 30' Catalina on Browns River East. Barry has been on boats his entire life. They have been sailing as a family since 1983 aboard first a Catalina 25, then a 27', and finally the 30' Catalina named *Mareva* that they currently enjoy sailing. The boat's name, *Mareva*, is in memory of Barry's parents Marty and Eva whose love of boating inspired Barry and Donna to continue the family tradition of cruising the Great South Bay and enjoying Fire Island. The Schlossbergs raised their two children, Rachel (19) and Evan (15) aboard the *Mareva* and they both share the love of sailing and Fire Island. They love the rendezvous and camaraderie of the club and look forward to many years of remaining as members.

Jane and Jack Tinelli live in Brightwater and sail *Jayne Heir*.

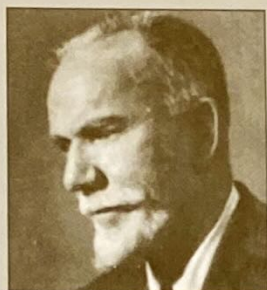

Many thanks to our photographers, who submitted such wonderful pictures to remind us of so many good times last year. Here's the listing of people who submitted pictures to this SBCC Yearbook:

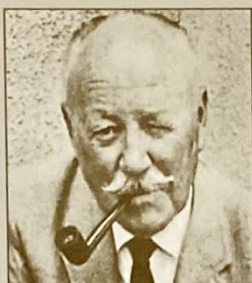

Dorothy Becker	Chase Drossos	Richard LaBella	Vince Piazza
Bob Bennett	Ted Drossos	Bill Ludlum	Ed Pshedesky
Della Bucher	Mike Duffy	Harry Manko	Russ Roberts
Sandy Carlberg	Tara Fierenze	Dotty Max	Barry Schlossberg
Corrine Conger	Jarett Fifield	Richard Mourino	Bob Sheppard
Dennis Connor	Eric Forsyth	Marty O'Connell	Arlene Swenson
Peg Daisley	Joe & DJ Greco	Dave O'Donnell	Rich Tesoro
Bob DeSimone	Jim & Debbie Harris	Dick Parker	Joe Waits

Honorary Life Members and Past Commodores

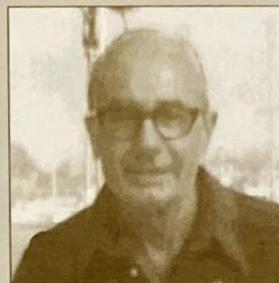

The SBCC grants honorary life membership to all Past Commodores, in recognition of their devotion and duty to the Club. Each of them has contributed time, talent, and friendship to help make the South Bay Cruising Club the success it is today.

Change Of Watch

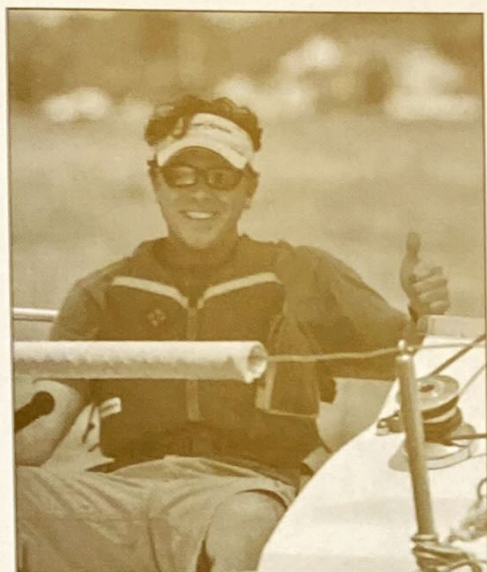

Commissioning Day

Commissioning Day

Creepstakes Race

Cruising and Rendezvous Program

CRUISES

Early in the year, the Fleet Captain and the Cruise Committee put out an inquiry to the membership for opinions to work out tentative cruise itineraries. Plans for an extended two week and three week cruise off the bay are asked to be submitted to be put forth to the membership. A One Week Cruise Around the Bay has traditionally been held the week after the annual blast.

When a member(s) submits a plan for a cruise, that person(s) will act as Cruise Captain. The Cruise Captain will submit a draft itinerary of dates, ports of call, and activities to be published in the Masthead. A meeting date will be announced to present the cruise itinerary to the membership, usually in March. A final itinerary with dates, times, tides and activities will be given out to members who plan to sail on a cruise of their choice.

During a cruise, the itinerary may have to be adjusted due to weather. The Cruise Captain's responsibility is to keep the fleet informed of daily plans and/or changes that may occur. It is also the responsibility of the captains participating on a cruise to advise the Cruise Captain if they plan to leave the cruise and go their own way.

THE SBCC RENDEZVOUS

The designated HOST boat should hoist the large burgee supplied by the Fleet Captain. All hands are invited to attend. Rendezvous usually begin around 1630 hrs. and last for about 2 hours. It is customary in the SBCC to bring your own drinks and to contribute to the snacks. Boat names should be on your bowls or platters and taken back to your boat. Pets should be left on their owner's boat. It is the duty of the HOST boat's captain to take a list of the boats that attend the rendezvous and stay the night until 6 am the next morning. That list should be given to the Fleet Captain as soon as possible by email.

Rendezvous are not normally cancelled due to inclement weather, but will be cancelled in the event that severe weather is forecast.

In the event the HOST captain is unable to attend their scheduled Rendezvous, it is expected that the HOST captain will obtain a substitute HOST boat and captain for the event, and then notify the Fleet Captain by telephone.

RAFT-UP PROCEDURE

It has been tradition that no invitation is necessary to join a raft-up at a SBCC rendezvous, **weather permitting**, but please ask the HOST boat for permission to raft-up for the duration of the rendezvous. After the rendezvous, you should leave the raft and anchor nearby. While attending the rendezvous, please treat other boats as you would your own.

Club Races and Awards

Over the course of our Club history, many special races, trophies and awards have been developed to meet the needs and interests of SBCC members. The late Gene Reardon, our past historian, compiled a brief description of some of these.

Perseverance Trophy – Donated by Fred Schnur in 1951. A consolation prize for the last boat to finish in the West Island Race. It was discontinued in 1994.

West Island Race – A race, established in 1951, in which a boat could sail the published course in either direction. This tested the skippers not only in the normal racing skills, but also in the added factors of predicting the winds, waves, tides and currents in the selection of which way to go around West Island. This race was the brain child of Hervey Smith and was originally called "The Annual Race". This is normally the best attended race of the season.

Annual Cruise Award – This was designed to reward the best planned and executed cruise. Established in 1952, it originally required the submittal of an itinerary in advance. This award transformed itself into the Blue Water award in 1964. In 1967 the Green Water Award was added.

Ocean Race – First sailed in 1953, it was sailed from just outside of Fire Island Inlet to either Jones Inlet or to an offshore buoy. Typically, it was about a 25 nm race. It was originally called the Lightship Race and, for a period between 1954 and 1961, it was replaced by the Night Race.

Foulke Trophy Race – Established in 1954 in honor of J. Brion Foulke Jr., for the best corrected time in a race from Babylon to Bellport and return, finishing after dark. Beginning in 1959 it was required to keep south of West Island on the eastbound leg. This requirement was dropped in 1961.

Smith Trophy Race – This trophy was donated in 1954 by Hervey Smith in memory of his father. It was for a day race sailed in Patchogue Bay that was conducted by the Wet Pants Sailing Association as an invitational. In 1972 the race was moved to start in Bay Shore and run by the SBCC.

Ladies' Race – From its inception in 1955, the helmsman was required to be female. Beginning in 1966, a special award was given to the boat with not only a female skipper, but also an all female crew.

Commodore's Cup – Established in 1956 by Commodore Henry Post. Bestowed upon the boat with the best combined times in the Labor Day Weekend races, Babylon to Bellport, and Smith Trophy at Sayville. A special effort was made to encourage the entire family to be involved. In 1957 it became a single race from Timber Point to Bellport, and in 1973 it became a closed course race, sailed in Nicoll Bay.

Windjammer Trophy – Given to the boat that sailed the greatest distance on a Club cruise. The skippers computed the distances from their logs and submitted a report to the Cruise Committee. This award had a short life from 1957 to 1959.

Single-handed Creepstakes – Started in 1960 for a race in which only the skipper was on board. Beginning around 1980, spinnakers were also permitted. The spinnaker experiment was terminated around 1989 after several close encounters.

Deale Trophy – Created in 1963, in memory of William H. Deale, for the best corrected time in the West Island Race.

Club Races and Awards

Sympatico Cup – This trophy was donated by Merritt Smith in 1963. It was originally called the Regatta Committee Trophy and is bestowed upon the last boat to finish in the Foulke trophy race. It was discontinued in 1984.

Character Cup – Donated by Ev Seidenberg in 1965, for the individuals contributing to "the legend and lore of the Great South Bay". Last awarded in 1968.

Broadside Trophy – Established in 1966 by Boyd Max, to be awarded to the first boat to cross the finish line in the Ladies Day Race with an all female crew - thus the Broadside cannon salute to the skipper. This trophy was retired in 1982.

Governor's Cup – Created in 1966 by the SBCC Board of Governors for the best total score in the West Island, Foulke and Commodore's Cup races.

Patricia A. Kelly Trophy – Created in 1982 by the SBCC for the best corrected time in the Ladies Race with an all-female crew.

Cary Pearsall Trophy – For the best corrected time in the Cary Pearsall Race. First awarded in 1993.

Cruising Awards

Cruising Awards are given for participation in any of the Club's organized cruises. To qualify, a yacht must anchor or tie-up with the fleet for at least 50% of the time designated for a cruise by the Fleet Captain. The Fleet Captain will submit a list of yachts eligible, based on cruise attendance records.

Rendezvous Awards are given, at the Fleet Captain's discretion, to boats that attend a minimum number of rendezvous.

Blue Water Award – To recognize a well-planned and well-executed extended offshore cruise. Begun in 1964 and awarded occasionally, as deemed appropriate by the Awards Committee. It was the outgrowth of the Annual Cruising Award.

Green Water Award – Begun in 1967 to recognize a cruise of significantly greater distance and duration than the regular Club cruises. It was also an outgrowth of the Annual Cruising Award.

Cruising Club Crock – Begun in 1969 and given anonymously. It was for first place in the Character Boat Beauty Contest and Race and was originally called the Character Boat Perpetual Trophy. Competition was by invitation from the Selection Committee. In 1979 this trophy was changed to the best corrected time by a Club boat in the Around Long Island Race.

Sheila Daytz Trophy – Begun in 1993 and given to the boat attending the greatest number of Club Rendezvous in a season.

The Ken Kondor Trophy was created in 1995 and is awarded to the boat that does the most combined cruising and racing. To qualify, a boat must complete at least four races and get credit for four rendezvous. A boat gets one point for completing each race, an additional point for placing in a race, two points for attending a rendezvous and one point for hosting a rendezvous. The trophy is awarded annually at Commissioning Day.

SBCC Notice of Race and Sailing Instructions

I. QUALIFYING TO RACE

Sailboats eligible to race in accordance with the South Bay Cruising Club (SBCC) bylaws owned or chartered by SBCC members in good standing are encouraged to participate in club races.

A. INTENT OF PROGRAM

All sailboats are assumed to comply with the manufacturers' standard hull and accommodation plans. It is the responsibility of the owner of any vessel that has been materially modified or is of a unique design to inform the Handicap Committee of the irregularity prior to racing. Such vessel will then be reviewed by the Handicap Committee and rated accordingly.

B. EQUIPMENT

All equipment required for the participating vessel is to comply with Federal, State and Local requirements. It is strongly recommended that all sailboats participating in a SBCC sanctioned race on the Great South Bay comply with US Sailing from ISAF Category 4 & 5 equipment requirements. www.ussailing.org/safety/ISAF/cat5.htm

C. INSPECTION POLICY AND PROCEDURES

With the permission of the owners or their representatives, the SBCC measurer or designated assistants may conduct random inspections to confirm compliance with equipment and handicap declarations of any SBCC sailboat racing in SBCC sponsored races. These inspections may also be requested to resolve protest issues.

D. HANDICAPS

The SBCC fleet includes many different types of sailboats. In order to make race participation attractive to as many members as possible, SBCC handicap racing is offered. Under this system every yacht in the fleet is given an SBCC rating. Updated information on the SBCC Handicap process is available on the SBCC web site.

Handicap forms may be obtained from the SBCC web site (www.sbccsail.org) or by contacting the Handicap Committee. Yachts that do not have a handicap form on file will be assigned a base handicap. In this case the committee may give a handicap that is less favorable than that which could be obtained by filing a handicap form. The form must be updated when a change is made to the boat.

E. HANDICAP APPEAL

A skipper who believes the yacht's handicap might deserve correction may request a handicap review by submitting a written request to the Handicap Committee stating the reasons he or she believes a review is in order. The Handicap Committee will respond in writing within 10 days and the new handicap, if any, will take effect as of the date of the written decision. Skippers who are not satisfied with their decision have recourse by appealing directly to US Sailing. The appeal to US Sailing can only be done once in each calendar year. Contact the Handicap Committee or US Sailing for the procedure and current cost.

F. SBCC HANDICAP CLASSES

Spinnaker, Non-Spinnaker and Corinthian classes are scored under the SBCC handicap system. The Non-Spinnaker and Corinthian classes sail inventory is restricted to use of only those sails that can be correctly flown on all points of sail. In these classes, only one headsail may be flown in the foretriangle at any one time. Yachts handicapped as having permanent double head rigs will be permitted to fly their staysail when racing in these classes.

SBCC Notice of Race and Sailing Instructions

Members may change classes as often as they desire, as long as it is done before the warning signal and they inform the Race Committee.

G. RACING NUMBERS

Racing numbers, either US Sailing or SBCC, are required on mainsails, spinnakers, and overlapping headsails with an LP of greater than 130% of J. Numbers shall be integer values with no leading zeros and have high contrast to the sail. This modifies RRS, 77.

H. MEMBERSHIP RESTRICTION

No boat shall race in an SBCC-sponsored event (except invitationals) unless skippered by an SBCC member or associate. However, a member's boat may be skippered by an associate without a member on board only twice in one season, and only once in any series.

II. RACING RULES

A. RULES

The races and series will be governed by the rules as defined in The Racing Rules of Sailing except as otherwise specified in these instructions. Government navigation buoys not stated as being marks of the course may be disregarded at the discretion of the skipper.

B. CHANGES TO SAILING INSTRUCTIONS

Any change to the sailing instructions will be posted before 0900 on the day it will take effect, except that any change to the schedule of races will be posted by 2000 on the day before it will take effect. Changes will be made by posting on the SBCC official notice board which is the SBCC website located at www.sbccsail.org.

III. RACE PROGRAM

A. RACE SCHEDULE

SBCC sponsors numerous races and participates in various invitationals as set forth in the race schedule. See schedule for details and special notes.

B. COURSES

Courses used for SBCC races and some invitationals are set forth at the end of these instructions. They are grouped by starting area as follows:

"Babylon" "Bay Shore" "Nicoll Bay" "Watch Hill" "West Babylon"

For each of these areas a variety of courses are described in Section X, "Race Courses," each bearing a distinguishing number. The course selected will be signaled from the committee boat by the appropriate numeric pennant. In addition, the RC may indicate a "Special" course. For "Special" see the RC for details.

The Race Committee may designate different courses for each class except for the Commodore's, West Island, Foulke, and Smith Races, as set forth in Section X.

C. SERIES RACES

Bay Shore & Babylon Twilight Series – These are four race series as determined by the race schedule. These series will have one throw-out provided the series is at least two races. In the event that only one race can be sailed, one race constitutes a series.

SBCC Notice of Race and Sailing Instructions

Great South Bay Yacht Racing Association (GSBYRA) Race Week - This is a multi-day event. All yachts must register with the host club and pay a registration fee. Check the Masthead for details or inquire with the GSBYRA.

Fall Series 1 & 2 – A two race series held in the fall.

D. SPECIAL RACES & EVENTS

Ed Brooks Memorial New Year's Race – This race takes place on New Year's Day with the starting area off the Babylon Village dock. Post race awards and festivities are usually held after the race. Race awards begin after 1500 hours.

East Cup – This is an event jointly run between the SBCC and the Wet Pants Association. Race awards will be given at the Wet Pants Association facility.

Babylon Yacht Club July Invitational Series - This is a multi race series with no throw-outs. The courses, starting sequence, and other race instructions will be provided by the Babylon Yacht Club and will be available from the committee boat on station prior to the first race or at the Babylon Yacht Club. You must register with the Babylon Yacht Club to race the Babylon Yacht Club July Invitational Series.

Single-Handed Creepstakes - Only the skipper is allowed aboard during race. Two classes: 27 feet LOA and over; and under 27 feet LOA. Non-Spinnaker only. Y Flag is in effect for the race - PERSONAL FLOTATION DEVICES MUST BE WORN.

Turkey Race - This is the season finale with an after-race gathering at a place to-be-announced by the Regatta Committee.

Sayville Yacht Club (Jack's Trophy) - This is a two-race series sailed over two days. It will be scored by the SYC as the arithmetic sum of the corrected times of the yachts participating in both races. A party is scheduled that Saturday night for all participants who pre-register. See SYC race committee for a handout and details and register with the SYC.

Spring Family Race - A Non-Spinnaker race leaving from Watch Hill Sunday morning. Crew must sleep aboard their yacht Saturday night at Watch Hill. Start time to be announced by committee boat at dock.

Fall Family Race – A Non-Spinnaker race leaving from the Atlantique Boat Basin Sunday morning. Crew must sleep aboard their yacht Saturday night at the Atlantique Boat Basin. Start time and course may be published in the Masthead and will be announced by committee boat at dock.

West Island Race – This race originates in Bay Shore, circumnavigates West Fire Island, and may be sailed in either direction.

SBCC/BYC Babylon Cup – An event run jointly by the SBCC and the BYC. A get-together will be held at the BYC Clubhouse, including trophy awards. Check the Masthead prior to the event.

SBCC Notice of Race and Sailing Instructions

West Cup – A Friday-evening event held in conjunction with the Unqua Corinthian Yacht Club and the SBCC. A post race party at the UCYC will follow the race. Check the Masthead prior to the event

Foulke Trophy Race – Also known as the night race. Approximately 30 miles with a late afternoon start. Yachts will start at different times based on their handicaps. The race will be scored 'Time-on-Distance.'

IV. RACE SCORING AND TROPHIES

A. SCORING METHOD

SBCC races will be scored using the time-on-time method unless the note for an individual race states some other method. A time factor is obtained using a formula based on handicap and elapsed time. This time allowance is then multiplied with the yacht's elapsed time yielding the corrected time. The yacht with the lowest corrected time is the winner.

The Corrected Time (CT) is computed from the Elapsed Time (ET), the boats handicap (HC) and a factor, B. The formula used for CT is the following, where the times are expressed in seconds:

CT = ET X 650/[B+HCP] where B is defined as follows:

650 for an average wind speed of less than 8 knots

550 for an average wind speed of 8 to 15 knots

480 for an average wind speed of greater than 15 knots

In determining the winner of the perpetual trophies (Section IV. F), the race scorer will apply an adjustment between the winner of the spinnaker class and non-spinnaker class if it is determined that the spinnaker class carried the spinnaker to advantage for at least one third of the race.

Preliminary race results are available to each participating skipper shortly after each race by e-mail. The official results are printed periodically in the Masthead and posted on the SBCC web site.

B. SERIES SCORING

The Twilight Season Championship Series and each of the individual twilight series will be scored using the Performance Gradient System (G), developed by Bill Grauer. The Performance Gradient is calculated for each boat, in each race, based on the following formula:

$$G = 1 - [(p - 1)/(n + 1)] - [1/\{2(n - 1)\}];$$

Where *p* is the boat's finish position (1 for first place, 2 for second place, etc.), and *n* is the number of starters in the race. The details and rationale behind the Performance Gradient System can be found on the SBCC website at: [www.sbccsail.org/The Performance Gradient System.pdf](http://www.sbccsail.org/The%20Performance%20Gradient%20System.pdf).

The Performance Gradient will therefore be a number greater than zero and less than one. Boats that did not come to the starting area, that did not start, did not finish, retired after finishing, or were disqualified shall be given a *p* equal to *n*+1 (number of starters in the race plus one). Rule A9 will not apply for series that use the Performance Gradient System.

SBCC Notice of Race and Sailing Instructions

In general, for a series in which there are no throw-outs, the boat's **G's** are added together and then divided by the number of races to obtain an Average **G**, or **AG**. The boat with the highest **AG** wins. For a series that uses the best **X** races, the top **X** races are added together and divided by **X** to derive an **AG**.

For the individual Twilight Series, there will be one throw-out race. The **G's** earned for each remaining race are added together. The total **G** is then divided by the number of races counted to derive **AG**. There shall be three Twilight Season Championships: Bay Shore, Babylon Spin and Babylon Non Spin. The Season Champion in each of these shall be the boat with the highest season **total AG** for that venue/division.

C. SERIES TIE BREAKER

Ties for a series shall be broken in accordance with RRS, A8.

D. SERIES SCORING FOR COMMITTEE BOATS

Boats that serve as the committee boat for one race in a series will receive a **G** for that race based on the average of the **G's** earned in the other races in which it was a starter, as follows.

There must be at least two races available to compute an average **G**. If the committee boat (CB) does not have at least two races in which it was a starter then the CB will not get an adjustment for the race and instead will get a **G** computed with a **p** equal to **n+1**. However, if the CB has two or more races in which it was a starter, then all the races started (up to a maximum of the number of races used for computing the series score) will be used to compute the average **G**. Thus, for a four race series in which one throw out is allowed, and if the CB did all the other three races, then the CB will receive an adjustment equal to the average **G** from the three races sailed. Or, if the series is the best seven out of nine, and the CB did all the other eight races, then the best seven races will be used to determine the average **G** for the CB adjustment.

The committee boat will only receive the adjustment for one committee assignment in a series. If a boat does more than one assignment, the adjustment will be given to that race which is most beneficial to it.

The **G** for the CB adjustment will be included in determining the series standing, just as if the CB had actually raced in that race with the average **G** adjustment.

E. RACE TROPHIES

Trophies for individual SBCC races (when not part of a series) will be awarded to each class, according to the following schedule:

Number of Starters

2 or 3

4 through 6

7 through 14

15 or more

Trophies for

1st

1st and 2nd

1st, 2nd, and 3rd

1st, 2nd, 3rd, and 4th

In any SBCC series, the greatest number of starters in any race will govern the number of trophies awarded for that series.

F. PERPETUAL TROPHIES

Perpetual trophies are awarded for one year only. They are awarded to the SBCC yacht with the best-corrected time based on the method specified in section IV. A. Except for the Pearsall Cup.

SBCC Notice of Race and Sailing Instructions

The Club will award six perpetual trophies, as follows:

- Commodore's Cup** - Best corrected time in the Commodore's Cup race.
Cruising Club Crock - Best-corrected time in the Around Long Island Regatta scored with SBCC Handicaps.
Deale Trophy - Best corrected time in the West Island race.
Foulke Trophy - Best corrected time in the Foulke Trophy race (night race).
Governor's Cup - Best total score for the Commodore's Cup, West Island and Foulke Trophy races.
Smith Trophy Distance Race - Best corrected time in the Smith Trophy race.
Pearsall Cup - Best corrected time for the West Cup race.

It is the responsibility of the winner of the perpetual trophy to return it by October 1st to the Trophy Chairperson for engraving with the following year's winner. Keeper cups are given to winners of these trophies and their names are engraved on the perpetual trophy.

V. COMMITTEE BOAT ASSIGNMENTS

A. SERVING AS COMMITTEE

The SBCC depends upon the cooperation of all members. Being the Committee Boat for a race is an important responsibility. Reliable, timely, and accurate performance is essential. Prior to their race, Race Committees should contact Scoring to arrange reporting of results.

Race Chairpersons are assigned by the Regatta Committee, and listed in the Race Schedule. These assignments are obligatory.

B. CHANGES

A Race Chairperson may switch assignments with another Race Chairperson provided that the Regatta Captain is notified at least 24 hours before the race. Arranging such changes is the **sole responsibility of the assigned skipper** and does not relieve him or her of responsibility.

C. PENALTIES

Any Race Chairperson who willfully fails to do his or her assignment shall not be scored in any SBCC race for a period of one year from the date of his or her scheduled Committee Boat assignment. As an alternative penalty, a Race Chairperson who failed to do his or her race assignment for the first time in the racing season will be scored in SBCC races after payment of a \$100 fine payable to the SBCC.

VI. STARTING LINE AND FINISHING LINE PROCEDURES AND RULES

A. CLASS STREAMERS

Racing yachts are required to fly streamers from their standing backstays. Streamers should measure 4"x18".

Creepstakes

Class

27 ft. LOA and over

Under 27 ft. LOA

Failure to display the appropriate streamer may be considered grounds for disqualification.

SBCC Notice of Race and Sailing Instructions

B. CODE SIGNALS

The code flags below are special SBCC course flags:

- R** - Sail the designated course in the REVERSE direction. Leave or round all marks on the opposite side.
- T** - Sail the designated course TWICE around.
- U** - Sail the designated course THREE times around.
For T and U round the pin /X-Mark on the same side as the next mark of the course. For Bay Shore course #2 this instruction does not apply.
- V** - Finish at the Babylon Y.C. dock. This is not recommended for Twilight Races.

The following Racing Rules of Sailing (RRS) code flags are some of the more common race signals used during SBCC conducted races. While not all signals are listed, racers are expected to know all of the race signals and their definitions.

- L** - Come within hail for instructions. This signal is accompanied by one gun.
- S** - When flown after the start, (accompanied by two guns), finish between the Committee Boat and the mark where the course is shortened. For this purpose the mark is the pin and is no longer a turning mark.
- X** - Individual Recall. This signal is accompanied by one gun.
- Y** - Personal buoyancy devices are required. This signal is accompanied by one gun.

C. STARTING

Races will be started in accordance with Rule 26, as summarized below.

Signal	Flag and Sound	Minutes before starting signal
* Warning	Class flag and 1 sound.	5
Preparatory	P flag and 1 sound.	4
One-minute	Remove P flag and 1 long sound.	1
Starting	Remove class flag, 1 sound.	0

* Approximately one minute before the warning signal for the first class to start, the RC will make 3 or more, quick sound signals.

The Race Committee may utilize a 'keep-off' (anti-barging) buoy. If one is used, this is not a temporary or accidentally attached object, and is therefore part of the committee boat.

D. STARTING SEQUENCE

The following class flags shall be used, and the classes will be started in the following order.

Class Flag	Regular Start	No - Spin Start	Creepstakes Start
Red	Spin	N/A	LOA $\geq$ 27'
Blue	Non-Spin	Non-Spin	LOA < 27'
Yellow	Corinthian	Corinthian	LOA < 27'

At the starting signal, the Race Committee may announce "all clear" if no boat is on the course side of the starting line.

SBCC Notice of Race and Sailing Instructions

E. STARTING LINE ETIQUETTE

Racing skippers are reminded to stay clear of the starting line until the Preparatory Signal for their class. Classes not starting are to remain clear of all yachts in the division before them. Failure to do so may result in a protest that may lead to a disqualification. No yacht will be disqualified without first being given a direct and specific written warning.

F. RECALLS

As per The Racing Rules of Sailing published by the US Sailing Association (Rule 29). Yachts OCS (On the Course Side) will be penalized by having 30 minutes added to their elapsed time. This modifies RRS 28.1.

G. FINISHING

The finish line is determined by the "X" mark (or buoy) and a blue flag on the Committee Boat or Committee Platform.

H. VHF COMMUNICATIONS

VHF radio watch shall be maintained during a race utilizing Channel 72 for communication. Radio communications may be utilized to relay information on unusual situations during races such as postponements, recalls, withdrawals, etc. However, Race Committees may not always use VHF radio so it should not be relied on as the sole means of communication. Racers are requested not to initiate communications with the Race Committee from the time of the warning gun to the time that the last class starts.

I. OTHER INFORMATION

Contact the Race Committee for that race or check the SBCC web site for any last minute information. www.sbccsail.org

VII. TIME LIMIT

The time limit for each race is stated in the notes to the Racing Schedule. The time limit for all classes starting after the first class will be extended so as to allow all classes to have the same amount of racing time. If any yacht finishes within the time limit for her class, it is a race for her class. Yachts finishing after the Committee Boat has left its station should record their time and report it to the Race Committee as soon as possible.

VIII. PROTESTS AND REDRESS

The Protest Committee will only entertain protests made in conformity with U.S. Sailing Rules 61, 61.1, 61.2 and 61.3. Requests for redress must conform to Rules 62, 62.1, and 62.2. Rule 61.2 Protest Contents, "A protest shall be in writing," is amended to "a protest shall be in writing using only a U.S. Sailing Protest Form". Requests for redress shall also be submitted in writing on a U.S. Sailing Protest Form, which amends Rules 62.2 to the extent it presently provides "the request shall be in writing." The time limit for protesting or requesting redress is one (1) full business day after the last boat in the race finishes, except where the rules provide otherwise. The protest/request for redress is to be mailed, showing a postmark by the postal service, or e-mailed to the Protest Chairman within the time limit. The Protest Committee will attempt to hold a protest/redress hearing by the second Monday after the time limit has expired. If a party to the hearing of a protest or request for redress does not come to the hearing, the Protest Committee may nevertheless decide the protest or request. A party may appear at a hearing through its representative by telephone conference provided arrangements to do so are made with the Protest Chairman 24 hours prior to the scheduled hearing date.

SBCC Notice of Race and Sailing Instructions

X. SAFETY

It is the exclusive responsibility of each skipper to decide whether or not to start, continue, or drop out of any event. The South Bay Cruising Club does not assume any liability for the decision of any participant. The Board of Governors of the South Bay Cruising Club recommends that all owners and skippers carry liability, as well as hull insurance, to protect all parties from the financial consequences of an accident.

For answers to questions regarding minimum U.S. Coast Guard equipment requirements, contact: **Coast Guard Safety Info Line, weekdays between 8am and 4pm 1-800-368-5647.**

SBCC Notice of Race - Race Courses

X. RACE COURSES

COURSE INSTRUCTIONS

1. When passing through the Robert Moses Causeway, the center span must be used.
2. When the designated course is to be sailed twice around, the "X" mark is a mark of the course the second time around. It is to be rounded on the same side as the next mark of the course unless otherwise specified.
3. For all Yacht Club Invitational races please see special Sailing Instructions for the event.
4. All marks are to be rounded or left on the side indicated.
5. The wind directions listed to the right of each course serve as an approximation of the suitability of that course under current wind conditions. Every attempt will be made by the Race Committee to select a course with a balanced upwind start.

BABYLON COURSES

Start and Finish established by the Race Committee (RC); at Willets Creek; off West Islip Marina; or (in the case of course 3) at "9". If finishing at the Babylon Yacht Club dock, the RC shall display code flag "V". If it is used as a mark of the course, leave "9" to starboard the last time it is rounded when finishing at the Babylon Yacht Club dock. It is not recommended that code flag "V" be used for twilight races. DO NOT RUN A DOWNWIND START.

MARKS

- "X" an Orange or Yellow SBCC Special Buoy
- "1" Flashing Green No. 1 in Great Cove
- "3" Flashing Green No. 3 off Bayberry Point
- "6" Red Nun No. 6 just east of Robert Moses Causeway

1. See instructions III. D. – SPECIAL RACES.
 2. See instructions III. C. – SERIES RACES.
 3. Invitational Race-Obtain information from sponsoring club.
 4. **NOT USED**
 5. Finish at Babylon Yacht Club.
 6. Requires registration fee.
 7. SBCC Invitational open to members of GSBYRA* affiliated clubs.
*Monohull boats only.
 8. **NOT USED**
 9. Same course for spin and non-spin classes.
 10. Personal Flotation Devices must be worn by entire crew.

TIME LIMITS

11. 2230 for Twilights.
12. 1800.
13. No time limit.

Our Affiliations & Accomplishments

The GSBYRA (Great South Bay Yacht Racing Association) Delegate: Kevin Regan

Founded in 1906, the Great South Bay Yacht Racing Association (GSBYRA) is a not-for-profit local sailing organization that promotes recreational and competitive sailing on the Great South Bay from Cedarhurst to Westhampton. The GSBYRA welcomes recreational and competitive sailors and volunteers of all ages and abilities to participate in sailing activities. Its mission has evolved over its 102-year history, but its focus has always been on promoting sailing. This is done through a number of channels, including:

- **Organizing and hosting interclub regattas through its 17-member clubs**
- **Communicating between member clubs, fleets, and sailors through open meetings**
- **Scheduling and running local Championship events according to US Sailing**
- **Providing sailing grants to sailors who pursue post-secondary education**
- **Hosting clinics and seminars on sailing skills, programs, rules, safety, and race management**
- **Providing a regional Appeals Committee for US Sailing**
- **Providing Great South Bay sailors with a voice at US Sailing**

Each year the GSBYRA provides a yearbook and website (www.gsbyra.org) which detail its great history, trophy description/winners, and complete mission.

SBCC is a strong and active club in GSBYRA, with the most active PHRF racing of all the member clubs. For 2010 SBCC and GSBYRA are working together to increase participation in GSBYRA and SBCC events with the introduction of short course racing in Bay Shore and Race Week. All sailors are encouraged to support GSBYRA. The GSBYRA is an all-volunteer organization made up of individuals who work tirelessly for the love of sailing. The SBCC has been a longtime supporter of the GSBYRA and your individual support is important and appreciated. Each year you can choose to add your \$7.00 annual member dues directly to your SBCC dues payment, or you may send payment directly to GSBYRA.

If you have any questions or comments about GSBYRA, contact your SBCC Delegate, Kevin Regan, at kregan@reganagency.com or 631-521-1290.

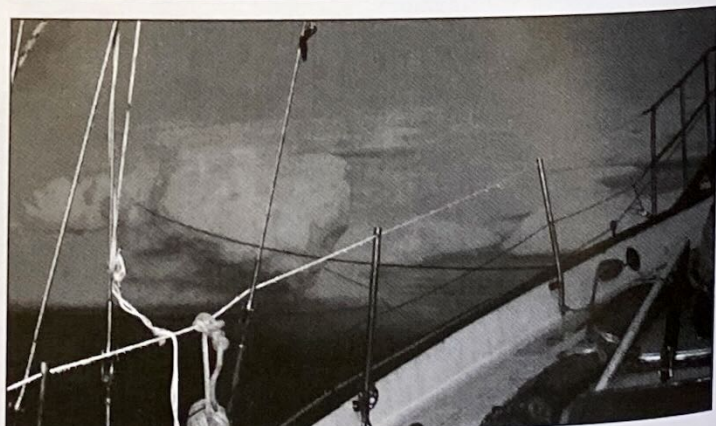

In Memoriam

John Everitt suffered a fatal heart attack during the 2009 Babylon Yacht Club July 4th Invitational. John was a former GSBYRA President and devoted his entire life to promoting sailing on the Bay. He passed doing what he loved.
The sailors of SBCC will miss him.

We've Been Sailing Places

Northwest Passage from Eric Forsyth

After close encounters with drifting ice and a polar bear, Eric Forsyth and the crew of *Fiona* completed their transit of the Northwest Passage. Eric plans to return to Long Island in May 2010 via the Panama Canal. For more, visit Eric's website at: www.yachtfiona.com

We've Been Sailing Places

Cruise On The Intracoastal Waterway from Debby and Jim Harris

We departed Zach's Bay on Oct. 6th. Our first stop was Barnegat, N.J., then Atlantic City, and Cape May NJ, Then up the Delaware through the C&D Canal and into the Chesapeake from which we entered the Intracoastal Waterway in Norfolk, arriving in Jacksonville, Florida on Nov. 5th. We traveled a total of 1,130 miles in 30 days.

We've Been Sailing Places

Cruise - To Cape Cod and Beyond July 6 - July 24 from Margaret Christiansen

Monday July 6th:

After a wonderful time spent with the official two-week cruise to Martha's Vineyard, *Arcadia*, *Kariana*, and *Maggie Lee* leave the Vineyard for their first stop, Osterville. We spend three days moored in a quaint harbor surrounded by large beautiful homes. The town offers gourmet shops, art galleries and more. In the past, the marina delivered warm pastries and the newspaper to our cockpit each morning. While here we catch the bus to Woods Hole and tour the Aquarium, the Historical Museum, the old boat shop, as well as the shops in town.

Friday July 10th:

After going through the Osterville bridge for fuel, water, and pump out, we head for Cuttyhunk and its famous Fishing Club B&B breakfast. No moorings are left in the inner harbor, but calm SW winds allow the outside moorings to be a wonderful experience. *Arcadia* makes chicken casserole and blueberry cobbler under way for all to enjoy. The night sky is filled with stars. We can smell bonfires on the beach, and see the Island lights scattered up the hillside. We plan an early departure for Newport and forego the B&B breakfast, due to the forecast.

Saturday July 11th:

Motor sail to Newport and arrive at Brenton Reef greeted by a spectacular scene. Yachts racing, large sailing ships, a huge commercial ship and many sailboats are all around. We pick up moorings and spend the next three days enjoying Newport. The town is steeped in maritime history and everyone enjoys being moored near the schooners and America's Cup boats sailing right through our mooring field.

Wednesday July 15:

Early departure for Stonington, Connecticut. From there, *Kariana* suggests we taxi to Mystic Seaport tomorrow, but tonight we'll be watching the Wednesday night sailboat races held in the inner harbor. The start of the race is right off our boat. What a challenge for the launch driver who takes the crew of *Maggie Lee* and *Arcadia* to *Kariana* for dinner, right in the middle of the race.

Thursday July 16:

After a rolly night on the mooring, *Maggie Lee* decides to take a slip at Dodson's Marina for the second night. We have a great breakfast at "Kitchen Little", a restaurant on the Mystic River that serves breakfast like the Black Dog. Mystic Seaport is a seafaring village that is alive with the sights and sounds of 19th century maritime America. We enjoy the tall ships and all there is to see and do here. Later, the Cafe at Dodson's Marina has live music and comfy Adirondack chairs by a fire pit.

Friday July 17:

Heading to Essex, Connecticut and the beautiful Connecticut River. We all have difficulty picking up moorings, due to the river's current. *Arcadia* has a minor collision with a moored sailboat, when *Arcadia*'s transmission gets stuck in reverse. Carole is shook up and says she'll never cruise again. In town the farmers market on the green and the gourmet shop provide makings for dinner on board *Maggie Lee*. Despite the rain we have a great time.

We've Been Sailing Places

Saturday July 18:

A relaxing morning onboard, then back to town for lunch and a tour of Essex, including Essex Island Marina. After dinner at the 1700's Griswold Inn, we squeeze into the bar to enjoy great entertainment. Laugh, sing, and have a ball! It is a very memorable evening.

Sunday July 19th:

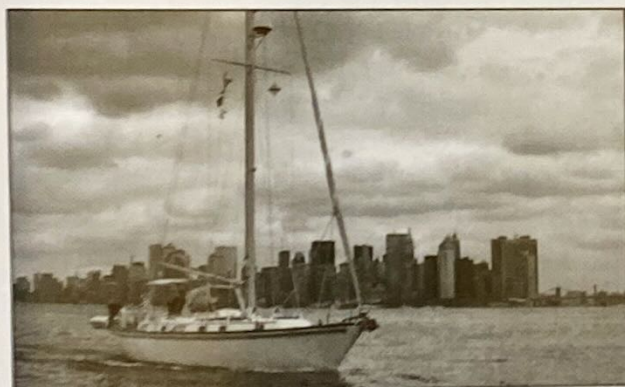

Kariana heads for Port Jefferson at first light. *Arcadia* and *Maggie Lee* head for Mattituck and will meet *Kariana* in Port Jefferson tomorrow. The L.I. Sound crossing turns out to be a beautiful sail, despite the fact that *Maggie Lee* is taking on water from a rotted sink hose in the head. Shutting the thru hull fixes the problem. We anchor at the head of Mattituck Inlet and enjoy this serene anchorage. The next day *Arcadia* and *Maggie Lee* head for Port Jefferson to meet *Kariana*. Bad weather is coming, so we leave the boats on moorings and head home by car.

Wednesday July 22nd:

It's off to Manhasset Bay for two days, then through Manhattan and on to Sheepshead Bay. We pick up free town moorings (the yellow ones) in Manhasset Bay and spend a quiet night on board. The next night, despite pouring rain and howling winds, *Arcadia* and *Maggie Lee* take the launch in for dinner at a unique Turkish restaurant. Only *Kariana* has the good sense to stay on board.

Friday July 24th:

Beautiful sunny morning. We arrive at Rockaway Inlet at the same time as Bob and Peggy Van Tassal who are bringing their new boat home from Barnegat Bay. We all pick up moorings and head for a tour of Bob's new boat. What a great evening we have together and a great cruise.

Two Week Cruise -To The Martha's Vineyard

June 26 - July 12 The Consensus Cruise

from Bob Bennett, Peg Daisley,
Sandy Carlberg and Sue Montana

Jeff Mattera was all set to lead this cruise. He had developed a detailed itinerary and collected lots of information about our destinations. Unfortunately, problems with *Eagle's Wings* prevented him from making the trip, and we were left to fend for ourselves, though we owe a tremendous debt of gratitude to Jeff for his work and guidance. In Jeff's absence, *Habanero* was tapped to take the role of the lead boat, although in truth, it was a group of seasoned cruisers and everyone pitched in to make it a great trip. Thus, we have dubbed it the Consensus Cruise.

Saturday June 27

On the first day, the fleet convened at Cormorant Point in Hampton Bays, and various boats chose different routes based on their starting location and draft. We all kept in touch via the VHF throughout the day. *Maggie Lee*, *Charisma*, *della.calm*, and *Habanero* opted to take the inside route through the bays. Once again, severe shoaling had been reported in Moriches Bay near the Coast Guard station, but this time we were prepared. Sue contacted Tow Boat Moriches in advance and grilled them on their local knowledge. Charlie Becker, who was also unable to join the fleet at the last minute, even provided colored electronic charts marking the way using GPS positions. High tide that day was 1219. *della.calm*, for whom draft (and work schedule) was not as much of a concern, had left on Friday and anchored overnight in Westhampton Beach. *Charisma* and *Maggie Lee* had left earlier in the morning to get a head start, a decision which turned out to be fruitless. *Charisma* found the bottom between buoys 26 and 27. Tow Boat Moriches advised them to drop anchor and wait it out until the tide came up. By the time *Habanero* arrived on the scene at 1130, the tide had come up sufficiently for them to give it another go, so as *Habanero* led the way, *Charisma* and *Maggie Lee* (both single-handed) raised their anchors and followed behind. The three boats formed a tight group the rest of the day, and there were no more incidents. As we entered Shinnecock Bay under the Ponquogue bridge, the rest of the fleet, who had gone out Fire Island Inlet that morning were entering the Shinnecock Inlet, and we all arrived at the Cormorant Point anchorage at the same time. Most of us were pooped from the long day and didn't have dinks in the water, so we held our first rendezvous via conference call on the VHF. And that was when we learned that *Blue Horizon* could hear us all on the radio, but was unable to transmit. This problem would plague them the rest of the cruise. Present were *Arcadia*, *Blue Horizon*, *Captain's Lady*, *Silent P*, *Charisma*, *della.calm*, *Kariana*, *Maggie Lee*, *Phoebe Rose*, and *Habanero*. *Miss Viv*, Commodore Bill Grauer's *Pearson 26* from the east end of Long Island, and *Classy Lady* was set to meet us in Block Island.

Sunday June 28

The fleet raised anchor and set off at 0600 for Block Island. What a nice surprise to hear Margaret of *Maggie Lee* answer the roll call as we motored like a line of ducks following its mother! The first of the inevitable crew rotation and swapping had commenced! We motored sailed with light winds in misty and cold conditions, but the sun finally came out as we approached Block Island. There were no town moorings to be found, so we started to look for a place to anchor. *Captain's Lady* contacted the harbormaster and he directed us to private moorings that had been vacated for the night. The new rule allows you to stay on a private mooring overnight for the normal mooring fee of \$40, but you have to be off in the morning. This meant that we would need to be up early in the morning to troll the

Two Week Cruise -To The Martha's Vineyard

mooring field in search of boats that were leaving their town mooring. So much for sleeping in on the lay-day. We found *Miss Viv* already anchored in the Great Salt Pond when we arrived, and Bill came by for happy hour, and joined some of us for dinner at The Oar. Before we knew it, he had headed back to the Peconic Bay. But where was *Classy Lady*?

Monday June 29

"Finding a mooring in Block is like finding a parking space in Manhattan." Once the mooring situation was under control, we had a great day ahead of us. Everyone went their separate ways. The crew of the *Habanero* rented bicycles and explored the island. It was agreed that the fleet would meet at 1500 for drinks at the Spring House, overlooking the Block Island Sound.

Tuesday June 30

We dropped our moorings at 0700, bound for Cuttyhunk Island. The weather started off clear, but fog began to roll in as we approached the north tip of Block Island. *Kariana* was equipped with radar, so they led the way and kept us informed about any other traffic, and also verified that our radar reflectors were operational. Around 1230, as we were approaching the Buzzards Bay entrance, *Kariana* hailed the fleet on the radio to make a suggestion. The wind, current, and weather conditions were ideal for continuing east through Vineyard Sound, and the forecast for the next couple of days did not look good. Dennis' recommendation was to forgo Cuttyhunk and proceed directly to Edgartown. As much as we really wanted to visit Cuttyhunk, which is one of the last remaining unspoiled cruising destinations, there was consensus, so we altered course into Vineyard Sound. *Blue Horizon* had been leading the fleet and was almost to Cuttyhunk when the order came to change course, so they proceeded east and came through Quicks Hole to meet us. Of course, without outgoing radio transmission capabilities, they heard the radio conversation but could not respond. Fortunately we had all exchanged cell phone numbers, so they were able to acknowledge the course change. On our way to Martha's Vineyard, the fleet was forced to split up again. Because of the extreme difficulty in getting mooring reservations in Edgartown for 4th of July (mooring reservations were completely sold out within minutes after the harbor master first started taking them in March), some boats had opted to stay in Vineyard Haven instead. *Charisma*, *Maggie Lee*, and *Arcadia* left us at the mouth of Vineyard Haven Harbor to pick up moorings there. As we approached Edgartown harbor, we saw an enormous power yacht anchored in the outer harbor, and a tall mast belonging to a sailboat next to it. As we got closer to the yacht, we realized the the tall mast belonged to a 74-foot sailboat that was sitting in a cradle on the deck of the yacht, next to an enormous lift that was used to lower the sailboat to the water. The yacht was named "*Le Grand Bleu*", and it is 377 feet LOA. Still no word from *Classy Lady*.

July 1 - 5

A powerful storm in 2007 knocked open a breach at North Point Beach, creating an opening into Katama Bay. This has caused a strong current to run through Edgartown Harbor and made dinghy rides in the harbor more adventurous. The original itinerary had given us three lay days in Martha's Vineyard, and now we had an extra bonus lay day to explore this fantastic island. Plenty of time to catch up on boat chores, enjoy food, drink and shopping, watch the parade and, since the captains of *Kariana* and *Phoebe Rose* were on this cruise, eat ice cream! The *della.calm* crew made pursuit of the ultimate lobster roll their mission. One

Two Week Cruise -To The Martha's Vineyard

advantage to spending so many days at such a wide ranging destination is that there is something for everyone. There is a comprehensive bus system on the island, where for a very modest fee we bought passes for our entire stay. The scenery and citizenry at each area is completely different. From the quaint fishing village atmosphere at Menemsha, to the young and wild scene at Oak Bluffs, hoity toidy Vineyard Haven, and yachty Edgartown. Bob Sheppard informed the fleet, "If you haven't been to the Black Dog for breakfast, you haven't been to Vineyard Haven." So, not to insult our Past Commodore, off we went. Table for 22 please! After breakfast, and only in Vineyard Haven, we experienced a wicked hail storm. Large chunks of ice fell from the sky, along with another torrential downpour, and the streets were flooded. On July 2, *Captain's Lady's* captain celebrated his 62nd birthday on mooring 62 and informed the fleet at the evening's radio roll call, "I have to go to bed by 9. I'm a senior citizen now." On July 3, a handful of cruisers attended a concert at St. Andrews Church put on by the Vineyard Sound, an a cappella group, all young college men. Our Fleet Chaplain was resting his eyes in a pew at the church when Bob Sheppard snapped a photo and said, "I'm sending this to the Bishop." Always quick on his feet, Dick replied, "He's sleeping 5 rows behind you." The intrepid captain of *Classy Lady* was making his way towards the fleet, single handed and trying to coordinate pickup of his crew. He checked in with us daily, and hoped to "be there tomorrow".

Sunday July 5 - 6

The fleet splits up for the first time. *Blue Horizon* headed back homeward, although they didn't make it into Coecles Harbor in the dark without a little help from their friends, Tow Boat US. *Kariana*, *Arcadia* and *Maggie Lee* were fortunate enough to spend a little more time on Martha's Vineyard. They would head a little farther north and east, before taking the Long Island Sound route back to the Bay. Many in the fleet were lamenting the loss of *Kariana's* radar and hoping there wouldn't be any fog. As part of the consensus process, different people had called to locate resting places for the fleet. Doesn't the Olde New Bedford Yacht Club sound charming? Somehow we didn't realize the full name of the place was **Captain Leroy's** Olde New Bedford YC! Yes, it was a commercial fishing pier, complete with surly dockmaster and, um, how do we say 'rustic' facilities? We tied up in our slips and at low tide our decks were several feet below the dock. We clamored up rickety ladders to get off the boat. *Charisma* had wisely chosen a mooring and was spared this indignity. After we all tied up, we see *Classy Lady* pulling into a slip! Captain Phil had some great stories of his travels at happy hour that evening, and we were all happy to see his smiling first mate, Jacky. New Bedford is an old whaling city, and it boasts an incredible Whaling Museum. We spent the good part of a day there and didn't quite see it all. From massive skeletons hanging from the ceiling, to tackle, replica of crew accommodations, tales, facts and figures, and even a movie shot on board a ship at the beginning of the moving picture phenomenon, the museum provided a chilling look into the dangerous and barbaric practice that fueled the world 100 years ago. It makes me wonder what practices of today will be looked upon with disdain in the 2100's.

July 7 - 8

Dense fog delayed our departure, but we set off at 1000. Again the cruise splits up. *Silent P*, *della.calm*, *Silent P*, and *Phoebe Rose* set off to Cuttyhunk. *Classy Lady*, *Captain's Lady*, *Charisma* and *Habanero* headed to Newport. It was a brisk sail and the wind and waves were building throughout the day. The entire trip we watched wicked rain clouds running along the mainland, and we were prepared

Two Week Cruise -To The Martha's Vineyard

to duck into either Westport or the Sakonnet River if it got bad. *Habanero* had Doppler radar available via the computer, so we were able to see approaching rain storms pretty clearly. There was one tense moment when the leader of the pack (not saying who!) missed a critical marker on the chart and almost ran the fleet onto the rocky shoals off Sakonnet Point, but we corrected course at the last minute. As soon as we entered Newport Harbor, a wicked rain storm hit!

The Newport crews met at the Black Pearl amid a deluge for Dark & Stormy drinks, and fabulous seafood dinners. *Classy Lady* departed Newport Wednesday and the rest of the Newport cruisers had a lovely dinner and too much wine aboard *Captain's Lady*. The Cuttyhunk contingent set off for Block Island. On Thursday morning, the sails were up before we left the mooring field and the iron genny was quieted until we reached the BI2 buoy. It was a fabulous run and reach all the way! Once we get the sails balanced, *Habanero* flies on a wing and wing course. We met up with the rest of the group in Great Salt Pond and *Silent P* was our happy hour hosts. Was it raining again? Someone asked *Silent P* about the cost of their enclosure, to which Helen replied, "it was worth every penny and then some". Sadly, the topic of discussion turns to making our way back home. Sometimes the tides and currents are favorable for the passage back to our home waters, and sometimes they are not. Bob on *Habanero* felt the ideal time to leave would have been midnight. Cross Block Island Sound in the dark, then as the sun was rising have good visibility to see the fishing boats off Montauk, shoot around the point with the current, enter Shinnecock at the start of flood and flood all the way through the inside back to Sayville. But alas, the rest of the group didn't go for it. Instead everyone up-anchored between 4 and 6am as the crews could bear. Following Fleet Captain Della's advice, we gave Montauk Point a wide berth to minimize the adverse current and it worked like a charm! We all split up again as *Charisma*, *della.calm* and *Habanero* headed to Westhampton and anchored in the little cove just south of the town. The rest of the fleet anchored in Cormorant Point. The transit through the inside was beautiful and fragrant, as we passed the homes in the canals; it was calm and deep enough as we transited Moriches Bay, and we were home in no time. Overall this was a great cruise. The weather was cool, the company wonderful, and we got to do quite a bit of sailing considering how much motoring we often wind up doing on a cruise. We all missed Jeff terribly and many kept in regular contact with him throughout the cruise. All the research and preparation he did, accompanied by the vast experience of the crews along, made it fun, easy and enjoyable. Thank you all!

Two Week Cruise -To The Martha's Vineyard

Two Week Cruise -To The North Shore

June 26 - July 12 from Dorothy Becker

Go West Old Salts

The captains and crews of *Vixen*, *Counterpoint*, and *Silhouette* decided to reverse direction this year and head west. We would motor up the East River and cruise the north shore of Long Island. All was set for a June 25 departure. Best laid plans, as the saying goes, did go awry. The day before we were to leave, *Vixen's* mate had a dental surgery emergency. That emergency cancelled the cruise for *Vixen*. In great disappointment *Counterpoint* and *Silhouette* decided to soldier on without our cruise captain and mate.

Counterpoint and *Silhouette* set a rendezvous for the Lindenhurst Cut in the State Boat Channel, and almost to the minute, met and motored towards the first bridge on the way to a Short Beach anchorage, before heading out Jones' Inlet the next day. Before going any further with the cruise adventures, we must point out that Joyce Gotard, the mate, crew, and all around "Strong Woman" on *Silhouette* is also a fantastic communicator with bridge tenders. Anyone contemplating transiting waterways that require bridge openings should think about having Joyce on board. The next morning, we breezed through the two bridges and left on an uneventful and fairly calm motor sail to Sheepshead Bay. We arrived quite early at the Sheepshead Bay Yacht Club. We had a great dinner at Maria's and got back to the boats in time for an horrendous thunderstorm.

We weathered that storm and left the next morning for a tour of New York Harbor, the East River, and a mooring in Port Washington. As we left Rockaway Inlet (which fortunately was calm), *Silhouette* had an engine glitch and shut down. Yet there was no problem. The atomic four expert predicted no more than a 15 minute delay. True to form *Silhouette* was fixed and under way in less than that time. The views of Miss Liberty and all the buildings in Manhattan were, as always, thrilling. Further thrills awaited us as we zipped through Hell Gate at over 10 knots. White water rafting in a sailboat is quite something. We waved to the guys at Riker's, ducked as the planes landed at LaGuardia, and picked up moorings at the North Shore Yacht Club in Manhasset Bay. We were royally entertained that evening at the beautiful home of Maryellen and Merritt Warsaw (*Broadbill*). They went out of their way to make things delicious and comfortable for us. Jeff Mattera (*Eagle's Wings*) joined us for dinner.

We spent another day at NSYC and set out on June 29 for Oyster Bay. We motor sailed to Oyster Bay and ended up rafted together outside a mooring field at the east end of Oyster Bay Cove. It was quite beautiful and peaceful. The next day we dinghied to the dock at Oyster Bay Marine and found that it actually was a short walk into town. We dined with friends that night at a casual spot in town.

The next day we were able to sail part of the way to Northport and the Northport Yacht Club. *Vixen's* mate and captain met us (by car) at Northport and spent the afternoon with us. We all had dinner at the yacht club. Here is a caveat. You can wear shorts in the dining room but jeans are a no-no. Another caveat – many yacht clubs will not take credit cards for moorings. Make sure you have cash with you. We had another lay day in Northport and spent the afternoon in town, under threatening skies, eating sandwiches and visiting the historical society.

Two Week Cruise -To The North Shore

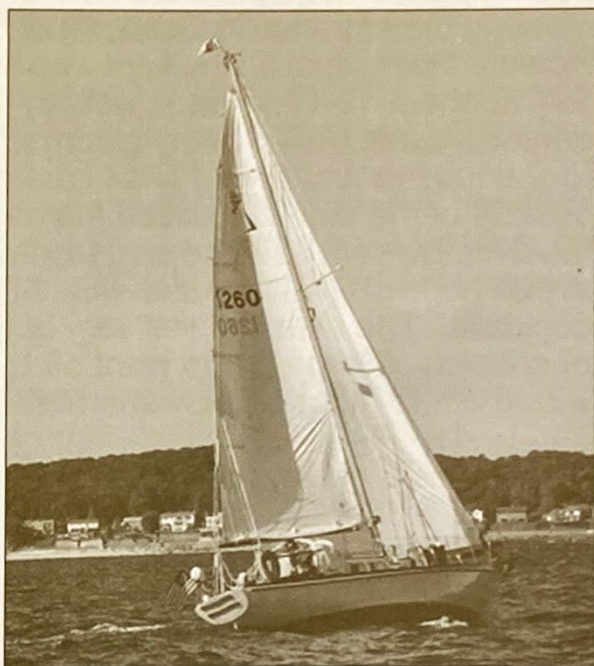

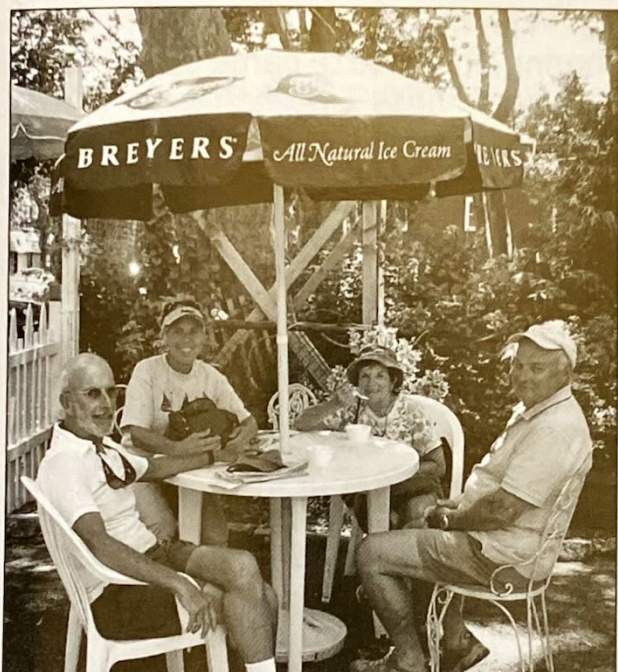

Northport was our eastern most destination and so we headed west to Cold Spring Harbor the next day. We refueled at Poule's Marina that is hidden away in a corner. After fueling, we turned around and headed out to another yacht club called the Beach Club. We picked up moorings there. The Beach Club is very big into tennis and swimming with walls filled with plaques commemorating champions going back decades. They also specialize in very expensive ice cream cones not to mention dinners. Colleen and Vince Piazza (*Atlantic Rhythm*) were coming the next day to spend two days on *Silhouette*, so Vince delivered some of their luggage that afternoon and then drove us to town. We walked the few blocks of Cold Spring Harbor. The walk back to the Beach Club wasn't too long, but the road was a bit curvy with steady traffic. There were lots of fireworks from Connecticut that night (July 3). The wind picked up on July 4. All the north shore sailboats took off for the Sound. We stayed on the moorings and walked into town and visited the local historical society. Vince and Colleen joined the four of us on *Counterpoint* for cocktail hour. We celebrated the 4th in our usual cocktail hour way and prepared for a departure the next day for City Island.

We motor sailed to City Island and arrived at the Harlem Yacht Club at about 11:00AM. The members at the HYC are very friendly and hospitable. Spent a lazy afternoon and went ashore for a good dinner at Artie's, which is right down the block from the HYC. Colleen and Vince left early the next morning for a bus and train ride home. Later that morning, the four of us from *Counterpoint* and *Silhouette* went on a tour of City Island led by our indefatigable guide, Joyce. We entered the very nicely appointed City Island YC where Joyce said *Silhouette* had been in a previous year. There was no one at the Stuyvesant YC to talk to, so we strolled our way back to the HYC, stopping for ice cream at a cute shop called Lickety Split.

The next day was our push to head home down the East River. Thunderstorms were predicted for the PM. We left the mooring at 8:00AM and reached a calm Hell Gate at 10:30AM. It seemed like a very long trip down the river. We motored through Buttermilk Channel and got a view of the Brooklyn side of Governor's Island. The weather kept threatening and after much consultation by cell phone and radio we decided to make a run for East Rockaway Inlet. We were almost successful in beating the storm. About fifteen minutes from the sea buoy, the storm hit us. The ocean got nasty and the rain poured down. We were able to winch in the jenny with difficulty and made an exciting passage through East Rockaway Inlet. Some of us were not too happy, but we did get inside without mishap. The waters calmed down once we were inside, but the rain did not. Fortunately, we didn't have to wait too long for the opening of the Atlantic Beach Bridge. Joyce with her great communicating skills contacted the bridge tender. A large fishing boat very nicely let us through first, since we had the current with us. *Silhouette* led us through the channel and we arrived at Bannister Bay soaking wet but safe. We anchored in front of what looked like a Venetian palazzo and spent the night. It was very windy at one point. We discovered the next day that there had been quite a damaging storm in Westchester County. Luckily it did not hit us.

July 8 dawned clear and we were able to up the anchor and leave by 8:30 AM. *Silhouette* led us through five more bridges and an interesting trip on the inside. At last we were back in the Great South Bay. The cruise ended peacefully in the early afternoon, when we reached our home ports.

Two Week Cruise -To The North Shore

One Week Cruise - Around The Bay

August 9 - 14 from Della Bucher

Aug. 9 - The fleet awoke to a very cloudy morning in the Connetquot River with a SSE breeze blowing 5 - 10 knots. After listening to NOAA, the decision was made to stay in the "River" until Monday when a more weather friendly day was predicted. 25 boats were anchored, but by the end of day many of the fleet had left for their home port. At 1630 hrs *della.calm* hosted the evening rendezvous. Events for the next day were given to the 13 remaining boat Captains and crew. The evening was balmy with a light breeze making for sweet dreams.

Aug. 10 - NOAA was right!! We woke to a sunny morning with a light NW breeze, but made aware that the day would be very sunny and HOT. The fleet departed at their leisure noting their start time as they passed the buoy marking the entrance to Connetquot River. The race ended at buoy R "39" off Howells Point. Just as the fleet was anchoring, the breeze came up out of the SW at about 10-12 knots -- wouldn't you know! *Miss Liberty II* experienced engine trouble while motoring across Patchogue Bay and *Counterpoint* came to the rescue and towed *Miss Liberty II* to Bellport Harbor. During the day, several of the men discussed the problem and one theory was that possibly the overflow vent could be clogged thus blocking air circulation to the fuel tank. We all hope it's no more than that. At 1630 hrs, we gathered at the gazebo for cocktails. The evening was very hot, but we all enjoyed the wonderful array of snacks. A large group went off to dine in Bellport Village, I walked along with them to get a nice icy sherbert. A lovely way to end an evening.

Aug.11 - After a very peaceful evening at anchor, most of the fleet departed between 6:30 - 7:30 hrs to sail to Atlantique. A light NW wind and rapidly clearing skies gave the fleet a great sail over to Fire Island. It was wonderful to be out on the bay on such a morning. The Atlantique Marina was filling fast, but most of the fleet found slips. The wind died about then and for the rest of the day it was HOT. Games for the children were held at 1400 hrs with some wonderful BIG kids (Adriana, Joyce, & Margaret) filling in to make up the teams. Lollipops were given to all as well as bangle bracelets for the girls and racing cars for the boys. The rest of the evening was left to your own devices except for the kids, 8 in all, who enjoyed a movie aboard *della.calm*. *Monsters, Inc* was a hit as were the cookies.

Aug 12 - Wednesday dawned cloudy and cool with rain in the forecast. Sally and Bill were in a quandary as to Bar-b-que or no Bar-b-que. After much deliberation, they decided to go ahead as planned. They made a very wet and rough ride over to the Mainland for their supplies. At 1100 hrs it was decided to go ahead with the games on the beach for the adults. Twenty seven hearty souls turned out to play. These were "no impact on the body" games and seemed to be enjoyed by all who participated. Make no mistake about their competitiveness, they were tough and wanted to win! Dum-dum lollipops were the reward for their enthusiastic participation. My own personal thanks to all who came out to play and help and for giving the games your all. The Eilbeck's Bar-b-que started at 1530 hrs and even though the weather didn't cooperate, our sailors all came out with their slickers and hats on to thoroughly enjoy the great burgers, franks and fixins. The evening may have been damp, but the

One Week Cruise - Around The Bay

spirits were high. Thanks again Sally & Bill for a grand picnic and also to Jessie for his assistance in transporting the food in not such great bay conditions. The children once again gathered on *della.calm* in the evening. I read some stories and passed out some goodies. Three of the children handed in the stories they had written that will be printed in a future Masthead.

Aug. 13 - We woke once again to dark and cloudy skies and winds gusting to 25 knots. Many of our captains gathered on the dock and decided it would be prudent to remain at Atlantique for the day until the winds died down. Half the fleet left for the Mainland. Because of the change, we all spent the day in our own pursuits. At 1600 hrs, we gathered on the dock behind *della.calm* for a rendezvous. It was a large and happy group. Later, a few of us wondered over to Ocean Beach for dinner. On the way home we saw the most incredible dramatic and threatening sky in the west, but no rain came. Later that night, a crescent moon rose in a beautiful starry sky.

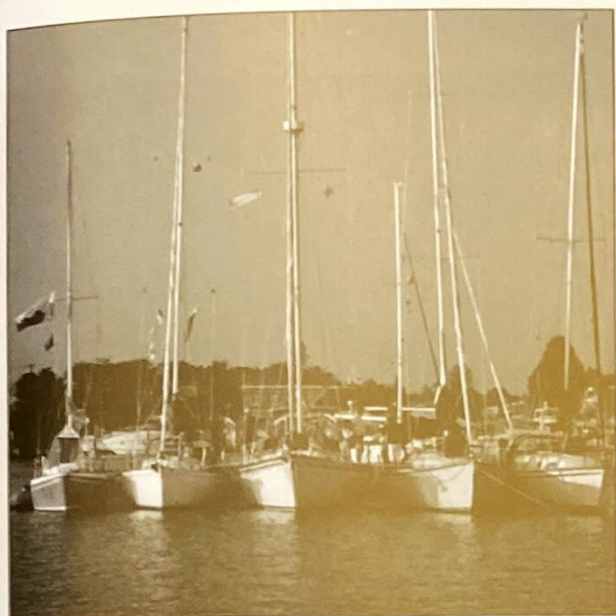

Aug 14 - The fleet awoke to a clear sky and a pleasantly cool morning. Eleven boats left Atlantique at about 1030 hrs to continue on down the bay to Coast Guard Cove for the final day of the cruise. Some of us sailed out through Dickinson's Cut while some followed *Galatea* through the Basquille Bridge, all meeting at CG cove. That evening I entertained 20 sailors for dinner aboard. From all reports, the food was good and they enjoyed their wine and the camaraderie.

All in all, it was a good cruise. We did have weather, but most of all we had friendship, good food, fun games, and I hope overall, good times for those that joined in for some of it or for all of it. As I had said in the beginning, this is my last "hurrah" as Fleet Captain. Thank you every one for the best of times, but mostly for your wonderful support.

The boats listed below attended fewer than four (4) rendezvous for the 2009 season. Names in **bold** were Rendezvous host boats.

Ailanthus, *Anjolie*, *Arcadia*, *Astarte*, *Brass Ring*, *Busman's Holiday*, *Calypso*, *Carefree*, ***Ceol na Mara***, *Charlie Noble*, *Colleen Rose*, *Cu Mara*, ***Dodona***, *Dream Voyager*, ***Drumshambo***, *Elaine'n Me*, *Esprit*, *Filibuster*, *First Light*, *Flying Wasp*, ***Grace***, *Gracie Rose*, *Harbor Light*, *Heart of Gold*, *Jacqueline*, *Kariana*, ***Kickin Back***, *Lady Barbara*, *Maggie Lee*, *Miss Gracie*, ***Mistress***, *Naiad*, *Njord*, *Pzaz*, *Rettsie*, *Runaway*, *Saga*, *Serenity*, *Shadow*, *Shoot'n the Breeze*, *South Bound*, *Spirit*, *Stealingtime*, *Sybaris*, *Vela II*, ***Voyager***, *Wild Blue II*, *Wind Call*.

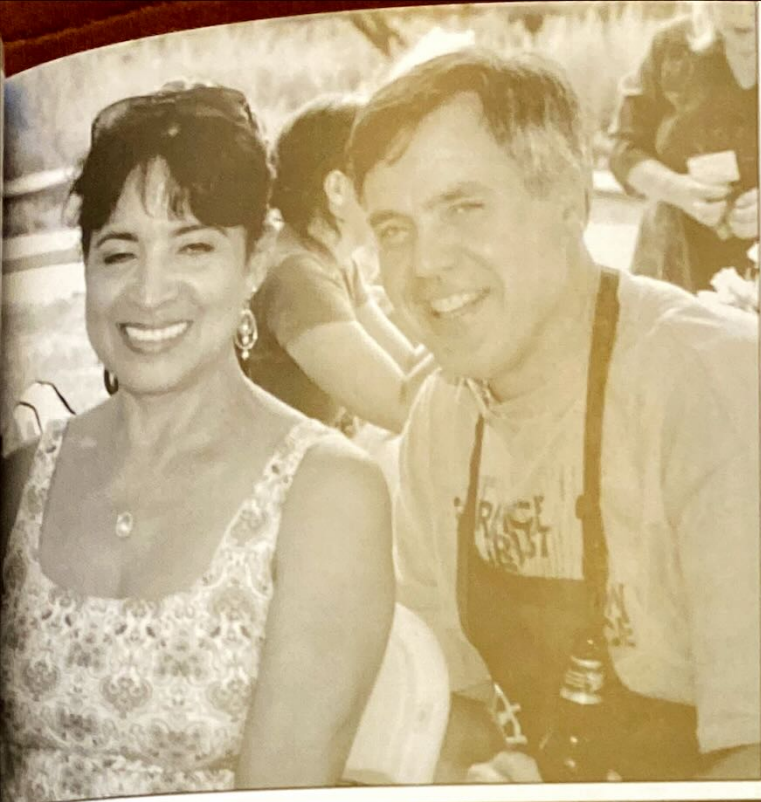

Weekend Rendezvous

72 boats attended at least 1 Rendezvous during the 2009 Season.

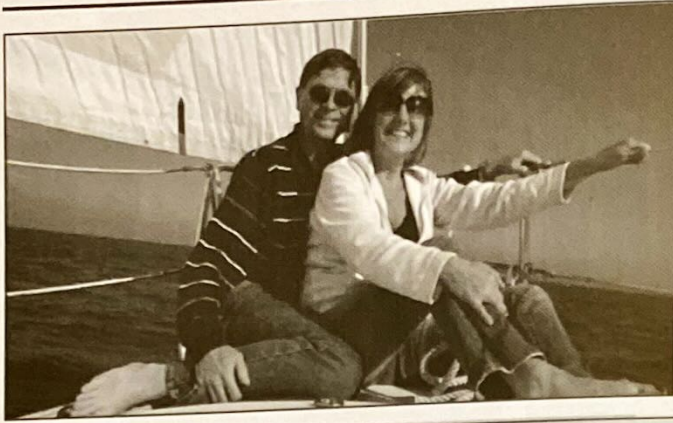

Host Boats with the highest number of attendees:

Ailanthus with 25, ***della.calm*** with 23, ***Dodona*** with 22 boats attending.

2009 Significant Accomplishments

Sheila Daytz Award:
Rich and Sue Troy
Fun Sway

**Bay Shore Twilight
Season Champion:**
Aileen Eppig
Brokher

**Babylon Twilight
Season Champion
Spinnaker:**
Aileen Eppig
Brokher

**Babylon Twilight
Season Championship
Non-Spinnaker:**
John Davis
Dragon Fly

Ken Kondor Award:
Dan and Jane Glinski
*Midnight Sun
Lady Jane*

Flags and Shapes

Flag Etiquette

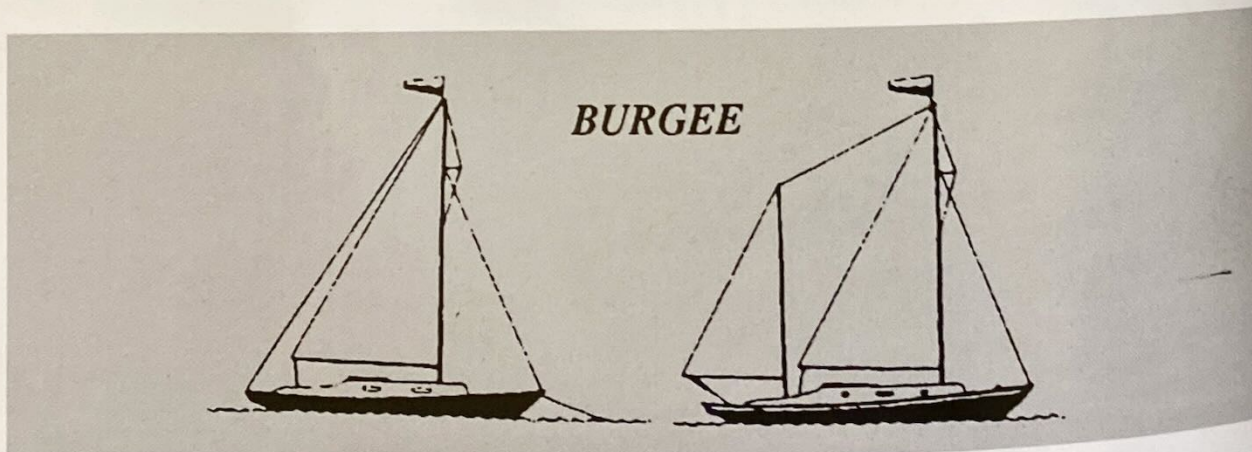

The correct display of flags, signals, and ensigns is one of the more obvious marks of a yachtsman. This code is steeped in the tradition of the sea and promotes uniformity in communication and identification between yachts. The following flag etiquette covers the signals that are used daily on small or medium sized sailing yachts.

Ensign

The ensign is displayed between morning and evening colors (0800 and sunset).

1. At anchor or under power: at the stern staff.
2. Under sail: at the stern staff if not racing and if the boom does not overhang, or at the after-peak of a gaff-rigged sail; or 2/3 of the way up the leach of an after-most marconi-rigged sail.

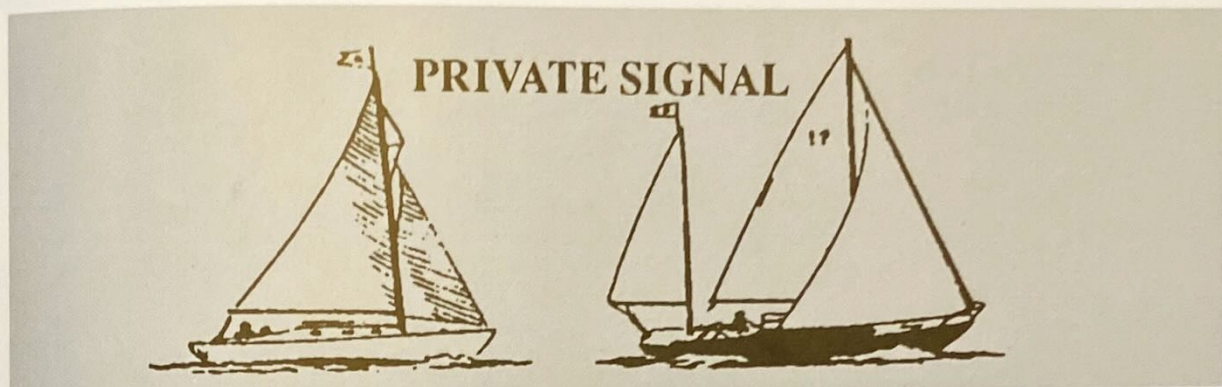

The Burgee

The Club burgee is displayed whenever the ensign is displayed, but may also be displayed separately, between morning and evening colors, or by day and night, while at anchor or under way on:

1. The masthead of single-masted yachts.
2. The forward masthead of two-masted yachts.
3. The burgee should be replaced with a suitable wind indicator while racing.
4. The burgee, in current days, is often flown from the starboard spreader. It is not acceptable to fly the burgee from any other location.

Flags and Shapes

Flag Etiquette

The Private Signal

The owner's private signal may be displayed by day and night on:

1. The masthead of single-masted yachts in place of the burgee.
2. At the after masthead of two-masted yachts, at anchor or underway.

Flag Officers' Flags

A flag officer shall display his flag both day and night in place of his private signal.

Race Committee Flag

The Race Committee flag shall be displayed at the main truck (mast head), in place of the flag otherwise there displayed only while acting as the Committee Boat.

Signal Flags

The starboard main spreader is to be used for signal flags and specific flags such as the owner absent flag and guest flag.

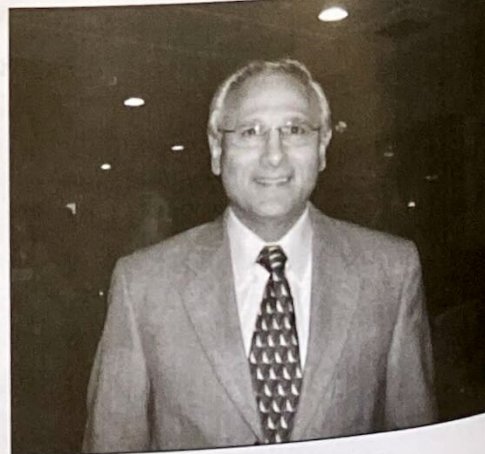

Dressing Ship

When dressing ship on Commissioning Day, Independence Day, and on other special occasions, the following order of international code flags is recommended (starting from forward): AB2, UJ1, KE3, GH6, IV5, FL4, DM7, PO 3rd repeater, RN 1st repeater, STzero, CX9, WQ8, ZY 2nd repeater. Ensigns, burgee, private signals etc. should not be included.

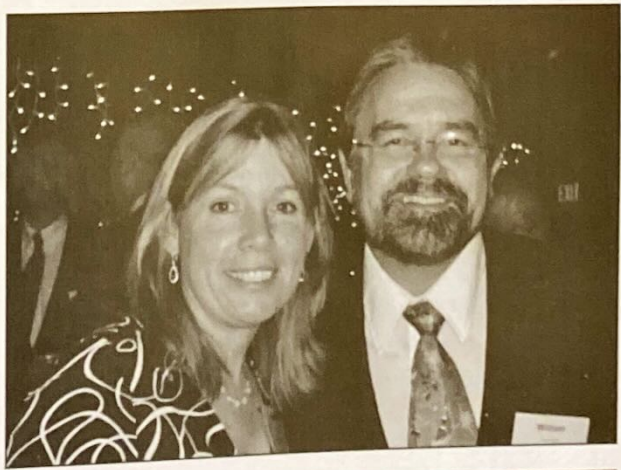

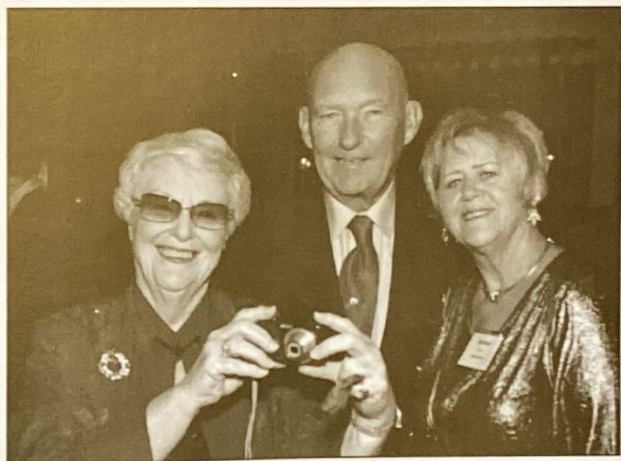

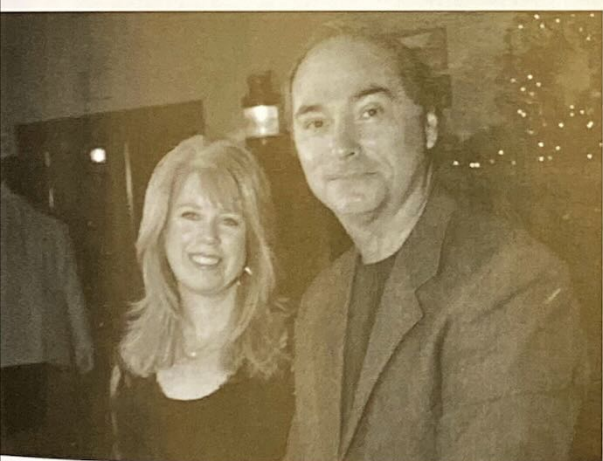

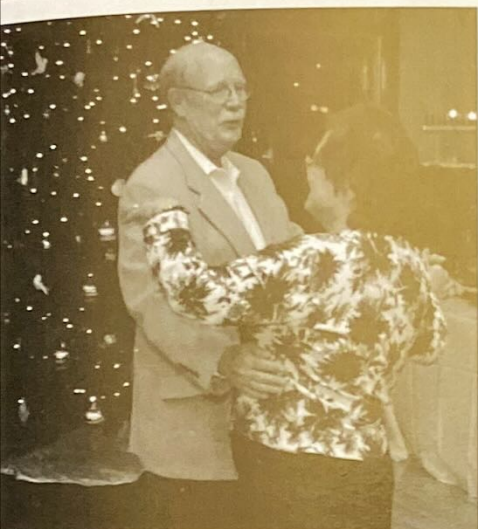

Required Shape Displays (daylight)

1. When anchored in an area other than a designated anchorage, sailing vessels must display a single, black, spherical shape. For lesser craft (those under 20 meters) the size of the shape should be "commensurate with their length".
2. When under sail and power (motorsailing), vessels are required to fly a black cone with the apex down.

C&C 25 Regatta

In Memoriam

Frances Dew
Manny Fishman
Harriet Rosenberg
Linda Schaefer
Barbara Zimmerman

The sunset at the end of day —

*At night a million stars in the sky,
Safe anchorage in an island's lee*

*And always there would be
Fair winds and a following sea*

CD Williams

Yearbook Committee Message

The events recorded here are made possible
by the South Bay Cruising Club volunteers.

This book is dedicated to them.

*A million words and a thousand pictures
could not begin to tell the story of our Club,
but it is our privilege to be allowed to try.*

SBCC 2010 Yearbook Committee

SBCC Ships Store

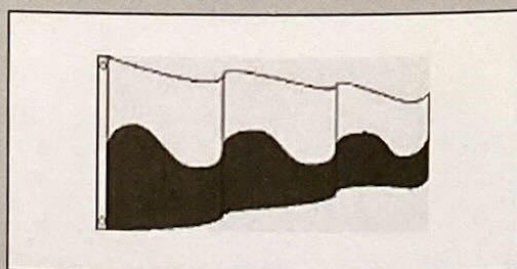

The storekeepers have the following items available to members at the prices indicated. If you wish to make a purchase, please contact the storekeepers, Richard and Ann Mourino, at richard.mourino@verizon.net or 631-589-2275.

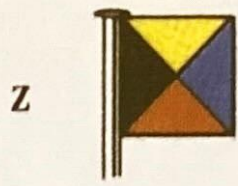

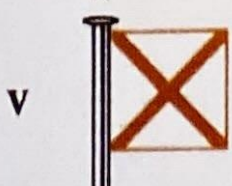

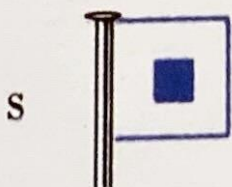

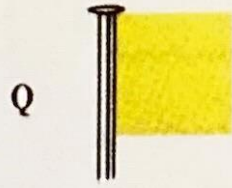

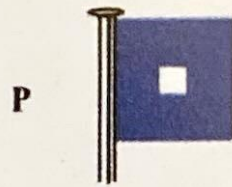

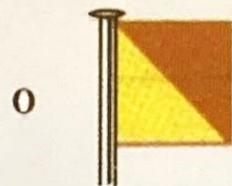

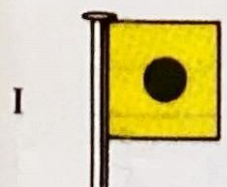

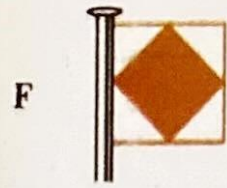

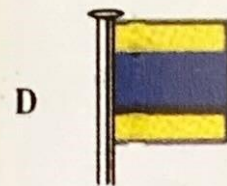

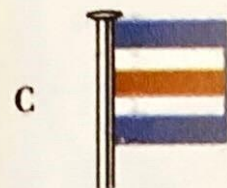

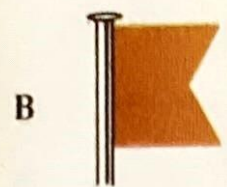

LAPEL PINS -----	\$5.00
BURGEE -----	\$17.00
CANVAS BAGS -----	\$24.00
SILK TIES - SALE!! -----	\$9.00
YEARBOOK -----	\$5.00
CRUISING GUIDE CD -----	\$10.00
VISORS -----	\$10.00
BUCKET HATS -----	\$10.00
CAPS -----	\$10.00

We now have the ability to order apparel from **Lands' End** and have our **SBCC logo** embroidered. This can be done by calling **1-800-535-3060** and providing them with our **logo reference number 0841436W** or **customer number 43578778**. You can also visit **landsend.com** and place your order. The fee for the embroidery is **\$5.50** and takes **10 days**. If you prefer to shop at a store, **Stitches and Screens** at **394 North Windsor Ave** in **Brightwaters** will also embroider our club logo on their items. Their phone number is **631-665-6299**. Their charge for the embroidery is **\$12.00**. They also have a **website** at

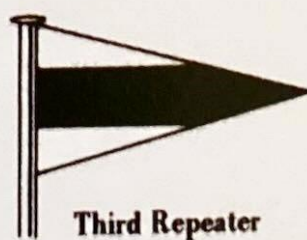

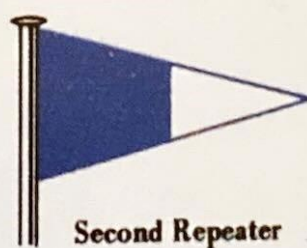

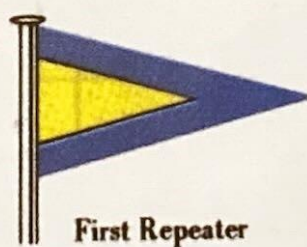

stitchesandscreens.net for your review.
